PACKAGE CONTENTS

Upon opening the package, please ensure all the following items are present:

- 1 x Cuifati Flip Phone

- 1 x Data Cable (Micro USB)
- 1 x Instruction Manual

SETUP GUIDE

1. Inserting the SIM Card

This phone uses a Micro SIM card. Ensure your SIM card is GSM enabled and supports 2G GSM frequencies (850/900/1800/1900MHz). Compatible carriers include T-Mobile (in some states), LYCAMOBILE, SPEEDTALK, TING GSM, and SIMPLE MOBILE.

1. Locate the SIM card slot on the device. This is typically found under the battery cover or on the side.
2. Carefully insert the Micro SIM card into the designated slot with the gold contacts facing down, ensuring it clicks into place.

2. Charging the Battery

The phone comes with a built-in 300mAh Lithium Battery. It is recommended to fully charge the phone before first use.

1. Connect the provided Micro USB data cable to the charging port on the phone.
2. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator on the screen will show the charging status. Disconnect the charger once the battery is full.
