5. Setup

1. **Unpack:** Carefully remove the USB charger from its packaging.
2. **Connect to Power:** Insert the USB Type-A connector into a compatible USB power source. This can be a USB wall adapter (not included), a power bank, a computer USB port, or a car charger. Ensure the power source provides sufficient output (e.g., 5V/1A).
3. **Placement:** Place the inductive charging base on a stable, flat surface.

6. Operating Instructions

1. **Initiate Charging:** Once the charger is connected to a power source, gently place your compatible Braun Oral-B electric toothbrush onto the charging pin of the inductive base.
2. **Charging Indication:** Your toothbrush should indicate that it is charging (e.g., a blinking light on the toothbrush handle).

Refer to your toothbrush's specific manual for its charging indicator behavior.

3. **Completion:** The toothbrush will typically stop charging automatically once fully charged, or the charging indicator will change. The inductive charger is designed to automatically power off when the toothbrush is removed.

7. Maintenance

- **Cleaning:** Due to its IP67 waterproof rating, the charger can be easily cleaned with a damp cloth or rinsed under running water. Ensure the USB connector is dry before plugging it into a power source.
- **Storage:** Store the charger in a cool, dry place when not in use. Avoid extreme temperatures.
- **Inspection:** Periodically inspect the charger and cable for any signs of damage. Do not use if the cable is frayed or the base is cracked.

8. Troubleshooting

- **Toothbrush Not Charging:**
  - Ensure the USB cable is securely connected to a working power source.
  - Verify that your toothbrush model is listed as compatible.
  - Confirm the toothbrush is correctly seated on the charging pin.
  - Try a different USB power adapter or port.
- **Charger or Toothbrush Feels Warm During Charging:**
  - A slight warmth is normal during inductive charging.
  - If the charger or toothbrush becomes excessively hot, immediately disconnect it from the power source and discontinue use. Contact customer support if this persists.
- **Intermittent Charging:**
  - Check for any debris on the charging base or the bottom of the toothbrush that might interfere with the inductive connection.
  - Ensure the toothbrush is stable and not wobbling on the base.
