REY 7-Pack Screen Protector User Manual

For Decathlon KIPRUN GPS 900

PRODUCT OVERVIEW

This manual provides instructions for the REY 7-Pack Screen Protector, specifically designed for the Decathlon KIPRUN GPS 900 smartwatch. This pack includes seven premium quality screen protectors.

Key Features

- Designed for Decathlon KIPRUN GPS 900.
- Guaranteed hardness and oleophobic coating.
- Maintains screen cleanliness and improves touch sensitivity.
- 100% transparent with high contrast visibility.
- Easy application with no adhesive residue.
- Exact size: 34.5 mm.

This image shows the REY screen protector packaging alongside a screen protector positioned over a Decathlon KIPRUN GPS 900 smartwatch, illustrating the product and its intended device.

INSTALLATION GUIDE

Follow these steps carefully for optimal application of your REY screen protector.

1. **Prepare Your Device:** Ensure your Decathlon KIPRUN GPS 900 screen is completely clean and free of dust, smudges, or fingerprints. Use a microfiber cloth (not included) for best results.
2. **Align the Protector:** Carefully peel off the protective film from one side of the screen protector. Align the protector with the edges of your smartwatch screen. The exact size is 34.5 mm.
3. **Apply Gradually:** Slowly lower the screen protector onto the screen, allowing it to adhere naturally. Avoid touching the adhesive side.
4. **Remove Bubbles:** If any bubbles appear, gently push them towards the edges of the screen using a soft card (e.g., credit card) wrapped in a microfiber cloth.
5. **Final Clean:** Once applied, gently wipe the screen protector with a clean, dry microfiber cloth to remove any remaining smudges.

ULTRA-THIN

ULTRA SLIM AND TRANSPARENT

This image demonstrates the ultra-thin and transparent nature of the screen protector when applied to a smartwatch. Note: The smartwatch shown in this image is for illustrative purposes and may not be the Decathlon KIPRUN GPS 900.

This diagram highlights key features such as high responsiveness, bubble-free application, and the minimal thickness (0.125mm) of the screen protector. Note: The smartwatch shown in this image is for illustrative purposes and may not be the Decathlon KIPRUN GPS 900.

OPERATION AND USAGE

The REY screen protector is designed to maintain the full functionality and touch sensitivity of your Decathlon KIPRUN GPS 900.

- **Touch Sensitivity:** The protector is engineered to ensure excellent touch response, allowing seamless interaction with your smartwatch screen.
- **Clarity:** Enjoy 100% transparency and high contrast visibility, ensuring your screen remains clear and vibrant.
- **Oleophobic Coating:** The oleophobic coating helps resist fingerprints and smudges, keeping your screen cleaner for longer.

ULTRA CLEAR

ANTI-FINGERSPRINT OIL-RESISTANT

This image visually compares a smartwatch screen with and without the REY screen protector, emphasizing its ultra-clear display and resistance to fingerprints and oils. Note: The smartwatch shown in this image is for illustrative purposes and may not be the Decathlon KIPRUN GPS 900.

CARE AND MAINTENANCE

To ensure the longevity and clarity of your screen protector:

- **Cleaning:** Gently wipe the screen protector with a clean, soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen cleaner specifically designed for electronics.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, alcohol, or solvents, as these can damage the oleophobic coating and the protector itself.
- **Protection:** While the protector offers hardness, avoid sharp objects or excessive force that could scratch or damage it.

TROUBLESHOOTING

If you encounter any issues during or after installation, refer to the following common problems and solutions:

Problem	Solution
Bubbles under the protector	Gently lift the nearest edge of the protector and re-apply, pushing the bubble towards the edge with a soft card. Ensure the screen is dust-free before re-application.
Protector not adhering properly	Ensure the screen is thoroughly cleaned and dry before application. Press firmly but gently across the entire surface.
Reduced touch sensitivity	Verify the protector is correctly aligned and fully adhered. If issues persist, ensure your smartwatch's touch settings are optimized.
Scratches on the protector	The screen protector is designed to absorb scratches to protect your device's original screen. If scratches become too prominent, replace the protector with a new one from the pack.

ROUND-EDGE FIT DESIGN TOTAL PROTECTION

OTHERS

OUR PROTECTOR

This image illustrates the superior round-edge fit design of the REY screen protector compared to others, which provides more comprehensive protection for the smartwatch screen. Note: The smartwatch shown in this image is for illustrative purposes and may not be the Decathlon KIPRUN GPS 900.
