Yaheetech 591852D

User Manual for Yaheetech 158cm Pink Cat Tree

Model: 591852D | Brand: Yaheetech

1. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use of the cat tree. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly Personnel:** We recommend 1 or more people for assembly to ensure stability and ease of construction.

- **Estimated Assembly Time:** The expected assembly time is approximately 1 hour.

- **Child Safety:** This product is not intended for use by children. Keep children away during assembly and ensure they do not climb or play on the cat tree.

- **Heat and Fire Sources:** Keep the cat tree away from open flames, heaters, fireplaces, and other heat sources to prevent fire hazards.

- **Protective Gear:** We recommend wearing protective gloves during assembly to prevent cuts or scrapes.

- **Assembly Surface:** Always assemble the cat tree on a flat, stable surface. Use a protective pad or blanket underneath to avoid damage to your floor or the product components.

- **Product Placement:** We recommend placing the scratching post on a flat floor, ideally against a wall corner, to enhance stability.

- **Small Parts Warning:** If your cats tend to ingest small objects, please remove the bell attached to the hanging plush ball to prevent choking hazards.

2. PRODUCT OVERVIEW

The Yaheetech 158cm Pink Cat Tree is a multi-level activity center designed to provide your feline companions with a comfortable and engaging environment. It features various elements for play, rest, and scratching, promoting healthy cat behavior.

2.1 Key Features

- **Multi-Level Design:** This 5-tier cat tree includes 3 viewing platforms, 2 cozy cat caves, and a ladder, offering diverse spaces for exploration and relaxation.

- **Scratching Posts:** Equipped with 3 durable sisal scratching posts, the tree allows cats to sharpen their claws naturally, diverting attention from your furniture.

- **Interactive Toys:** Two hanging plush balls provide engaging entertainment, encouraging playful activity.

- **Comfortable Materials:** Constructed with high-quality wood board, 400g plush fabric, and strong sisal rope, ensuring a soft, comfortable, and sturdy structure.

- **Stable and Durable:** Made from E1 emission grade pressed wood board and strong supporting posts, guaranteeing high stability and a long service life.

- **Space-Saving Design:** Its vertical structure allows it to fit neatly into a corner, serving as both a

functional play area and a decorative furniture piece.

3. ASSEMBLY INSTRUCTIONS

Before you begin, ensure all parts are present and undamaged. Refer to the included assembly instructions for detailed diagrams and step-by-step guidance. The general assembly process involves connecting the base, posts, platforms, and cat caves.

3.1 Package Contents

Your package should contain the following items:

- 1 x Cat Scratching Post (main structure components)
- 1 x Accessory Pack (screws, tools, hanging toys)
- 1 x Assembly Instructions Manual (this document refers to the included diagrammatic guide)

3.2 General Assembly Steps

1. **Prepare the Area:** Clear a spacious, flat area for assembly. Lay down a protective pad or blanket to prevent scratches to your floor and the cat tree components.
2. **Identify Components:** Unpack all components and identify them using the parts list in the separate assembly instruction manual.
3. **Assemble the Base:** Attach the lowest scratching posts to the base plate according to the diagrams. Ensure all connections are secure.
4. **Build Lower Levels:** Connect the first set of platforms and cat caves to the base structure. Tighten all screws firmly but do not overtighten.
5. **Install Ladder:** Attach the ladder to its designated position, ensuring it is stable for your cat's access.
6. **Construct Upper Levels:** Continue building upwards, adding more scratching posts, platforms, and the second cat cave as indicated in the assembly manual.
7. **Attach Top Platform:** Secure the top viewing platform (cat ear platform) to the highest post.
8. **Add Accessories:** Attach the hanging plush balls to their designated points.
9. **Final Check:** Once assembled, gently shake the cat tree to ensure all connections are stable and secure. Place it in its desired location, ideally against a wall corner for added stability.

4. CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your Yaheetech Cat Tree and keep it hygienic for your pets.

- **Plush Material Cleaning:** Clean the plush material with a damp cloth. For deeper cleaning, gently hand wash the affected areas with mild soap and water. Allow it to air dry completely before your cat uses it again. Do not machine wash or tumble dry.
- **Sisal Material Care:** The sisal scratching material generally requires no special cleaning. You can gently brush off any loose fibers or debris.
- **Wooden Components:** Dust or wipe the wooden components with a damp cloth as needed. Avoid using harsh chemicals or abrasive cleaners.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

- **Toy Safety:** If your cat tends to chew or ingest small items, consider removing the bell from the hanging plush ball to prevent choking hazards. Regularly inspect toys for wear and tear and remove if damaged.
- **Placement:** Ensure the cat tree is always placed on a flat, stable surface. If possible, position it against a wall for added stability, especially if you have active or multiple cats.

5. TROUBLESHOOTING

This section addresses common issues you might encounter with your cat tree.

- **Issue: The cat tree feels wobbly or unstable.**
  Solution: Ensure all screws are tightened securely. Check that the base is on a flat, level surface. If possible, place the cat tree against a wall or in a corner for additional support. Verify that all posts are correctly seated in their respective platforms and bases.
- **Issue: A part is missing or damaged.**
  Solution: Carefully check the packaging again. If a part is genuinely missing or damaged, please contact Yaheetech customer support with your purchase details and a description of the issue.
- **Issue: My cat is not using the scratching posts.**
  Solution: Try sprinkling catnip on the sisal posts to attract your cat. Gently guide your cat's paws to the scratching surface. Ensure the posts are stable and do not wobble when scratched.
- **Issue: The plush material is shedding.**
  Solution: A small amount of shedding is normal, especially when new. Use a lint roller or a soft brush to remove loose fibers. Avoid excessive rubbing or harsh cleaning methods.

6. WARRANTY AND SUPPORT

Yaheetech is committed to providing high-quality products. For any questions, concerns, or issues not covered in this manual, please contact our customer support team.

- **Warranty Information:** Please refer to your purchase documentation or the Yaheetech official website for specific warranty terms and conditions applicable to your product.
- **Customer Support:** For assistance, please visit the Yaheetech support page or contact us via the contact information provided on our official website. When contacting support, please have your model number (591852D) and purchase date ready.
