Yaheetech 13 inch Full Size Metal Bed Frame User Manual

Model: YT-614157AF

1. PRODUCT OVERVIEW

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your Yaheetech 13 inch Full Size Metal Bed Frame. Designed for durability and style, this bed frame offers a robust foundation for your mattress without requiring a box spring.

Image 1.1: The Yaheetech Full Size Metal Bed Frame in Antique Gold, featuring a headboard and footboard, with ample under-bed storage space.

Key Features:

- **Industrial Style:** Clean lines and a metallic finish complement various home decors, including industrial, rustic, and farmhouse styles.
- **Ample Under-Bed Storage:** Provides 13 inches of clearance, ideal for storing cases, boxes, or other items.
- **No Box Spring Needed:** Integrated metal slats offer direct mattress support.
- **Durable Construction:** Made from powder-coated iron for scratch resistance and easy maintenance.
- **Protective Foot Pads:** Anti-slip pads protect floors and reduce movement.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use. Failure to follow these instructions may result in

injury or damage to the product.

- Do not exceed the maximum weight capacity of **750 lb.**
- Exercise caution around sharp edges during assembly to prevent cuts or scrapes.
- Ensure proper and balanced use of under-bed storage to prevent the bed frame from tipping.
- Regularly check and tighten all bolts and screws to maintain stability and prevent noise.

3. SETUP AND ASSEMBLY

The Yaheetech Metal Bed Frame is designed for straightforward assembly. All necessary hardware and tools are included. An illustrated manual is provided with the product to guide you through each step.

3.1. Before You Begin:

- Unpack all components and verify against the parts list in your included manual.
- Clear a spacious area for assembly.
- It is recommended to have two people for assembly to ensure ease and safety.

3.2. Assembly Steps:

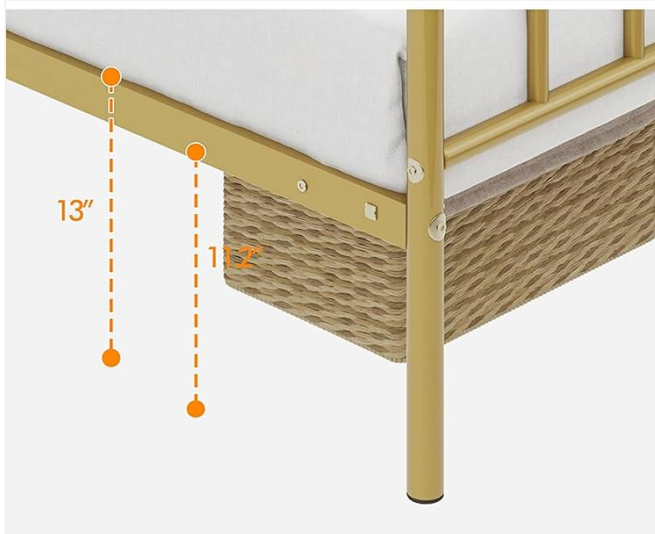

1. **Assemble the Headboard and Footboard:** Connect the main frame components of the headboard and footboard as per the illustrated guide. Ensure all connections are secure but do not fully tighten bolts until the entire frame is assembled.

Simple Style

Metal Tubes

Bottom Storage Space

Protective Pads

Image 3.1: A close-up view of the bed frame's headboard, illustrating its simple, industrial design.

2. **Attach Side Rails:** Connect the side rails to the assembled headboard and footboard. Use the provided L-shaped plates and bolts to secure these connections, ensuring a stable structure.

Image 3.2: Detail showing how L-shaped plates are used to fasten components, enhancing the stability of the bed frame structure.

3. **Install Support Slats:** Carefully place the metal support slats into the designated notches on the side rails. Ensure each slat is properly seated and secured. These built-in slats prevent mattress sliding and eliminate the need for a box spring.

Image 3.3: Illustration of aiming the metal pipe into the notch and pressing firmly to secure the slat in place.

