

PetTec Cam Free

PetTec Cam Free Wireless Pet Camera User Manual

Model: Cam Free | ASIN: B0C5DGVC31

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your PetTec Cam Free Wireless Pet Camera. Please read this manual carefully before using the product to ensure proper function and safety.

PRODUCT OVERVIEW

The PetTec Cam Free is a high-quality, weather-resistant wireless pet camera designed for both indoor and outdoor use. It features Full HD 1080p video, day and night vision, two-way audio, motion detection, and a long-lasting 9000 mAh battery.

Package Contents:

- 2 x PetTec Cam Free Wireless Pet Cameras
- Mounting accessories
- USB charging cable
- User Manual (this document)

SETUP GUIDE

1. Charging the Camera

Before initial use, fully charge the camera using the provided USB charging cable. The status LED will indicate charging status.

2. Installing the PetTec App

Download the official PetTec app from your smartphone's app store. The app is available on both Google Play Store and Apple App Store.

3. Connecting to Wi-Fi

1. Open the PetTec app and create an account or log in.
2. Follow the in-app instructions to add a new device.
3. Ensure your camera is powered on and in pairing mode (refer to the camera's LED indicator for status).
4. Select your Wi-Fi network (2.4 GHz only) and enter the password.
5. The app will guide you through scanning a QR code with the camera lens to establish the connection.

4. Mounting the Camera

Choose a suitable location for your camera, considering Wi-Fi signal strength and desired viewing angle. Use the provided mounting accessories to securely attach the camera to a wall or other surface. The camera is weatherproof (IPX5) and suitable for outdoor installation.

OPERATING INSTRUCTIONS

Live View and Recording

Once connected, open the PetTec app to access the live video feed from your camera. You can initiate manual recordings or capture screenshots directly from the app interface.

Two-Way Audio

The camera features a built-in microphone and speaker, allowing for two-way communication. Use this feature to speak to your pet or deter unwanted visitors.

