GOURDBRO BXMJ0001

GOURDBRO 3-in-1 Magnetic Kitchen Roll Holder

USER MANUAL

1. Introduction

Thank you for choosing the GOURDBRO 3-in-1 Magnetic Kitchen Roll Holder. This innovative product is designed to streamline your kitchen organization by providing a convenient and space-saving solution for storing and dispensing paper towels, cling film, and aluminum foil. With its integrated sharp cutters and versatile mounting options, it helps keep your kitchen tidy and efficient.

2. Product Features

- **3-in-1 Functionality:** Designed to hold kitchen paper towels, cling film, and aluminum foil in one compact unit.
- **Magnetic Mounting:** Equipped with strong magnetic strips on the back for easy adsorption onto metal surfaces like refrigerators.
- **Adhesive Wall Mounting:** Includes hooks for wall hanging without drilling, protecting your walls.
- **Integrated Sharp Cutters:** Hidden sliding cutters for plastic wrap and aluminum foil ensure quick, clean, and safe cuts, preventing waste and finger injuries.
- **Adjustable Compatibility:** Features two slots for plastic wrap and aluminum foil, accommodating most standard roll sizes.
- **Space-Saving Design:** Keeps essential kitchen rolls organized and easily accessible, freeing up counter space.

3. Product Specifications

Specification	Detail
Brand	GOURDBRO
Model Number	BXMJ0001
Color	Grey / White

Product Dimensions	37.2 x 21.3 x 7.62 cm (14.65 x 8.39 x 3.00 inches)
Item Weight	970 g (2.14 lbs)
Material	Plastic (Grey)
Mounting Type	Wall Mount (Magnetic or Adhesive)
Cling Film Roll Compatibility	Outer diameter ≤ 5.7 cm (2.25 in), length ≤ 31 cm (12.2 in)
Paper Towel Roll Compatibility	Outer diameter ≤ 15 cm (5.9 in), length ≤ 28.5 cm (11.22 in)
UPC	768443699433

Note: Please confirm your roll sizes before purchase to ensure compatibility.

4. Setup and Installation

The GOURDBRO 3-in-1 Kitchen Roll Holder offers two convenient installation methods: magnetic adsorption or adhesive wall mounting.

4.1 Magnetic Adsorption

For metal surfaces such as refrigerators or metal cabinets, simply place the holder directly onto the surface. The strong magnets on the back will secure it in place.

Image: A close-up of the underside of the holder, highlighting the powerful magnetic strips for easy adsorption onto metal surfaces.

4.2 Adhesive Wall Mounting (No Drilling)

For non-metal surfaces, use the provided adhesive hooks. Ensure the wall surface is clean, dry, and smooth before application. Press the hooks firmly onto the desired location and allow sufficient time for the adhesive to set before hanging the holder.

4.3 Loading Rolls

1. **For Cling Film/Aluminum Foil:** To open the top or bottom compartment, press the buckle inward on both sides of the lid while simultaneously lifting the lid upwards.
2. Insert the roll into the designated slot, ensuring the film/foil feeds out correctly.
3. Close the lid securely until it clicks into place.
4. **For Paper Towel Roll:** Slide the paper towel roll onto the lower bar. Ensure it spins freely.

Image: Visual guide for the simple process of loading new rolls into the dispenser compartments.

5. Operating Instructions

5.1 Dispensing and Cutting Cling Film/Aluminum Foil

1. Pull out the desired length of cling film or aluminum foil from the respective slot.
2. Hold the film/foil taut across the cutting edge.
3. Slide the cutter firmly and consistently from one end to the other to achieve a clean, precise cut. The hidden blade ensures safety during use.

Image: A visual comparison highlighting the benefit of using the integrated cutter for clean cuts versus manual tearing.

5.2 Dispensing Paper Towels

Simply pull down the desired amount of paper towel from the lower bar and tear along the perforation.

6. Maintenance

- **Cleaning:** Wipe the exterior of the holder with a damp cloth and mild detergent. Avoid abrasive cleaners that may damage the surface. Ensure the unit is dry before re-inserting rolls.
- **Cutter Care:** The integrated cutters are designed for durability. If residue builds up, gently wipe the cutting area with a soft, damp cloth. Do not attempt to sharpen or remove the blades.

7. Troubleshooting

- **Rolls not fitting:** Refer to the 'Product Specifications' section for maximum compatible roll dimensions. Ensure your rolls do not exceed these limits.
- **Film/Foil tearing unevenly or not cutting cleanly:** Ensure the film/foil is pulled taut across the cutting edge. Slide the cutter firmly and consistently from one end to the other. Check for any debris obstructing the cutter's path.
- **Holder not adhering securely (magnetic):** Ensure the metal surface is clean and free of dust or grease. The magnetic strength is optimized for flat, smooth metal surfaces like refrigerators.
- **Holder not adhering securely (adhesive):** Ensure the wall surface is clean, dry, smooth, and non-porous. Adhesive hooks may not be suitable for textured walls, wallpaper, or painted surfaces that are prone to peeling. Allow sufficient curing time for the adhesive before applying weight.

8. Warranty and Support

GOURDBRO products are manufactured to high-quality standards. For any issues, questions, or warranty claims, please contact the seller or manufacturer directly through your purchase platform. Please retain your proof of purchase for warranty validation.
For further assistance, please visit the GOURDBRO official support channels or refer to the contact information provided with your purchase.