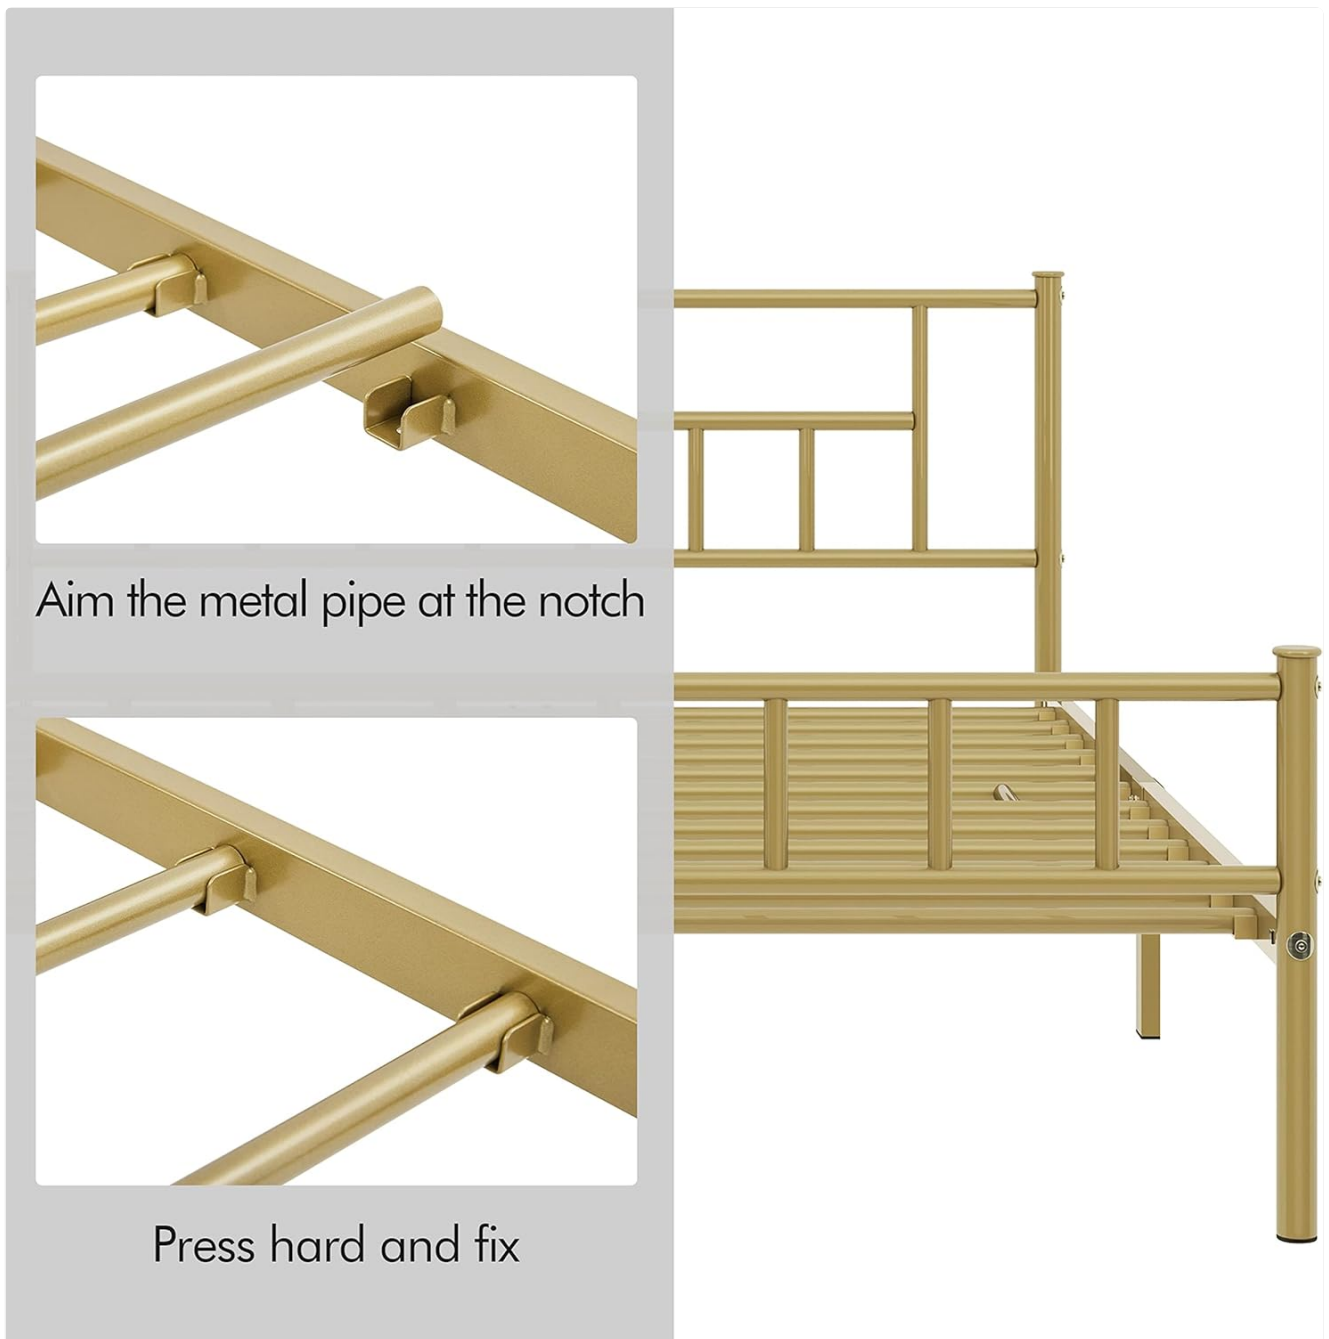

Image 3.4: Depiction of the built-in slats designed to prevent the mattress from sliding.

