YATWIN YT-X1 Black-B

YATWIN Bluetooth Headphones

Model: YT-X1 Black-B
User Instruction Manual

1. INTRODUCTION

Thank you for choosing the YATWIN Bluetooth Headphones, Model YT-X1 Black-B. This manual provides detailed instructions on how to set up, operate, maintain, and troubleshoot your new wireless headset. Please read this manual thoroughly before using the product to ensure proper function and longevity.

2. PRODUCT OVERVIEW

The YATWIN YT-X1 Black-B headphones are designed for a superior audio experience with convenience and durability.

Key Features:

- **Bluetooth 5.3 Technology:** Ensures stable connection, stronger signal, and high-fidelity audio. Compatible with iOS, Android, tablets, laptops, and TVs.
- **Extended Battery Life:** Up to 30 hours of playtime and 350 hours of standby time with a 300mAh built-in battery. Fully charges in less than 2 hours.
- **IPX7 Waterproof & Sweat-proof:** Designed for indoor and outdoor sports, resistant to light rain and intense sweat.
- **Easy to Use:** Compatible with all Bluetooth-enabled devices, features a built-in microphone for clear calls, and supports Siri/Android voice assistants.
- **Stereo Sound Quality:** Powered by a 10mm dynamic driver and in-ear acoustic structure for powerful, wide sound range with dynamic treble and powerful bass.
- **Magnetic Connection:** Earpieces clip together to secure them around your neck and prevent loss.

Product Components and Features:

Image Description: The YATWIN Bluetooth Headphones are shown amidst splashes of water, highlighting their IPX7 waterproof rating. The black neckband-style headphones feature in-ear buds with red accents, and the control module is visible on the neckband.

MAGNETIC CONNECTION

Clip the magnetic earpieces together to secure them around your neck & avoid losing them

Image Description: A man is shown wearing the YATWIN Bluetooth Headphones. The earpieces are magnetically connected and resting around his neck, illustrating the "Magnetic Connection" feature which helps prevent losing them when not in use.

POWER TO LAST THE DAY

Game and music that last for as long as you need them to. Fully charges in just two hours and provides up to 10 hours of battery life.

