## SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using this product. Failure to follow these instructions may result in injury or product damage.

- **Weight Capacity:** Do not exceed the maximum weight capacity of **66 pounds (30 kg)** for the entire cart. Each individual basket can hold up to 22 pounds (10 kg).
- **Stability:** Use caution when moving the cart, especially on uneven surfaces, to prevent tipping. Distribute weight evenly across the baskets.
- **Small Parts:** Keep all small parts and packaging materials out of reach of young children to prevent choking hazards.
- **Assembly:** Always follow the assembly instructions carefully. Ensure all screws and connections are securely tightened before use.
- **Placement:** Avoid placing the cart in areas where it could obstruct pathways or be easily knocked over.

## PARTS LIST

Before assembly, verify that all components are present and undamaged. Refer to the diagram below for identification.

## **MAINTENANCE**

### **Cleaning**

# Mesh Bottom Design

Waterproof, Rustproof and Anti-corrosion, Easy Cleaning

*Image: Detail of the mesh basket bottom, designed for ventilation and easy cleaning.*

- The cart features mesh baskets for better ventilation, helping to keep contents dry.
- The powder-coated steel construction is waterproof, rustproof, and anti-corrosion.
- To clean, wipe surfaces with a damp cloth and mild detergent. Dry thoroughly.
- **Product Care Instructions:** Hand Wash Only. Avoid abrasive cleaners or scouring pads that could damage the finish.

## Inspection

- Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- Inspect wheels for any debris or damage that might hinder smooth movement. Clean or replace if needed.

## TROUBLESHOOTING

- **Cart is unstable:** Ensure all assembly screws are fully tightened. Verify that weight is distributed evenly across the baskets.

- **Wheels are not rolling smoothly:** Check for debris (hair, lint) caught in the wheels. Ensure the wheel locks are disengaged.
- **Items falling out of baskets:** The basket depth is 2.8 inches (7 cm). For very small items, consider using containers or liners within the baskets.
