Reemix J-001

Reemix J-001 Full-Automatic Electric Citrus Juicer Instruction Manual

Model: J-001 | Brand: Reemix

1. INTRODUCTION

Thank you for choosing the Reemix J-001 Full-Automatic Electric Citrus Juicer. This appliance is designed to simplify your juicing experience, providing fresh citrus juice with minimal effort. Its full-automatic operation eliminates the need for manual pressing, making it convenient and efficient for daily use.

Key features include:

- **Hands-Free Operation:** Simply press the power button to extract juice.
- **High Juice Yield:** Achieves up to 95% juice extraction, minimizing waste.
- **Corded Electric Design:** Ensures stable operation without battery concerns.
- **Easy to Clean:** Designed for quick disassembly and cleaning.

2. IMPORTANT SAFETY INSTRUCTIONS

To ensure safe operation and prevent damage, please read and follow these instructions carefully:

- Always unplug the juicer from the power outlet before cleaning or when not in use.
- Do not immerse the motor base in water or any other liquid.
- Keep hands and utensils away from moving parts during operation.
- Ensure all parts are correctly assembled before operating the juicer.
- This appliance is for household use only.
- Do not operate the juicer if the cord or plug is damaged.

3. PRODUCT COMPONENTS

Familiarize yourself with the main components of your Reemix Electric Citrus Juicer:

1. **Lid:** Covers the juicing mechanism.
2. **Reamer/Cone:** Extracts juice from citrus halves.
3. **Filter/Pulp Basket:** Separates pulp from juice.
4. **Juice Collector:** Gathers the extracted juice.
5. **Spout with Stopper:** Controls the flow of juice.
6. **Motor Base:** Houses the motor and power button.
7. **Power Cord:** Connects the juicer to an electrical outlet.
8. **Cleaning Brush:** Included for easy cleaning of fibrous residue.

4. SETUP AND ASSEMBLY

Before first use, wash all removable parts (lid, reamer, filter, juice collector) in warm, soapy water. Rinse thoroughly and dry. The motor base should only be wiped with a damp cloth.

1. Place the motor base on a stable, flat surface.
2. Align the juice collector with the motor base and gently twist to secure it.
3. Insert the filter/pulp basket into the juice collector.
4. Place the reamer/cone onto the central shaft of the motor base.
5. Ensure the spout stopper is in the closed position to prevent immediate juice flow.

5. OPERATING INSTRUCTIONS

Follow these simple steps to enjoy fresh citrus juice:

1. **Prepare Fruit:** Slice your citrus fruit (oranges, lemons, grapefruits) in half.
2. **Place Fruit:** Position one half of the fruit onto the reamer/cone.
3. **Secure Lid:** Place the lid over the fruit and securely fasten it.
4. **Start Juicing:** Press the power button. The juicer will automatically rotate and extract juice.
5. **Collect Juice:** Once juicing is complete, open the spout stopper to dispense juice into a glass.

4 STEP TO ENJOY JUICER

6. CLEANING AND MAINTENANCE

Regular cleaning ensures the longevity and hygiene of your juicer. The Reemix J-001 is designed for easy cleaning.

1. **Disassembly:** Unplug the juicer. Remove the lid, reamer/cone, filter/pulp basket, and juice collector from the motor base.
2. **Washing:** Hand wash all removable parts with warm, soapy water. Use the provided cleaning brush to remove stubborn fibrous residue from the filter and reamer.
3. **Motor Base:** Wipe the motor base with a damp cloth. Do not immerse it in water.
4. **Drying:** Ensure all parts are completely dry before reassembling or storing.

Note:

- The juicer is **NOT** dishwasher safe. Hand wash only.

7. TROUBLESHOOTING

If you encounter any issues with your Reemix Electric Citrus Juicer, please refer to the following common solutions:

- **Juicer Not Starting:** Ensure the juicer is properly plugged into a working outlet and all components are correctly assembled and locked into place.
- **Juicing Tray Blocked:** If the juicing tray becomes blocked during the process, long-press the power button for 3 seconds to release the tray and allow it to go down.
- **Low Juice Yield:** Ensure the fruit is fresh and properly cut. For maximum extraction, you may run the juicing cycle a second time if pulp remains.

For further assistance, please contact Reemix customer support.

8. SPECIFICATIONS
