SONGMICS Cube Storage Organizer Instruction Manual

Model: ULPC442K01

INTRODUCTION

Thank you for choosing the SONGMICS Cube Storage Organizer. This versatile and modular storage solution is designed to help you organize your living space efficiently. Made from durable PP plastic panels with sturdy metal wire frames and ABS plastic connectors, this organizer offers a stable and customizable storage system for various items such as clothing, shoes, books, and bags. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

SAFETY INFORMATION

- Do not exceed the maximum weight capacity of 22 lb (10 kg) per cube. Overloading can compromise the stability of the unit.
- Ensure all connectors are fully pushed onto the panels during assembly to create a stable structure. Use the provided rubber mallet to secure connections.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Avoid placing the unit in direct sunlight or near heat sources to prevent material degradation.
- For added stability and safety, especially in homes with children or pets, consider securing the unit to a wall using an anti-tip kit (if included or purchased separately).
- Do not climb on or hang from the unit.

PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Component	Quantity	Description
PP Plastic Panels (11.8" x 11.8")	56	Main panels forming the cube walls.
ABS Connectors	52	Connectors for joining panels.
Rubber Mallet	1	Tool for securing connections.
Anti-Tip Kit	1	For securing the unit to a wall.
Assembly Kit	1	Additional small parts for assembly.
Instructions Manual	1	This document.

SETUP

The SONGMICS Cube Storage Organizer is designed for easy and quick assembly. Follow these steps to build your desired configuration.

Step 1: Plan Your Layout

Determine the desired shape and size of your storage unit. The modular design allows for various configurations, such as a 4x4 cube shelf, a stepped design, or multiple smaller units. Ensure your chosen layout fits within the available space and the number of panels and connectors provided.

Examples of different configurations and overall dimensions for the cube storage unit.

Step 2: Assemble the First Cube

- 1. Take four panels and four connectors.

2. Insert the corners of the panels firmly into the slots of the connectors. Ensure the metal wire frames of the panels are fully seated within the connector grooves.
3. Use the provided rubber mallet to gently tap the panels into the connectors until you hear a click, indicating a secure connection. This ensures stability.

A rubber mallet is included for easy assembly

Step 3: Expand the Structure

- ## Combine 2 or More Sets
- To expand the storage space for various items
- 
- 
- A 5x5 grid shelving unit made of light-colored metal frames and dark-colored corner connectors. The unit is filled with various items, demonstrating its versatility. The items include books, shoes, bags, hats, towels, toiletries, and decorative objects. The unit is placed on a light-colored wooden floor against a plain white wall.

Step 4: Secure to Wall (Optional but Recommended)

If using the unit in a high-traffic area or if it will hold heavy items, it is recommended to secure it to a wall using the provided anti-tip kit. Follow the instructions included with the anti-tip kit for proper installation.

Detail of the wall anchor mechanism for securing the unit, enhancing stability and safety.

