

HEANTTV A9

HEANTTV A9 Computer PC Speaker Instruction Manual

Model: A9

1. INTRODUCTION

Thank you for choosing the HEANTTV A9 Computer PC Speaker. This USB-powered soundbar is designed to deliver a high-fidelity stereo audio experience with dynamic RGB lighting, suitable for various devices including PCs, laptops, monitors, and smartphones. It offers versatile connectivity options, including wired USB/AUX and wireless Bluetooth 5.0. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your speaker to ensure optimal performance.

2. SETUP

2.1 Package Contents

- HEANTTV A9 Computer PC Speaker
- Integrated USB/AUX Cable
- User Manual

2.2 Connecting the Speaker

The HEANTTV A9 speaker offers both wired and wireless connectivity options.

Wired Connection (USB/AUX)

1. Connect the USB plug of the integrated cable to an available USB port on your PC, laptop, or a USB power adapter for power.
2. Connect the 3.5mm AUX plug of the integrated cable to the audio output jack (headphone jack) of your device (PC, laptop, monitor, smartphone).
3. The speaker is plug-and-play and does not require additional driver software for wired operation.

Bluetooth Connection

1. Ensure the speaker is powered on via USB.
2. Double-click the multi-functional knob on top of the speaker to switch to Bluetooth mode. The speaker will indicate it is ready for pairing (e.g., a blue light blinking).
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "HEANTTV A9" (or similar name) from the list of devices to pair.
5. Once paired, the speaker will indicate a successful connection (e.g., a solid blue light).

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your HEANTTV A9 speaker.

- **Cleaning:** Use a soft, dry cloth to wipe the speaker's surface. Avoid using abrasive cleaners, solvents, or sprays directly on the unit.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the speaker or subjecting it to strong impacts. Do not attempt to disassemble the unit, as this will void the warranty.
- **Environment:** Keep the speaker away from water and high humidity. While the product is not water-resistant, exposure to moisture can cause damage.

5. TROUBLESHOOTING

If you encounter issues with your HEANTTV A9 speaker, please refer to the following common solutions:

Problem	Possible Cause	Solution
No sound from speaker	<ul style="list-style-type: none"> • Speaker not powered on. • Volume too low. • Incorrect input mode selected. • Loose audio cable connection. • Device audio output settings. 	<ul style="list-style-type: none"> • Ensure USB is connected and providing power. • Rotate the knob clockwise to increase volume. • Double-click the knob to switch between wired/Bluetooth modes. • Check that the 3.5mm AUX cable is securely connected to both the speaker and the device. • Verify your computer/device's audio output is set to the speaker.
