

Merax 065AAK

Merax Wood Bunk Bed with Drawers Instruction Manual

Model: 065AAK | Brand: Merax

1. INTRODUCTION

Thank you for choosing the Merax Wood Bunk Bed with Drawers. This versatile and space-saving bunk bed is designed to enhance any bedroom, offering comfortable sleeping arrangements and convenient storage. Crafted from high-quality solid pine wood, it provides a sturdy and durable structure for long-lasting use. This manual provides detailed instructions for assembly, safe operation, and proper maintenance to ensure years of enjoyment.

Figure 1: Merax Wood Bunk Bed with Drawers (Twin over Full, White)

Key Features:

- **Maximized Space:** Compact design with integrated storage drawers, ideal for smaller rooms or accommodating guests.
- **Versatility:** Features one twin size upper bed and one full size bottom bed. Can be separated into two individual beds.
- **Solid Construction:** Built with high-quality solid pine wood legs and a robust frame for enhanced stability and durability.
- **Safety Design:** Upper bunk includes a full-length guardrail, while the bottom bunk has both a headboard and footboard. Integrated ladder with wide steps for secure climbing.
- **Storage Drawers:** Two spacious drawers on wheels provide ample storage for bedding, toys, or other items.

2. IMPORTANT SAFETY WARNINGS

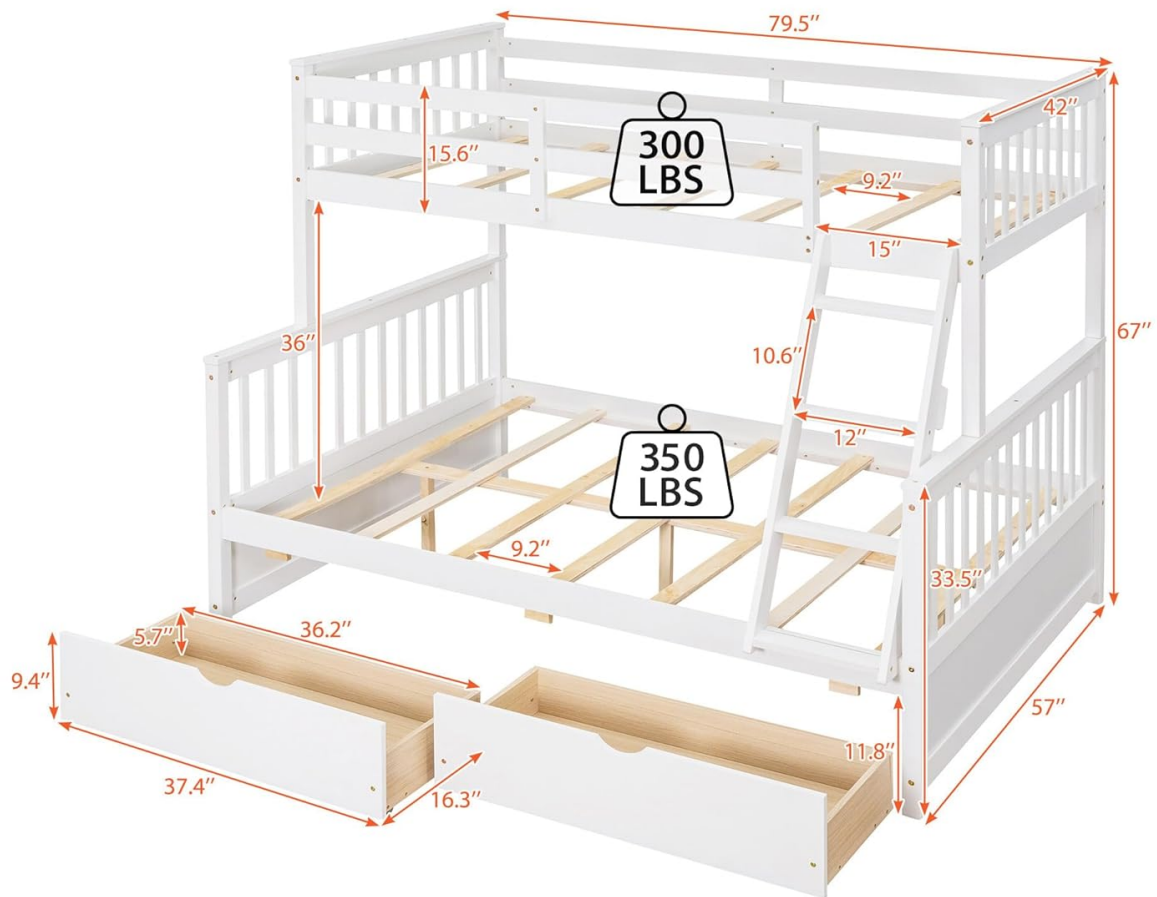

WARNING: Exceeding the recommended maximum weight capacity of 300 pounds per upper bunk and 350 pounds per lower bunk may result in serious injury or damage to the bed frame.

