SMIBUY SBBWC-M-W001

SMIBUY Bathroom Mirror Cabinet Wall Mounted

Model: SBBWC-M-W001

INTRODUCTION

This manual provides comprehensive instructions for the assembly, installation, and maintenance of your SMIBUY Bathroom Mirror Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This wall-mounted cabinet is designed to offer practical storage and a reflective surface, optimizing space in your bathroom.

SAFETY INFORMATION

- Always follow the assembly and installation instructions precisely.
- Do not overtighten screws, especially when working with bamboo, as it is prone to cracking.
- Ensure the cabinet is securely mounted to a sturdy wall structure to prevent falling.
- Keep small parts and hardware away from children to prevent choking hazards.
- Use appropriate tools for assembly and installation.

PACKAGE CONTENTS

Parts List

Part	Description	Quantity
A	Top Panel	1
B	Left Side Panel	1

Part	Description	Quantity
C	Right Side Panel	1
D	Bottom Shelf (Left Section)	1
E	Base Panel (Right Section)	1
F	Vertical Divider (Left Section)	1
G	Adjustable Shelf	1
H	Small Shelf (Left Section)	1
I	Mirror Door	1
J	Back Panel (Top)	1
K	Back Panel (Middle)	1
L	Back Panel (Bottom Left)	1
M	Back Panel (Right)	1
N	Back Panel (Bottom Right)	1

Hardware List

Hardware	Description	Quantity
S1	Wood Screws	29
S2	Small Screws for Hinges	12
S3	Shelf Pins	4
S4	Hinges	2

Video: Official SMIBUY Bathroom Mirror Cabinet Installation Video. This video provides a step-by-step visual guide for assembling and mounting the cabinet.

- Step 1: Assemble the Left Section Base.** Attach part F (Vertical Divider) to part E (Base Panel, Right Section). Secure them using S1 wood screws and the S6 hex key. **Important: Do not overtighten screws; bamboo is prone to cracking.**
- Step 2: Add Small Shelf.** Attach part H (Small Shelf, Left Section) to the assembly from Step 1. Secure with S1 wood screws.
- Step 3: Attach Side Panels.** Attach part B (Left Side Panel) and part D (Bottom Shelf, Left Section) to the main assembly. Secure with S1 wood screws and the S6 hex key.
- Step 4: Attach Back Panels.** Attach part K (Back Panel, Middle) to the rear of the cabinet structure. Secure with S1 wood screws.

5. **Step 5: Complete Bottom Back Panels.** Attach part L (Back Panel, Bottom Left) and part N (Back Panel, Bottom Right) to the lower rear section. Secure with S1 wood screws and the S6 hex key.
6. **Step 6: Attach Right Side Panel.** Attach part C (Right Side Panel) to the cabinet structure. Secure with S1 wood screws and the S6 hex key.
7. **Step 7: Attach Main Back Panel.** Attach part M (Back Panel, Right) to the larger rear section of the cabinet. Secure with S1 wood screws.
8. **Step 8: Attach Top Back Panel.** Attach part J (Back Panel, Top) to the upper rear section. Secure with S1 wood screws.
9. **Step 9: Attach Top Panel.** Place part A (Top Panel) onto the assembled structure. Secure with S1 wood screws and the S6 hex key. **Important: Do not overtighten screws.**
10. **Step 10: Install Mirror Door.** Attach part I (Mirror Door) to the cabinet using S4 hinges. Secure the hinges with S2 small screws. Ensure the door opens and closes smoothly.
11. **Step 11: Insert Shelf Pins.** Insert the S3 shelf pins into the desired holes for the adjustable shelf.
12. **Step 12: Place Adjustable Shelf.** Place part G (Adjustable Shelf) onto the installed shelf pins.

INSTALLATION INSTRUCTIONS

Once assembled, follow these steps to securely mount your cabinet to the wall. Refer to the official installation video for visual guidance.

1. **Step 1: Mark Drilling Points.** Hold the assembled cabinet against the wall at the desired height and location. Use a pencil to mark the positions for the mounting holes. Ensure the marks are level.
2. **Step 2: Drill Holes.** Using an appropriate drill bit for your wall type, drill pilot holes at the marked positions.
3. **Step 3: Insert Wall Anchors.** Insert the S5 wall anchors into the drilled holes. Tap gently with a hammer if necessary until they are flush with the wall surface.
4. **Step 4: Mount Cabinet.** Align the cabinet's mounting holes with the wall anchors. Insert the S5 screws through the cabinet and into the wall anchors. Tighten the screws until the cabinet is secure against the wall. **Important: Do not overtighten.**

OPERATING INSTRUCTIONS

Adjusting Shelves

The cabinet features an adjustable shelf within the mirrored door section, allowing you to customize storage space according to your needs. There are 3 adjustable height options.

