Umbra 1021299-660

Umbra Flex Adhesive Shower Corner Shelf Instruction Manual

Model: 1021299-660

PRODUCT OVERVIEW

The Umbra Flex Adhesive Shower Corner Shelf is designed to provide elevated storage in your shower, utilizing corner space efficiently. It features a non-damaging adhesive installation system and integrated drainage for hygiene.

Image: The Umbra Flex Adhesive Shower Corner Shelf, white, shown installed in a shower corner, neatly organizing shampoo, conditioner, soap, and a razor. A washcloth hangs from one of its integrated hooks.

This corner bin is part of the Umbra Flex Adhesive Bath Collection, made from 85% recycled plastic, emphasizing eco-friendly design and rust-proof durability.

PACKAGE CONTENTS

- 1 x Umbra Flex Adhesive Shower Corner Shelf (White)
- Adhesive mounting strips

Image: The Umbra Flex Adhesive Corner Bin in its retail packaging, highlighting features like "Eco Friendly," "Non-Damaging," "Peel & Stick," and "Rust Proof."

INSTALLATION INSTRUCTIONS

Surface Preparation

Ensure the mounting surface is smooth, clean, and dry. The adhesive works on various surfaces such as tiles, drywall, concrete, glass, marble, and metal. **Do not use on porous surfaces or wallpaper.**

Warning: Surface damage may occur if adhesive mounting is removed from drywall, concrete, wallpaper, and porous surfaces.

Mounting the Shelf

1. Clean the desired corner surface thoroughly with a non-abrasive cleaner and dry completely.
2. Peel the protective backing from the adhesive strips located on the back of the shelf.
3. Align the shelf with the corner, ensuring it is level.
4. Press firmly against the wall for at least 30 seconds to ensure strong adhesion.
5. Allow the adhesive to cure for 24 hours before placing items on the shelf to ensure maximum bond strength.

Image: A graphic illustrating the "Peel & Stick" non-damaging adhesive installation process, showing a corner shelf being applied to a smooth surface. Text indicates adherence to glass, tile, marble, and metal.

USAGE AND OPERATION

The Umbra Flex Adhesive Shower Corner Shelf is designed to hold various shower essentials. Its flexible silicone band can accommodate larger bottles, and the two integrated hooks are suitable for hanging loofahs, washcloths, or razors.

- Place shampoo, conditioner, body wash, and other items on the shelf.
- Utilize the hooks for hanging accessories.
- The integrated drainage holes allow water to flow through, keeping items dry and preventing water accumulation.

Image: The Umbra Flex Adhesive Shower Corner Shelf, white, filled with bath products like shampoo, conditioner, and soap. A loofah hangs from one of the side hooks, demonstrating its storage capacity.

MAINTENANCE AND CARE

To maintain the appearance and functionality of your shower shelf:

- Regularly clean the shelf with mild soap and water.
- Wipe dry with a soft cloth to prevent water spots and soap scum buildup.
- The integrated drainage system helps keep the shelf clean and dry, but occasional cleaning is recommended.

TROUBLESHOOTING

Shelf Detachment

If the shelf detaches from the wall, it may be due to improper installation, exceeding the weight limit, or surface incompatibility. The maximum recommended load is 5 pounds (2.7 kg).

- Ensure the surface was thoroughly cleaned and dry before application.

- Verify the surface is smooth and non-porous.
- Do not overload the shelf.
- If re-installation is necessary, new adhesive strips may be required. Contact Umbra customer support for replacement adhesive strips.

Adhesive Residue Removal

If adhesive residue remains on the wall after removal, it can be challenging to remove, especially from certain surfaces. Use appropriate adhesive removers (e.g., Goo Gone) and follow product instructions carefully. Test on an inconspicuous area first.

SPECIFICATIONS

Brand	Umbra
Model Number	1021299-660
Color	White
Material	Plastic (85% recycled)
Product Dimensions	12"D x 7.5"W x 3.38"H (30 x 19 x 8.6 cm)
Item Weight	8.1 ounces
Maximum Recommended Load	5 Pounds (2.7 kg)
Mounting Type	Wall Mount (Adhesive)
Special Features	Integrated Drainage Holes, Flexible Band, Rust Proof