Mehrere Kameras mit einer App

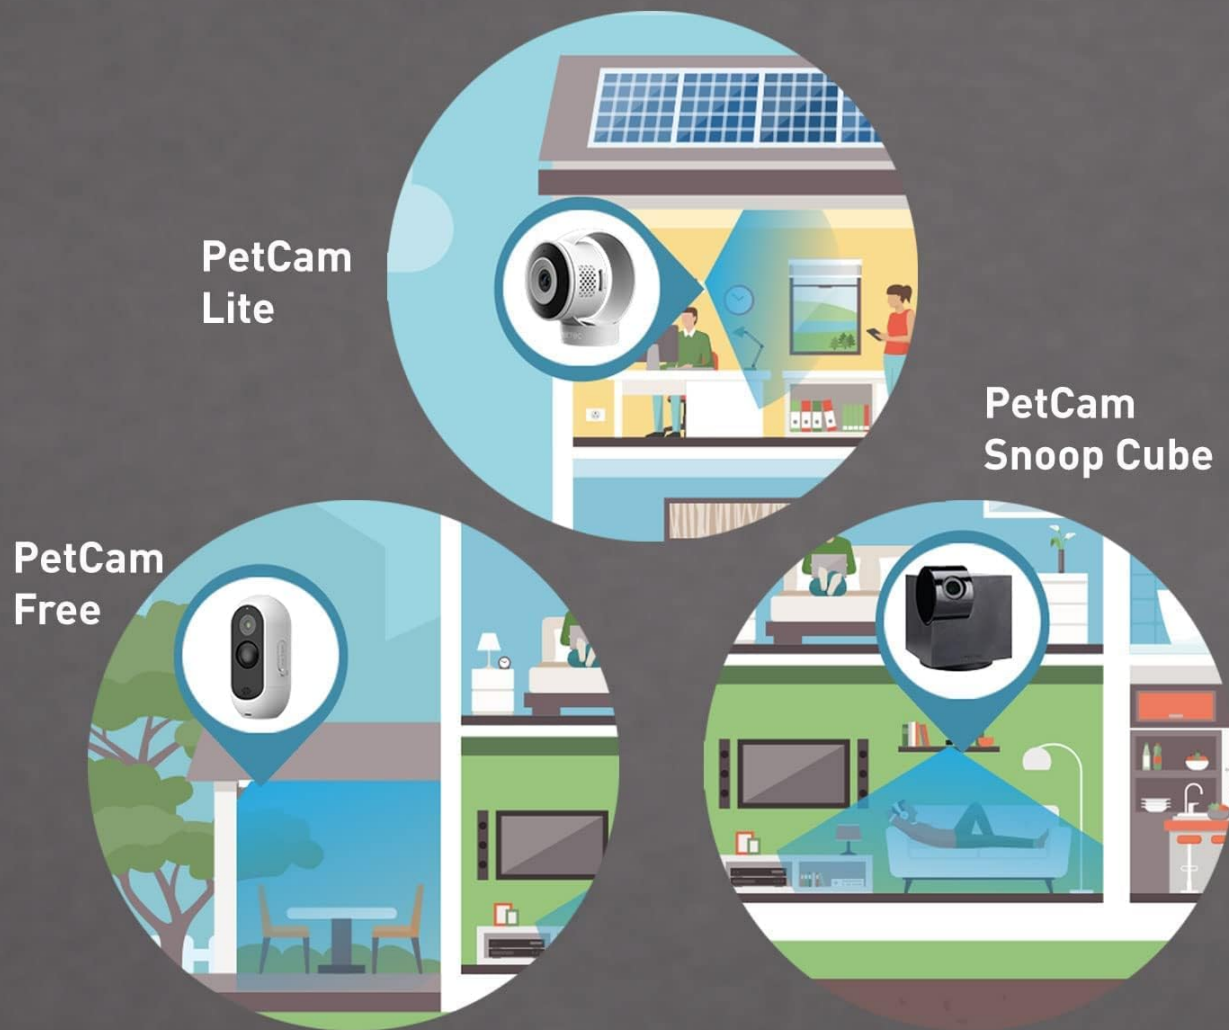

Image: A visual demonstration of the two-way audio feature, showing a dog and speech bubbles indicating communication.

Motion Detection and Alerts

Enable motion detection in the app settings to receive instant notifications on your smartphone when movement is detected. You can adjust sensitivity levels to minimize false alerts.

