

SPKPAL S135

SPKPAL S135 Computer Soundbar User Manual

Model: S135

1. INTRODUCTION

Thank you for choosing the SPKPAL S135 Computer Soundbar. This manual provides essential information for setting up, operating, and maintaining your new soundbar. The S135 is designed to enhance your audio experience with rich stereo sound, dynamic RGB lighting, and versatile connectivity options for your desktop computer, PC, laptop, or monitor.

2. PACKAGE CONTENTS

- SPKPAL S135 Computer Soundbar
- User Manual

3. PRODUCT OVERVIEW

The SPKPAL S135 features dual full-range speaker units for clear stereo sound, dynamic RGB lighting, and convenient controls. It offers both wired and wireless connection methods.

4. SETUP

4.1 Power Connection

1. Connect the USB-A cable from the soundbar to a USB port on your computer or a 5V/2A USB power adapter (not included).

2. Ensure the power source provides sufficient power (DC 5V=2A Max) for optimal performance.

4.2 Audio Connection

The SPKPAL S135 offers two connection methods:

1. **Wired Connection (3.5mm AUX):** Plug the 3.5mm audio cable into the AUX port on the soundbar and the audio output jack on your device (e.g., computer, laptop).
2. **Bluetooth Connection (Bluetooth 5.0):**
 - Ensure the soundbar is powered on.
 - On the right side of the soundbar, gently swipe two fingers over the Bluetooth logo from front to back to switch to Bluetooth mode. The indicator light will flash, indicating pairing mode.
 - On your device (e.g., smartphone, laptop), enable Bluetooth and search for "SPKPAL S135".
 - Select "SPKPAL S135" to pair. Once connected, the indicator light will become solid.

USB Powered 2 Connection Methods

 Connect device via 3.5mm Aux (Cable 3.94FT)

5. OPERATING INSTRUCTIONS

5.1 Power On/Off and Volume Control

The large rotary knob on the front of the soundbar controls both power and volume.

- **Power On/Off:** Rotate the knob clockwise until you hear a click to turn on the soundbar. Rotate counter-

clockwise until you hear a click to turn it off.

- **Volume Adjustment:** Rotate the knob clockwise to increase volume and counter-clockwise to decrease volume.

5.2 RGB Lighting Control

The dynamic RGB lighting can be controlled via a touch-sensitive area on the left side of the soundbar.

- **Turn On/Off:** Gently swipe two fingers over the touch-sensitive area on the left side of the soundbar from front to back to toggle the RGB lighting on or off.

Cool Dynamic RGB Lighting

More Suitable for Games

Touch turn on/off

6. MAINTENANCE

To ensure the longevity and optimal performance of your SPKPAL S135 soundbar, follow these maintenance

guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the surface of the soundbar. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the soundbar in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Keep the soundbar away from water and other liquids to prevent damage to internal components.
- **Handle with Care:** Avoid dropping or subjecting the soundbar to strong impacts.

7. TROUBLESHOOTING