1. Open the mirror door.
2. Remove any items from the adjustable shelf.
3. Carefully lift the adjustable shelf and remove the S3 shelf pins from their current holes.
4. Reinsert the S3 shelf pins into the desired set of holes. Ensure all four pins are securely in place and level.
5. Place the adjustable shelf back onto the pins.

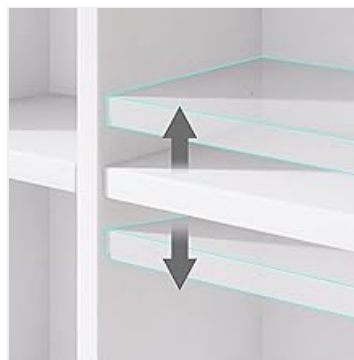

Image: A close-up view illustrating the three adjustable height options for the middle shelf inside the mirror door.

Using the Mirror Door

The high-definition mirror provides a clear reflection for daily routines such as applying makeup, shaving, or skincare. The door features a built-in hidden notched handle for a sleek appearance and easy opening.

MAINTENANCE

To ensure the longevity and appearance of your SMIBUY Bathroom Mirror Cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the cabinet surfaces with a damp cloth. For stubborn marks, use a mild soap solution and then wipe dry immediately. Avoid abrasive cleaners or harsh chemicals that can damage the bamboo finish.
- **Mirror Care:** Clean the mirror with a standard glass cleaner and a soft, lint-free cloth.
- **Moisture:** While bamboo is naturally water-resistant, avoid prolonged exposure to excessive moisture. Ensure the bathroom is well-ventilated.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary, but avoid overtightening.

TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cabinet feels wobbly after installation.	Screws are not fully tightened or wall anchors are not secure.	Ensure all mounting screws (S5) are tightened. Verify wall anchors are correctly installed and suitable for your wall type. If necessary, relocate to a stud or use stronger anchors.
Mirror door does not close properly or is misaligned.	Hinges (S4) are loose or require adjustment.	Check that the hinge screws (S2) are tight. Most hinges have adjustment screws to fine-tune door alignment. Refer to hinge manufacturer instructions if available.
Shelves are not level.	Shelf pins (S3) are not inserted correctly or are damaged.	Ensure all four shelf pins are fully inserted into corresponding holes at the same height. Replace any damaged pins.

Problem	Possible Cause	Solution
Bamboo material appears cracked.	Screws were overtightened during assembly.	This is typically due to overtightening. Avoid excessive force when tightening screws. If cracking affects structural integrity, contact customer support.