4. **Final Tightening:** Once all components are in place, systematically tighten all bolts and screws using the provided tool. Do not overtighten, but ensure all connections are firm and secure.
5. **Attach Protective Foot Pads:** Ensure the anti-slip foot pads are securely attached to the bottom of each leg to protect your flooring.

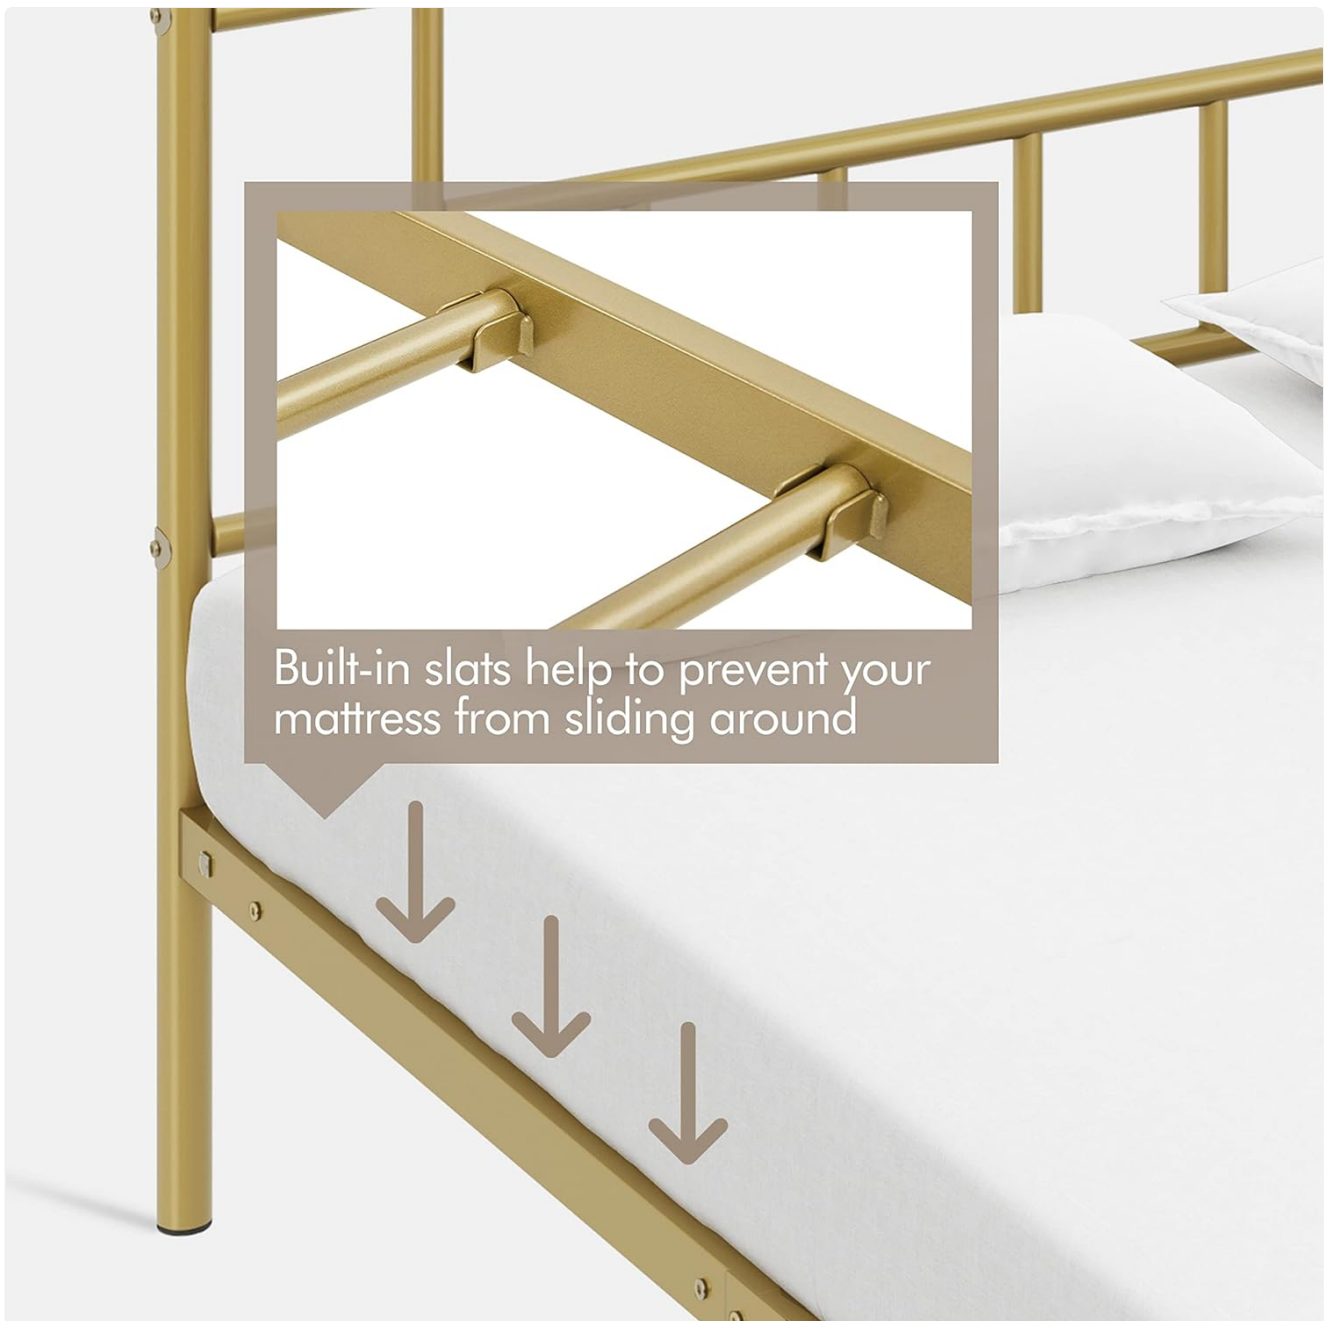

Image 3.5: A composite image highlighting key features such as simple style, metal tubes, bottom storage space, and protective foot pads.

4. OPERATING INSTRUCTIONS

This bed frame is designed to provide a stable and comfortable sleeping surface. It accommodates a full-size mattress (75" L x 54" W) directly on its metal slats, eliminating the need for a box spring.

4.1. Mattress Placement:

Place your full-size mattress directly onto the assembled metal slats. The design of the slats helps to keep the mattress from shifting.

4.2. Under-Bed Storage:

Utilize the 13 inches of clearance beneath the frame for storage. This space is suitable for storage bins, boxes, or other items. Distribute weight evenly to maintain stability.

Image 4.1: The assembled bed frame with a mattress and storage baskets placed underneath, demonstrating the available clearance.

5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame clean with a soft, dry cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Regular Inspection:** Periodically (e.g., every 3 months) check all bolts and screws for tightness. Retighten as necessary to ensure the frame remains sturdy and to prevent any potential noise.