- Always follow assembly instructions carefully.
- Ensure all connections are securely tightened before use and periodically check for looseness.
- The top bunk is not suitable for children under 6 years of age.
- Do not allow more than one person on the upper bunk.
- Always use the ladder for entering and exiting the upper bunk. Do not jump on the bed.
- Use only mattresses that are 6-8 inches thick for both upper and lower bunks.
- Ensure the mattress on the upper bunk is at least 5 inches below the top of the guardrail.
- Keep children away from the assembly area until assembly is complete.

3. SETUP AND ASSEMBLY

Assembly of the Merax Bunk Bed requires two adults and approximately 3-4 hours. All necessary tools are provided. Please ensure all parts are present before beginning assembly.

SIZE:INCH

Dimensions:
79.5"L*57"W*67"H

Materials:
Solid Wood

Figure 2: Product Dimensions and Weight Capacities

Assembly Steps:

- 1. Unpack and Identify Parts:** Carefully unpack all components and hardware. Refer to the included parts list to ensure everything is accounted for.
- 2. Assemble Lower Bed Frame:** Begin by connecting the headboard, footboard, and side rails for the full-size lower bed. Secure all connections with the provided hardware.
- 3. Assemble Upper Bed Frame:** Construct the twin-size upper bed frame, including its headboard, footboard, and side rails with integrated guardrails.
- 4. Attach Ladder:** Securely attach the ladder to the designated side of the upper bunk. Ensure it is firmly in place and does not wobble.
- 5. Stack Beds:** With assistance, carefully lift the assembled upper bed frame and place it onto the lower bed frame, aligning the connecting points. Secure them together using the provided bolts.
- 6. Install Slats:** Lay the wooden slats across both the upper and lower bed frames. For added stability, it is recommended to use a drill to pre-drill pilot holes and secure the slats with screws, even if not explicitly instructed for all holes.
- 7. Assemble Storage Drawers:** Assemble the two storage drawers according to the instructions. Attach the wheels to the bottom of each drawer.
- 8. Insert Drawers:** Slide the assembled drawers under the lower bed. Ensure they roll smoothly.

- Place Mattresses:** Place the appropriate size mattresses (Twin for upper, Full for lower) onto the installed slats.

4. OPERATING AND USAGE

Convertible Design:

One of the key features of your Merax Bunk Bed is its ability to convert into two separate beds. To convert, carefully unbolt the upper bed from the lower bed. The upper bed can then be used as a standalone twin bed, and the lower bed as a standalone full bed. This provides flexibility for different room configurations or changing needs.

Figure 4: Bunk Bed in Detached Configuration

Storage Drawers:

The two integrated drawers slide smoothly on wheels, offering convenient access to stored items. These are ideal for bedding, clothing, books, or toys, helping to keep the room tidy and organized.

5. MAINTENANCE

- **Cleaning:** For general cleaning, wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish. For specific fabric components, follow "Dry Clean Only" instructions if applicable.
- **Tighten Connections:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain the bed's stability and safety.
- **Inspect Slats:** Regularly inspect the wooden slats for any signs of damage or wear. Replace any broken or cracked slats immediately to prevent mattress sagging or injury.
- **Drawer Maintenance:** Ensure the drawer wheels are free of debris to allow for smooth operation.

6. TROUBLESHOOTING

- **Squeaking Noises:** If the bed makes squeaking noises, check all bolts and screws and tighten them. Ensure the slats are properly seated and secured.
- **Wobbly Frame:** A wobbly frame usually indicates loose connections. Re-tighten all hardware. Ensure the bed is placed on a flat, even surface.
- **Drawers Not Sliding Smoothly:** Check the drawer wheels for any obstructions (e.g., carpet fibers, dust). Ensure the drawers are properly aligned within their tracks.
- **Difficulty Climbing Ladder:** The ladder is designed for secure climbing with wide steps. Ensure users are holding onto the side rails for stability.

7. SPECIFICATIONS

Size	Twin over Full
Product Dimensions	79.53"L x 57"W x 67"H
Special Feature	Storage Drawer
Color	White
Finish Type	Painted
Included Components	Guardrails, Slat, Drawer