SPECIFICATIONS

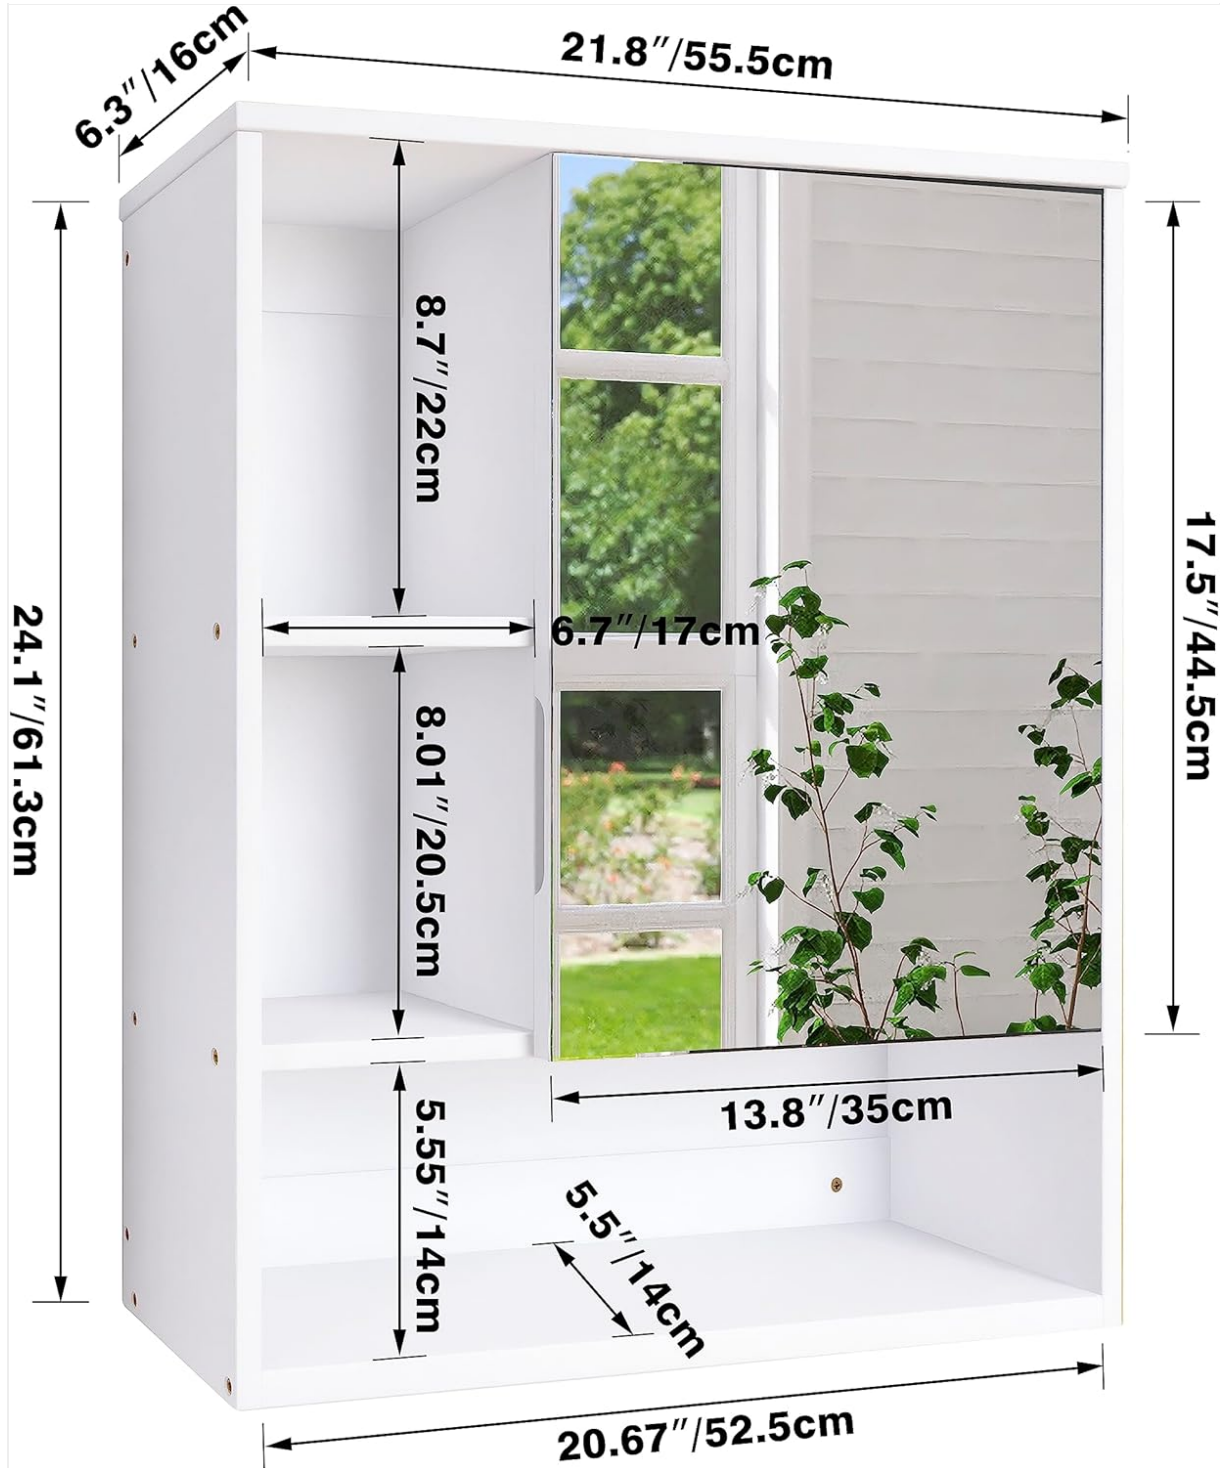

Image: A detailed diagram illustrating the dimensions of the SMIBUY Bathroom Mirror Cabinet.

Feature	Detail
Brand	SMIBUY
Model Number	SBBWC-M-W001

Feature	Detail
Color	White
Material	Bamboo
Product Dimensions (D x W x H)	6.3"D x 21.8"W x 24.1"H (16cm D x 55.5cm W x 61.3cm H)
Item Weight	8.8 Kilograms
Weight Capacity Maximum	54.43 Kilograms
Number of Shelves	4 (1 adjustable, 3 fixed)
Number of Doors	1 (with mirror)
Installation Type	Wall Mount
Required Assembly	Yes
Finish Type	Lacquered
