AZLA SednaEarfit MAX ASMR Standard

AZLA SednaEarfit MAX ASMR Standard Earbud Tips (S/MS/M Set) Instruction Manual

Introduction

The AZLA SednaEarfit MAX ASMR Standard earbud tips are designed to enhance your listening experience by providing superior comfort, noise isolation, and sound quality. Crafted from medical-grade silicone, these tips offer a secure and comfortable fit for extended use. This manual provides essential information for the proper use and maintenance of your earbud tips.

Key Features

- **Premium Medical Silicone:** Constructed from high-quality medical silicone for maximum safety and comfort.
- **Tapered Structure:** Features a tapered design that becomes thinner inside the ear, preventing discomfort and maximizing noise cancellation.
- **Enhanced Noise Cancellation:** Designed to provide an immersive audio experience by effectively reducing ambient noise.
- **Optimized Sound Delivery:** Equipped with an internal structure that delivers deep and delicate sound.
- **Integrated Hexagonal Filters:** Seamlessly integrated silicone filters prevent dust from entering your ears without compromising sound quality.
- **Secure and Comfortable Fit:** Unique design ensures tips remain in place during various activities.

Compatibility

These earbud tips are compatible with a wide range of popular earbud brands and models, including but not limited to:

- **Sony:** WF-1000XM5, WF-1000XM4, WF-1000XM3, LinkBuds S, INZONE Buds, WF-XB700, WF-H800
- **Beats:** Power Beats Pro

- **Samsung:** Galaxy Buds 2 Pro
- **JLab:** Epic Air Sport, Epic Air ANC
- **Sennheiser:** Momentum True Wireless 4, MTW3, MTW 1, MTW 2, CX True Wireless, CX400BT, CX PLUS TW
- **Skullcandy:** PUSH
- **Jabra:** Elite 85T
- **Other Compatible Brands:** ANKER (Liberty 3 Pro, A40, Life Dot 2 ANC), Audio-Technica (CKR7TW, SPORT7TW, ATH-SQ1TW, ATH-TWX9), AKG (N400), Britz (BR-TWS202), Bang & Olufsen (E8 SPORT, EQ, E8), Bowers & Wilkins (Pi7, Pi7 S2, Pi5), BGVP (Q2S), Denon (Perl Pro), Harman Kardon (Fly TWS), Jaybird (Run), JBL (WAVE100, Streak), Master & Dynamic (MW08, MW07), Noble Audio (Falcon, Fokus Pro, Noble Fokus Prestige), Nuheara (IQBuds2 MAX), Philips (TAT4556), Saramonic (BH60), Urbanears (Alby), House of Marley (Champion), Yamaha (TW-E7B, TW-E3C, TW-E3B), Sudio (TOLV).

Choosing the Right Size

Optimal sound quality and noise cancellation depend on selecting the correct ear tip size. This set includes Small (S), Medium-Small (MS), and Medium (M) sizes. Experiment with each size to find the best fit for your ears.

- A proper fit should feel snug and comfortable, creating a good seal in your ear canal without causing pressure or pain.
- If the ear tips feel loose or allow significant ambient noise, try a larger size.
- If they cause discomfort or pressure, try a smaller size.

Installation

Follow these steps to properly install the ear tips on your earbuds:

1. **Remove Existing Tips:** Gently pull off the current ear tips from your earbud nozzles.
2. **Select Correct Size:** Choose the AZLA SednaEarfit MAX ASMR tip size that provides the most comfortable and secure fit.
3. **Attach New Tips:** Align the opening of the AZLA ear tip with the earbud nozzle. Push the ear tip onto the nozzle until it is securely seated. Ensure the tip is fully attached and not loose.
4. **Test Fit:** Insert the earbuds into your ears and check for a comfortable, snug seal. Adjust as needed.

Operating

Once installed, the AZLA SednaEarfit MAX ASMR earbud tips operate passively to enhance your audio experience. No active controls are present on the tips themselves.

- **Wearing:** Insert your earbuds with the new tips into your ears, ensuring a snug fit. The tapered design helps the tips conform to your ear canal for optimal comfort and noise isolation.
- **Noise Cancellation:** The design of the tips, combined with the medical-grade silicone, provides passive noise cancellation, reducing external sounds and allowing you to focus on your audio.
- **Sound Quality:** The internal structure and hexagonal filters are engineered to preserve and enhance the delicate details of your audio, delivering a rich and immersive sound.

Care and Maintenance

To ensure the longevity and hygiene of your AZLA SednaEarfit MAX ASMR earbud tips, follow these care instructions:

- **Regular Cleaning:** Clean the ear tips regularly with a soft, damp cloth. For deeper cleaning, remove them from the earbuds and wash gently with mild soap and water.
- **Drying:** Allow the ear tips to air dry completely before reattaching them to your earbuds. Do not use heat to dry them.
- **Avoid Harsh Chemicals:** Do not use alcohol-based cleaners, abrasive materials, or harsh chemicals, as these can damage the silicone.
- **Storage:** Store unused ear tips in a clean, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

If you encounter any issues with your earbud tips, consider the following:

- **Poor Fit/Falling Out:**
  - Ensure you have selected the correct size. Try a larger size if the tips feel loose.
  - Make sure the tips are fully seated on the earbud nozzles.
  - Adjust the earbud's position in your ear to achieve a better seal.
- **Reduced Sound Quality/Noise Cancellation:**
  - Verify that the ear tips are clean and free from earwax or debris, especially the internal hexagonal filters.
  - Confirm that the ear tips are creating a proper seal in your ear canal. A poor seal can significantly impact sound and noise cancellation.
  - Ensure the ear tips are not damaged or torn.
- **Discomfort/Pain:**
  - Try a smaller size ear tip.
  - Ensure the earbud is not inserted too deeply or at an awkward angle.

Specifications

Brand	AZLA
Model	SednaEarfit MAX ASMR Standard
Material	Medical Silicone
Included Sizes	Small (S), Medium-Small (MS), Medium (M)
Compatibility	Universal for various wireless earbuds (see Compatibility section for details)
