Ymiko YM-AF001

Ymiko Automatic Cat Feeder Instruction Manual

Model: YM-AF001

INTRODUCTION

Thank you for choosing the Ymiko Automatic Cat Feeder. This device is designed to provide convenient and consistent feeding for your cat, ensuring they receive their meals on schedule, even when you are away. With programmable meal times, portion control, and a voice recording feature, this feeder helps maintain a healthy and regular diet for your beloved pet.

PRODUCT FEATURES

- **Large Capacity:** 3L (approximately 12.7 cups) food storage, suitable for multiple days of feeding.
- **Programmable Feeding:** Schedule up to 4 meals per day with customizable portion sizes.
- **Voice Recorder:** Record a personalized 10-second message to call your pet at meal times.
- **Dual Power Supply:** Operates via AC power adapter or 3 D-cell batteries (not included) for backup during power outages.
- **Anti-Clogging Design:** Engineered to prevent food blockages, ensuring smooth dispensing.
- **Secure Locking Lid:** Designed to keep pets from accessing food outside of scheduled feeding times.
- **Visible Frosted Hopper:** Allows for easy monitoring of food levels.

PACKAGE CONTENTS

- Ymiko Automatic Cat Feeder Main Unit
- Food Bowl
- Power Adapter
- User Manual (this document)

SETUP

1. **Placement:** Place the feeder on a flat, stable surface away from direct sunlight or heat sources.
2. **Power Connection:**
 - Connect the power adapter to the feeder and plug it into a wall outlet.
 - For battery backup, insert 3 D-cell batteries (not included) into the battery compartment at the bottom of the feeder.
3. **Assemble Food Bowl:** Attach the food bowl securely to the main unit.
4. **Fill Food Hopper:** Open the top lid and fill the hopper with dry pet kibble. Ensure the kibble size is between 2-12mm to prevent clogging. Close the lid securely.

Dual Power Supply

Offer constant food for your beloved pets

OPERATING INSTRUCTIONS

1. Setting Current Time

- Press and hold the "SET" button until the clock icon flashes.
- Use the "UP" and "DOWN" arrows to adjust the hour, then press "SET" to confirm.
- Repeat for minutes.

2. Programming Feeding Schedules

- Press "SET" to cycle through Meal 1, Meal 2, Meal 3, and Meal 4 settings.
- For each meal, use "UP" and "DOWN" arrows to set the feeding time (hour and minute) and the number of portions (1-9 portions).
- Press "SET" to confirm each setting and move to the next.
- To disable a meal, set its portion to 0.

3. Recording Voice Message

- Press and hold the "REC" button. The microphone icon will appear.
- Speak your 10-second message clearly into the microphone.
- Release the "REC" button to save the message.
- To play back the message, press the "PLAY" button. The recorded message will play during scheduled feeding times.

Personalized Meal Call

Keep in touch with your pets

Image: Two cats approaching the Ymiko Automatic Cat Feeder, with a speech bubble indicating a personalized meal call, demonstrating the voice recording feature.

4. Manual Feeding

- Press the "MANUAL" button once to dispense one portion of food immediately.

MAINTENANCE

- **Cleaning:** The food bowl and hopper can be detached for cleaning. Wash them by hand with mild soap and water. Ensure all parts are completely dry before reassembling. Do not immerse the main unit in water.

- **Food Refill:** Regularly check the food level in the transparent hopper and refill as needed to ensure continuous feeding.
- **Battery Replacement:** If using battery backup, replace D-cell batteries when the low battery indicator appears on the display.

TROUBLESHOOTING

Problem	Possible Cause & Solution
Feeder not dispensing food.	<p>Food Clog: Check the food outlet for blockages. Ensure kibble size is within 2-12mm.</p> <p>Empty Hopper: Refill the food hopper.</p> <p>Incorrect Settings: Verify meal times and portion sizes are correctly programmed.</p>
Clock loses time or settings reset.	<p>Power Interruption: Ensure the AC adapter is securely plugged in.</p> <p>Low Batteries: Replace D-cell batteries if using battery backup.</p>
Voice recording is unclear or not playing.	<p>Recording Issue: Re-record the message, speaking clearly and close to the microphone.</p> <p>Volume: Ensure the volume is set appropriately (if adjustable, though not specified in data).</p>
Pet is accessing food outside of feeding times.	<p>Lid Not Secure: Ensure the top lid is properly closed and locked.</p>
