## 4. SETUP & OPERATING INSTRUCTIONS

- 1. Unfold the Plug:** Locate the foldable Type C plug on the back of the adapter. Gently slide the 'OPEN' switch to release and extend the prongs until they lock into place.
- 2. Connect to Wall Outlet:** Insert the extended Type C plug into a compatible European wall socket.
- 3. Connect Your Devices:**
  - For AC powered devices, plug them into any of the 4 American AC outlets on the adapter.
  - For USB-powered devices, connect them to the 2 USB-A or 2 USB-C ports using

appropriate cables.

4. **Charging:** Your devices will begin charging automatically. The adapter allows for simultaneous charging of up to 8 devices.
5. **Folding for Storage:** When not in use, press the 'OPEN' switch again and gently fold the prongs back into the adapter body until they are flush.

## 5. COMPATIBILITY

**Country Compatibility (Type C Plug):**

This Type C plug adapter is compatible with most European countries, including but not limited to:

- Armenia, Belgium, Croatia, Denmark, Finland, France, Germany, Greece, Spain, Turkey, Iceland, Italy, Israel, Switzerland, Amsterdam.

**Important Note:** Some European countries, such as the UK, Ireland, and Scotland, may require a Type G adapter. This adapter is NOT suitable for those regions.

### Device Voltage Compatibility:

This adapter is compatible with 100V-250V wide voltage devices. Always check your device's voltage requirements before use. Devices like hair dryers, straighteners, electric toothbrushes, or razors MUST support 100V-250V Dual Voltage. If your device does not support dual voltage, a separate power voltage converter is required.
