## Luxchoice SPT-S22-04

# Luxchoice 1 Person Inflatable Camping Air Mattress with Portable Pump Instruction Manual

## INTRODUCTION

---

Thank you for choosing the Luxchoice 1 Person Inflatable Camping Air Mattress. This product is designed to provide a comfortable and convenient sleeping solution for various indoor and outdoor activities. It features an integrated portable pump for quick and easy inflation and deflation.

Please read this manual thoroughly before use to ensure proper operation, maintenance, and safety.

## SAFETY INFORMATION

---

- Use only under adult supervision.
- Not suitable for use in water.
- Do not use in or near open flames or heaters.
- Keep away from sharp objects.
- Do not over-inflate.
- Ensure the valve is securely closed after inflation to prevent air leakage.
- The pump is rechargeable via USB. Do not attempt to open or modify the pump.
- Maximum weight capacity: 150 kg.

## PACKAGE CONTENTS

---

Verify that all items are present:

- Luxchoice 1 Person Inflatable Air Mattress
- Integrated Portable USB Rechargeable Pump
- Carry Bag
- User Guide (this document)

## SETUP: INFLATION

The Luxchoice air mattress features an integrated portable pump for quick inflation.

1. Unroll the air mattress on a clean, flat surface, ensuring there are no sharp objects underneath.
2. Locate the integrated pump unit on the side of the mattress.
3. Open the pump cover. Ensure the inflation valve is clear.
4. Flip the switch on the pump to the 'Inflate' position (usually indicated by a '+' or 'I').
5. The mattress will begin to inflate automatically. This process typically takes about 3 minutes.
6. Once the desired firmness is reached, flip the switch to the 'Off' position (usually 'O').
7. Close the pump cover securely.

## OPERATING THE AIR MATTRESS

The Luxchoice air mattress is versatile for various uses:

- **Camping:** Place inside a tent or under a canopy for a comfortable outdoor sleeping experience.
- **Guest Bed:** Ideal for accommodating guests at home.
- **Travel:** Its compact size when deflated and portable pump make it suitable for road trips and other travels.
- **Indoor Use:** Can be used in bedrooms, living rooms, or other indoor spaces as needed.

The flocked top surface provides a soft, waterproof, and luxurious feel, ensuring a good night's sleep.

## MAINTENANCE

- **Cleaning:** Wipe the mattress with a damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Drying:** Ensure the mattress is completely dry before folding and storing to prevent mold or mildew.
- **Puncture Repair:** In case of a small puncture, use a standard PVC repair kit (not included) to patch the affected area.
- **Pump Care:** Keep the portable pump dry and clean. Recharge it periodically even if not in use to maintain battery health.

## STORAGE: DEFLATION

To deflate and store the air mattress:

1. Open the pump cover and locate the deflation valve.
2. Flip the switch on the pump to the 'Deflate' position (usually indicated by a '-' or 'II').
3. The pump will automatically extract air from the mattress. This process typically takes about 2 minutes.
4. Once fully deflated, flip the switch to the 'Off' position.
5. Close the pump cover securely.
6. Fold or roll the mattress neatly and place it into the provided carry bag for easy transport and storage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Mattress not inflating	Pump not switched to 'Inflate' / Pump battery low / Valve not properly sealed	Ensure pump is on 'Inflate'. Charge pump battery. Check and secure the inflation valve.

Problem	Possible Cause	Solution
Mattress losing air	Valve not closed properly / Small puncture / Temperature change	Ensure all valves are tightly closed. Inspect for punctures and repair if found. Air mattresses can lose some firmness in colder temperatures; re-inflate if necessary.
Pump not working	Battery depleted / Switch malfunction	Recharge the pump battery. If the issue persists, contact customer support.

## SPECIFICATIONS

Feature	Detail
Model Number	SPT-S22-04
Size	1 Person
Dimensions (L x W x H)	195 x 95 x 22 cm (76.8 x 37.4 x 8.7 inches)
Material	Polychlorure de vinyle (PVC)
