AVENT SCF091/30

Philips Avent Ultra Soft Pacifier Instruction Manual

Model: SCF091/30 | Brand: AVENT

PRODUCT OVERVIEW

The Philips Avent ultra soft pacifier is designed for babies aged 6-18 months, offering a soft and flexible solution for soothing, especially for those with sensitive skin. Its shield is engineered to conform to your baby's cheeks, minimizing skin marks and irritation. This BPA-free pacifier set includes a convenient travel case that also functions as a sterilizer, allowing for easy cleaning in a microwave. The orthodontic, symmetrical silicone nipple supports natural oral development and is textured to mimic the feel of a mother's breast, promoting high acceptance rates among babies.

KEY FEATURES

- **Soft, Flexible Shield:** Designed to follow the natural curves of your baby's face, reducing skin marks and irritation.
- **Orthodontic & Textured Nipple:** Symmetrical silicone nipple supports natural oral development and mimics the feel of a mother's breast for easy acceptance.
- **BPA Free:** Made from 100% food-grade silicone, free from hazardous chemicals.
- **Sterilizer Carry Case:** The included travel case doubles as a sterilizer for convenient and hygienic cleaning.

Soft and flexible rounded shield for extra comfort

Color shown for reference only.
Please check product title for pacifier color you are ordering.

SETUP AND FIRST USE

1. **Inspect Before Use:** Before first use, inspect the pacifier carefully. Pull the pacifier in all directions to ensure there are no tears or weak spots. Discard at the first sign of damage or weakness.
2. **Clean Thoroughly:** Before initial use, sterilize the pacifier. Place the pacifier in boiling water for 5 minutes, allow to cool, and squeeze out any trapped water from the nipple. This ensures hygiene.
3. **Sterilizer Case Use:** For microwave sterilization, add 25ml (0.9 oz) of water to the travel case. Place the pacifiers in the case. Microwave at 750-1000W for 3 minutes. Allow to cool for 5 minutes before opening.

OPERATING INSTRUCTIONS

The Philips Avent Ultra Soft Pacifier is designed for ease of use and comfort. Simply offer the pacifier to your baby when they need soothing. The symmetrical nipple ensures that the pacifier is always right-side up, making it easy for your baby to latch onto. The soft, flexible shield adapts to your baby's face, providing maximum comfort.

MAINTENANCE AND CARE

- **Daily Cleaning:** Clean the pacifier before each use. Wash with warm water and mild soap, then rinse thoroughly.
- **Sterilization:** Sterilize regularly using the included travel case in a microwave, or by boiling in water.
- **Storage:** Store pacifiers in a dry, covered container. Do not store in direct sunlight or near a heat source.
- **Replacement:** For hygiene reasons, replace pacifiers after 4 weeks of use.

Nipple made of 100% food-grade silicone

TROUBLESHOOTING

Problem	Possible Cause	Solution
Pacifier not accepted by baby.	Baby may prefer a different nipple shape or texture.	The Philips Avent Ultra Soft pacifier has a textured silicone nipple designed for high acceptance. Continue offering, or try at different times.
Skin marks or irritation around mouth.	Improper fit or prolonged contact.	The ultra soft and flexible shield is designed to minimize this. Ensure the pacifier is not too tight against the face. Clean the area regularly.
Water trapped in nipple after cleaning.	Normal occurrence after sterilization.	Squeeze the nipple to expel any trapped water. This is a common and safe practice.