OPERATING

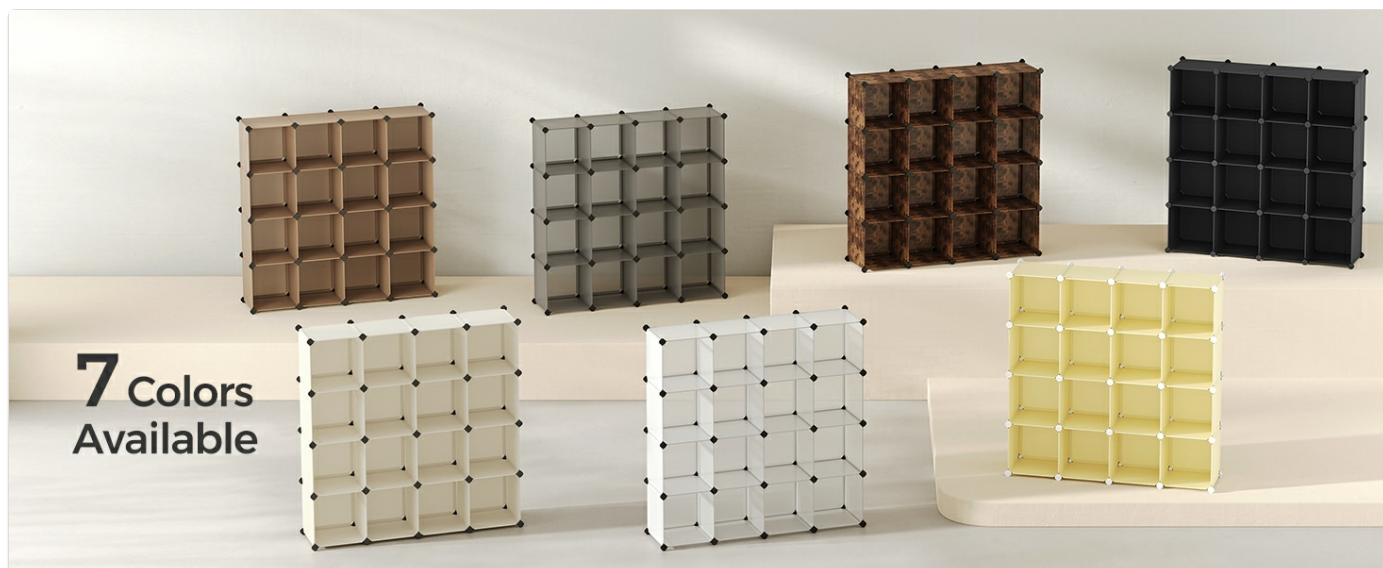

Once assembled, your SONGMICS Cube Storage Organizer is ready for use. Here are some guidelines for optimal operation:

- **Weight Distribution:** Distribute weight evenly across the cubes. Avoid placing all heavy items in one cube or on one side of the unit. Each cube can hold up to 22 lb (10 kg).
- **Item Placement:** Utilize the cubes for storing clothing, shoes, books, bags, toys, and other household items. The 11.8"D x 11.8"W x 11.8"H dimensions provide ample space.
- **Versatile Use:** The modular design allows the unit to function as a book shelf, closet organizer, room divider, or even a DIY playpen for pets (within the limits of included parts and safety considerations).

The organizer can be arranged into different layouts to fit various spaces and needs, as shown in a living room.

MAINTENANCE

Maintaining your SONGMICS Cube Storage Organizer is simple due to its waterproof and easy-to-clean plastic panels.

- **Cleaning:** Wipe the plastic panels with a dry cloth to remove dust. For spills or stains, use a damp cloth and mild soap, then wipe dry immediately. Avoid abrasive cleaners or harsh chemicals.
- **Inspection:** Periodically check all connections to ensure they remain secure. If any panel feels loose, re-tap it with the rubber mallet until it clicks into place.
- **Relocation:** If relocating the unit, it is recommended to empty the cubes first to reduce weight and prevent strain on the structure.

Each Cube Can Hold up to 22 lb

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Connections are not fully secured.	Ensure all panels are pushed firmly into the connectors. Use the rubber mallet to tap each connection until it clicks into place.
Panels do not fit into connectors.	Incorrect orientation or insufficient force.	Ensure the metal wire frame of the panel is aligned with the connector groove. Apply firm, even pressure, and use the mallet.
Cube sags or bows under weight.	Exceeding weight capacity.	Reduce the weight in the affected cube. Redistribute items to ensure no single cube exceeds 22 lb (10 kg).
Missing parts upon arrival.	Packaging error.	Contact SONGMICS customer support with your purchase details for replacement parts.

SPECIFICATIONS

- **Model:** ULPC442K01
- **Color:** Camel Brown
- **Material:** PP Plastic Panels with Metal Wire Frames, ABS Connectors
- **Product Dimensions (Assembled 4x4 configuration):** 12.2"D x 48.4"W x 48.4"H (31 cm D x 123 cm W x 123 cm H)
- **Individual Cube Dimensions:** 11.8"D x 11.8"W x 11.8"H (30 cm D x 30 cm W x 30 cm H)
- **Weight Capacity per Cube:** 22 lb (10 kg)
- **Item Weight:** 18.26 pounds (8.3 Kilograms)
- **Assembly Required:** Yes
- **Mounting Type:** Freestanding (Wall anchor kit included for optional securing)
- **Care Instructions:** Wipe with Dry Cloth