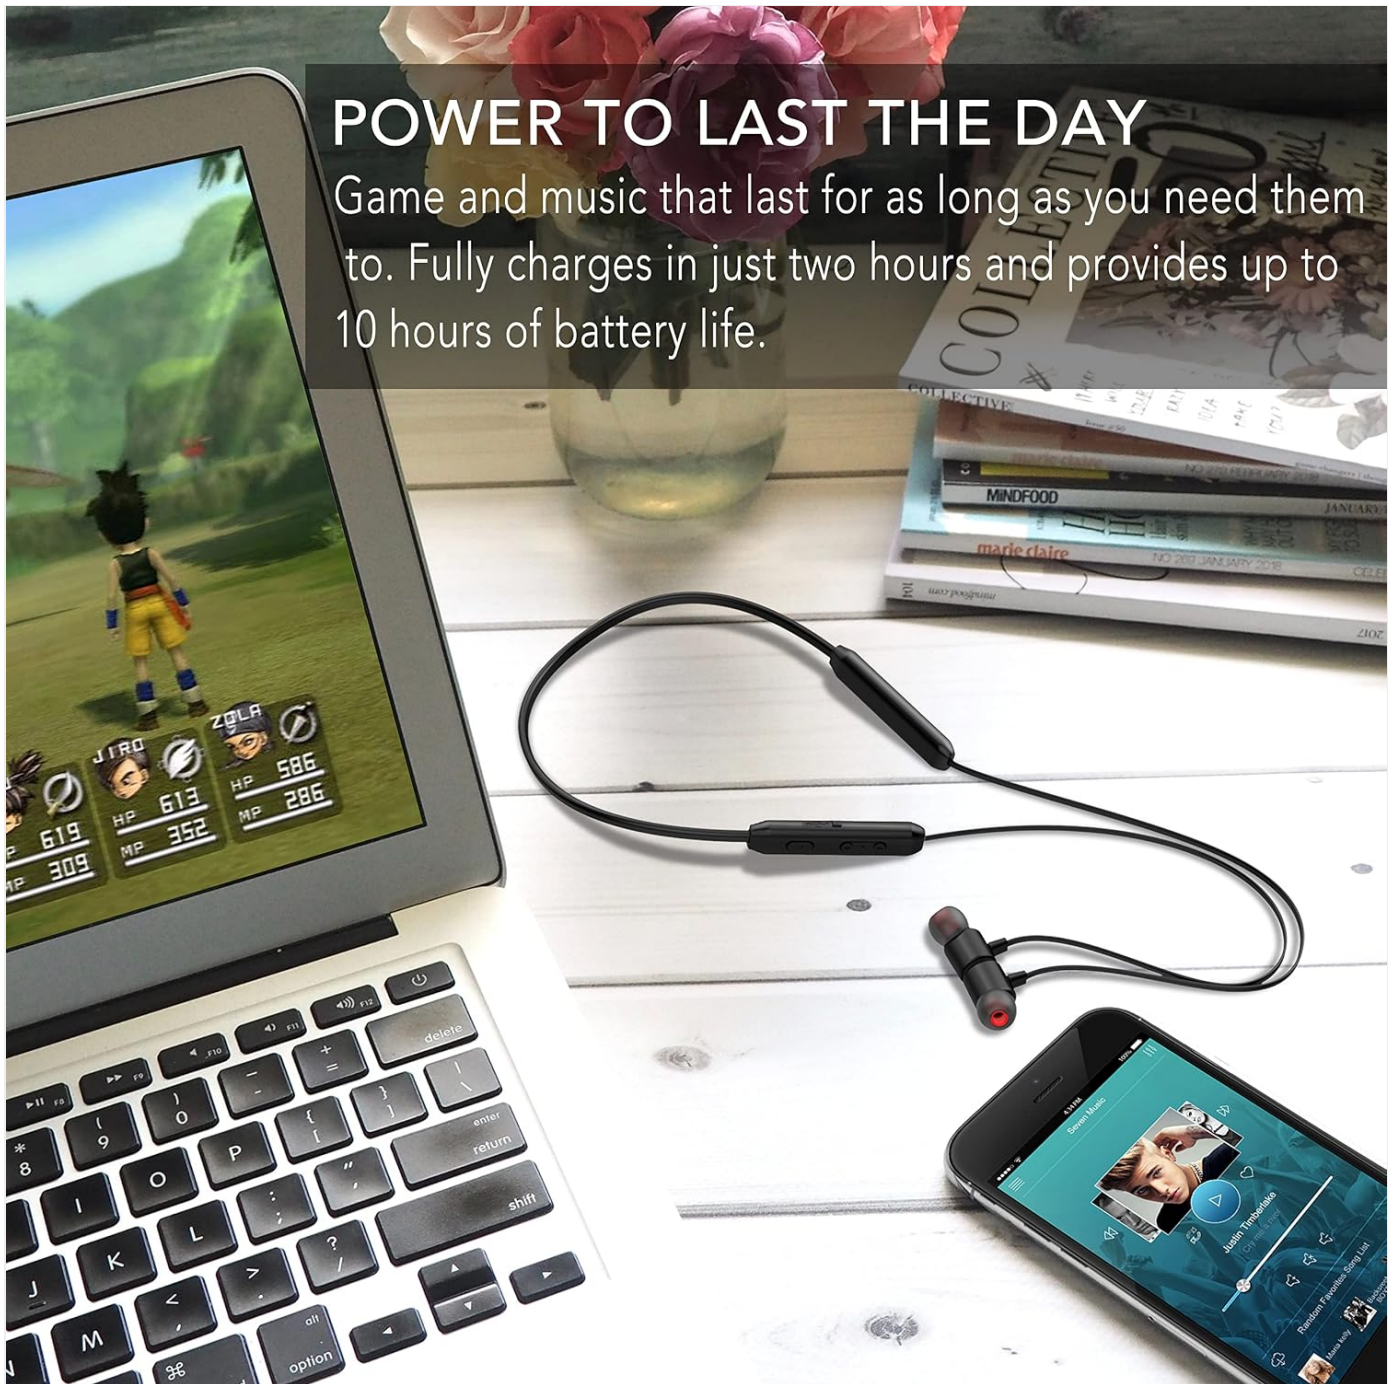

Image Description: The YATWIN Bluetooth Headphones are placed on a desk next to an open laptop and a smartphone displaying a music player. This image conveys the product's long-lasting battery life, suitable for extended use with various devices.

Best Qualcomm 5.0 Chip

The latest Qualcomm Bluetooth 5.0 technology features faster & stable signal transmission, clearer sound quality and lower power consumption.

Image Description: A technical diagram showcases the internal components of the YATWIN headphones, specifically highlighting the Qualcomm Bluetooth 5.0 chip. This illustrates the advanced connectivity and sound processing capabilities.

IPX7 WATER RESISTANCE

Ultra-waterproof and unbreakable hold for the most extreme workout.
Survives up to 100x longer than other earphones

Image Description: A person is shown in water, wearing the YATWIN Bluetooth Headphones, reinforcing the IPX7 water resistance feature, suitable for active use in various environments.

PROFESSIONAL SOUND & CLEAR CALL

The Qualcomm QCC 3003 technology creates a unique and stable talk-zone, making sure you are heard, while other nearby voices are filtered out.

Image Description: A woman is shown on a phone call, wearing the YATWIN Bluetooth Headphones. A smartphone screen displaying a call interface is visible, illustrating the clear call quality provided by the built-in microphone.

SIMPLE TO CONTROL

Use the 3-buttons remote to effortlessly control your music and calls.

Image Description: A close-up view of the inline 3-button remote control on the YATWIN Bluetooth Headphones. The buttons are clearly visible, indicating easy control over music playback and calls.

