# TaoHFE SC002 White Bathroom Storage Cabinet Instruction Manual

## INTRODUCTION

---

Thank you for choosing the TaoHFE SC002 White Bathroom Storage Cabinet. This manual provides detailed instructions for assembly, usage, care, and maintenance to ensure safe and optimal performance of your new cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## SAFETY INFORMATION

---

**WARNING: To prevent serious injury, this cabinet must be securely attached to the wall using the anti-tipping device provided. Children can be seriously injured by furniture tipping over.**

- Always follow assembly instructions carefully to ensure stability.
- Do not allow children to climb on or play with the cabinet.
- Place heavier items on lower shelves to reduce the risk of tipping.
- Ensure all connections are tightened securely before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children.

**Figure 1: Anti-Tipping Design.** This image illustrates the anti-tipping mechanism, which is crucial for securing the cabinet to a wall and preventing accidental tip-overs, especially in households with children.

**Video 1: How to Assemble TaoHFE Bathroom Cabinet.** This video provides step-by-step instructions for assembling your TaoHFE SC002 cabinet, demonstrating each connection and hardware placement.

### Step-by-Step Guide:

1. **Prepare Side Panels:** Attach the small metal pieces (Ax4) to the bottom of side panels #2 and #3 using a screwdriver.
2. **Assemble Base:** Connect crossbar #9 to side panel #3 using wooden dowels (Cx2) and screws (Bx4). Then, attach bottom panel #6 to the assembled side panel and crossbar using screws (Cx2).
3. **Attach Second Side Panel:** Connect side panel #2 to the bottom panel and crossbar using wooden dowels (Cx2) and screws (Bx2). Ensure all connections are firm.
4. **Install Back Panels:** Slide the two back panels (#4) into the grooves on the side panels. Secure them together in the middle using the H channel fit (#7).
5. **Attach Top Panel:** Secure the top panel (#1) to the assembled frame using screws (Ax4) and magnetic catches (H Fx2).
6. **Secure Top Panel:** Further secure the top panel by inserting screws (Bx4) into the pre-drilled holes on the side panels, connecting them to the top panel.
7. **Insert Shelf Pins and Adjustable Shelf:** Place the shelf pins (Jx8) into the desired height holes on the inner sides of the cabinet. Carefully slide the adjustable shelf (#5) onto the pins.
8. **Install Doors:** Attach hinges (G x4) to doors (#8) using screws (Ex14). Then, attach the door handles (K x2) to the doors. Finally, mount the doors to the cabinet frame using screws (Ex2) for each hinge. Ensure the magnetic catches align for proper door closure.
