Avantalk ATBH-NB19M

Avantalk Lingo Open-Ear Bluetooth Headphones User Manual

Model: ATBH-NB19M

1. Introduction

Thank you for choosing the Avantalk Lingo Open-Ear Bluetooth Headphones. This manual provides detailed instructions on how to set up, operate, and maintain your new headset. The Lingo headset is designed for crystal clear calls and surroundings awareness, featuring an open-ear design and a noise-filtering boom microphone.

2. Package Contents

Please check the box for the following items:

- Avantalk Lingo Headset
- USB-C Charging Cable

3. Product Overview

Familiarize yourself with the main components of your Avantalk Lingo headset:

- **Open-Ear Earpieces:** Designed to rest on your ears without covering them, allowing you to hear your audio and surroundings simultaneously.
- **Adjustable Boom Microphone:** Features a cVc 8.0 dual-mic noise-filtering system for clear calls. It can rotate 240 degrees for optimal positioning or storage.
- **Integrated Controls:** Buttons for power, volume, call management, and microphone mute are located on the headset.

4. Setup

4.1 Charging the Headset

Before first use, fully charge your Lingo headset. Connect the provided USB-C charging cable to the charging port on the headset and the other end to a USB power source (e.g., computer USB port, wall adapter). The charging indicator light will show the charging status. A full charge takes approximately 1.5 hours.

4.2 Pairing with Your Device

The Lingo headset uses Bluetooth 5.1 for wireless connectivity. Follow these steps to pair it with your device:

1. Ensure the headset is turned off.
2. Press and hold the Multi-function button (usually the power button) until the LED indicator flashes blue and red,

indicating pairing mode.

3. On your device (PC, laptop, phone, tablet), go to Bluetooth settings and enable Bluetooth.
4. Search for new devices. Select "Avantalk Lingo" from the list of available devices.
5. Once connected, the LED indicator on the headset will turn solid blue or flash blue slowly.

The headset has a Bluetooth range of up to 10 meters (33 feet).

5. Operating Instructions

5.1 Power On/Off

- **Power On:** Press and hold the Multi-function button for 3 seconds.
- **Power Off:** Press and hold the Multi-function button for 5 seconds.

5.2 Call Management

The Lingo headset is optimized for clear communication:

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Microphone Mute:** The boom mic features a dedicated mute switch. Slide the switch to mute or unmute the microphone. The mic can be rotated 240 degrees to position it optimally or to store it out of the way when not in use.

5.3 Audio Playback

- **Play/Pause:** Press the Multi-function button once.
- **Volume Control:** Use the volume up (+) and volume down (-) buttons on the headset.
- **Surroundings Awareness:** The open-ear design allows you to listen to audio while remaining aware of your environment, enhancing safety and interaction.

6. Maintenance

To ensure the longevity and optimal performance of your Avantalk Lingo headset, follow these maintenance guidelines:

- **Cleaning:** Wipe the headset with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For extended storage, charge the battery to approximately 50% every three months to prevent deep discharge.

7. Troubleshooting

If you encounter issues with your Lingo headset, refer to the following common problems and solutions:

Problem	Solution
Headset does not power on.	Ensure the headset is fully charged. Connect it to a power source and allow it to charge for at least 15 minutes before attempting to power on again.
Cannot pair with device.	Make sure the headset is in pairing mode (LED flashing blue and red). Ensure Bluetooth is enabled on your device and it is within the 10-meter range. Try restarting both the headset and your device.
No sound or low volume.	Check the volume levels on both the headset and your connected device. Ensure the headset is correctly paired and selected as the audio output device.
Microphone not working.	Ensure the microphone mute switch is in the unmute position. Check your device's audio settings to confirm the Lingo headset microphone is selected as the input device.
Intermittent connection.	Move closer to your connected device to reduce interference. Avoid physical obstructions between the headset and the device. Ensure no other strong wireless signals are causing interference.

8. Specifications

Feature	Detail
Model Name	Lingo
Model Number	ATBH-NB19M
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth 5.1
Bluetooth Range	10 Meters