Image Description: A woman is shown smiling and enjoying music while wearing the YATWIN Bluetooth Headphones. Surrounding her are icons representing key features: IPX7 Waterproof, 300 hours Standby Time, Built-in Microphone, Bluetooth 5.0 Qualcomm chip, Comfortable Neckband Design, and Secure Magnetic Design.

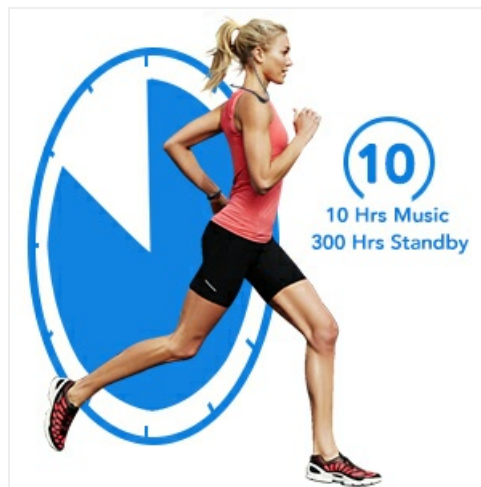

Image Description: A woman is depicted running, wearing the YATWIN Bluetooth Headphones, with a graphic indicating "10 Hrs Music" and "300 Hrs Standby," visually representing the long battery life suitable for active lifestyles.

Image Description: A cutaway diagram illustrates the internal structure of the headphone's earbud, highlighting the "10mm Aperture with Deep Bass" feature, indicating the driver size responsible for rich audio output.

3. SETUP

3.1 What's in the Box

- YATWIN Bluetooth Headphones (YT-X1 Black-B)
- Ear Cushions (various sizes)
- Charging Cable (USB)
- User Manual (this document)

3.2 Charging the Headphones

1. Locate the charging port on the control module of the headphones.
2. Connect the provided USB charging cable to the charging port.
3. Plug the other end of the USB cable into a USB power adapter (not included) or a computer's USB port.
4. The LED indicator will show the charging status (e.g., red for charging, blue for fully charged).
5. A full charge takes approximately 2 hours.

Note: Ensure the headphones are fully charged before first use for optimal battery performance.

3.3 Pairing with a Bluetooth Device

1. **Power On:** Press and hold the Multi-function button (usually the center button on the control module) until the LED indicator flashes blue and red alternately, indicating pairing mode.
2. **Activate Bluetooth:** On your device (smartphone, tablet, laptop), go to the Bluetooth settings and ensure Bluetooth is turned on.
3. **Search for Devices:** Your device will scan for available Bluetooth devices.
4. **Select "YATWIN RUNNER PRO":** From the list of found devices, select "YATWIN RUNNER PRO" to connect.
5. **Connection Confirmation:** Once successfully paired, the LED indicator on the headphones will flash blue slowly, and you may hear an audible confirmation.

Note: The headphones will automatically attempt to reconnect to the last paired device when powered on, if it is within range.

4. OPERATING INSTRUCTIONS

4.1 Basic Controls

Button/Action	Function
Multi-function Button (Center)	Press and Hold (2-3s): Power On/Off Press Once: Play/Pause music, Answer/End call Press and Hold (5s, from off): Enter Pairing Mode Double Press: Redial last number
Volume Up (+) Button	Press Once: Increase Volume Press and Hold: Next Track
Volume Down (-) Button	Press Once: Decrease Volume Press and Hold: Previous Track

4.2 Making and Receiving Calls

- **Answer Call:** Press the Multi-function button once.
- **End Call:** Press the Multi-function button once during a call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds during an incoming call.
- **Redial:** Double-press the Multi-function button to redial the last outgoing number.

4.3 Voice Assistant

To activate your device's voice assistant (Siri, Google Assistant, etc.), press the Multi-function button twice quickly when not on a call.

5. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The magnetic earpieces can be clipped together for tangle-free storage.
- **Water Resistance (IPX7):** While the headphones are IPX7 waterproof and resistant to sweat and light rain, they are not designed for submersion or prolonged exposure to water. Ensure the charging port cover is securely closed before exposure to moisture. Dry the headphones thoroughly before charging.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Headphones won't turn on.	Low battery.	Charge the headphones fully.

Problem	Possible Cause	Solution
Cannot pair with device.	Bluetooth is off on device; headphones not in pairing mode; too far apart.	<p>Ensure Bluetooth is enabled on your device.</p> <p>Put headphones into pairing mode (flashing blue/red).</p> <p>Place headphones and device within 1 meter (3 feet).</p> <p>Clear previous Bluetooth connections on your device and try again.</p>
No sound or poor sound quality.	Volume too low; headphones not connected; interference.	<p>Increase volume on both headphones and device.</p> <p>Ensure headphones are properly paired and connected.</p> <p>Move away from other wireless devices that may cause interference.</p>
Charging issue.	Faulty cable/adapter; charging port dirty.	<p>Try a different USB cable and power adapter.</p> <p>Ensure the charging port is clean and free of debris.</p>