- **Under-Bed Cleaning:** The 13-inch ground clearance allows for easy cleaning underneath the bed, including access for robotic vacuums.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

Problem	Possible Cause	Solution
Bed frame makes noise (squeaking/creaking).	Loose bolts or connections.	Inspect all bolts and screws. Tighten any loose connections. Regular tightening (e.g., every 3 months) is recommended.
Mattress slides on the frame.	Improper mattress placement or lack of friction.	Ensure the mattress is centered on the slats. The built-in slats are designed to minimize sliding; however, a non-slip mat can be placed between the mattress and slats if needed.
Foot bumping into middle support legs.	Placement of support legs.	This is a design characteristic for stability. Exercise caution when walking around the bed. Consider adding soft padding to the middle support legs if this is a frequent issue.
Frame feels unstable or wobbly.	Incomplete assembly or loose connections.	Re-check all assembly steps. Ensure all bolts are securely tightened. Verify that the frame is on a level surface.

7. PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	YT-614157AF
Size	Full
Product Dimensions	78"L x 56.5"W x 35"H
Color	Antique Gold
Material	Metal (Powder Coated Finish)
Compatible Mattress Size	75" L x 54" W
Weight Capacity	750 lb
Item Weight	38.4 pounds
Assembly Required	Yes
Care Instructions	Wipe with Dry Cloth
UPC	810140815712