Nachricht bei Bewegungserkennung

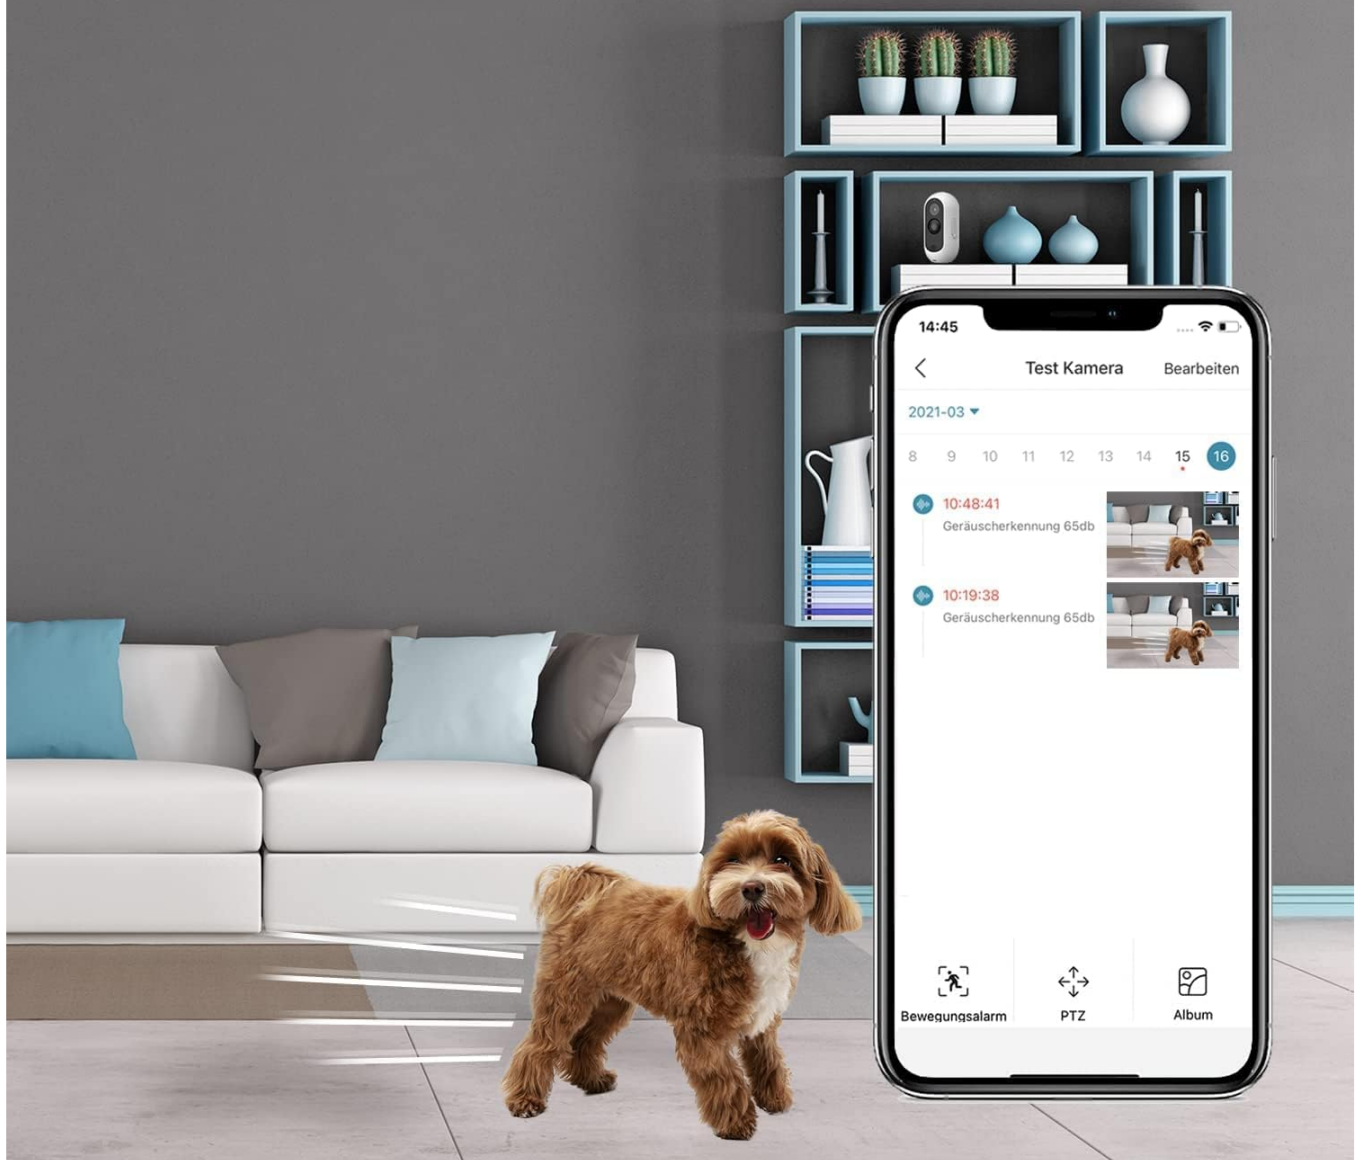

Image: A smartphone screen showing notifications and a timeline of motion detection events captured by the camera.

Night Vision

The camera automatically switches to night vision mode in low-light conditions, providing clear black-and-white footage up to 10 meters.

Digital Zoom

Utilize the digital zoom feature within the app to magnify specific areas of the live feed or recorded footage for closer inspection.

Multi-Camera Management

If you have multiple PetTec cameras, you can manage and monitor all of them from a single app interface.

MAINTENANCE

Cleaning

Wipe the camera lens and body with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port cover is securely closed to maintain weather resistance.

Battery Management

The camera features a long-lasting battery. To maximize battery life, ensure the camera is fully charged before deployment. Battery performance may vary based on usage frequency, motion detection events, and environmental temperature.

Firmware Updates

Periodically check the PetTec app for available firmware updates. Keeping your camera's firmware updated ensures

optimal performance, security, and access to new features.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Camera not connecting to Wi-Fi	Incorrect Wi-Fi password; Camera too far from router; Only 2.4 GHz Wi-Fi supported.	Verify Wi-Fi password. Move camera closer to router. Ensure your Wi-Fi network is 2.4 GHz. Reset camera and try pairing again.
No live video feed	Poor Wi-Fi signal; Camera offline; App issue.	Check Wi-Fi signal strength. Ensure camera is powered on and connected. Restart the app or your smartphone.
Motion detection alerts not received	Notifications disabled in app or phone settings; Motion sensitivity too low.	Enable push notifications for the PetTec app. Increase motion detection sensitivity in app settings.
Short battery life	Frequent motion events; Extreme temperatures; Continuous live viewing.	Reduce motion detection sensitivity or frequency. Avoid extreme temperatures. Limit continuous live viewing. Ensure full charge before use.

If you encounter issues not listed here, please refer to the support section or contact PetTec customer service.

SPECIFICATIONS

- Model:** PetTec Cam Free
- Video Resolution:** Full HD 1080p
- Field of View:** Wide Angle
- Night Vision Range:** Up to 10 meters
- Battery Capacity:** 9000 mAh (up to 9 months battery life, depending on usage)
- Connectivity:** Wi-Fi (2.4 GHz only)
- Audio:** Two-way audio (microphone and speaker)
- Weather Resistance:** IPX5
- Special Features:** Motion detection, Digital Zoom, Siren
- Material:** Plastic
- Dimensions:** Approximately 31.9 x 18.7 x 8.1 cm (package dimensions)
- Weight:** Approximately 1 kg (package weight)

WARRANTY AND SUPPORT

Warranty Information
