WHAT'S IN THE BOX

Verify that all items listed below are included in your product packaging:

- Earbuds (Left and Right)
- Wireless Charging Case
- USB-C Charging Cable
- Earpiece Sets (7 sizes: XS1, XS2, S1, S2, M, L, XL)
- User Manual and Documentation

SETUP

1. Charging the Earbuds and Case

Before initial use, fully charge the earbuds and charging case. Place the earbuds into the charging case and close the lid. Connect the USB-C charging cable to the case and a power source. The LED indicator on the case will show charging status. The case also supports Qi wireless charging.

2. Earpiece Selection and Fit

The earbuds come with 7 different sizes of earpieces (XS1, XS2, S1, S2, M, L, XL) to ensure a secure and comfortable fit. The medium (M) size earpieces are pre-installed. Experiment with different sizes to find the best fit for your ears. A proper fit is crucial for optimal sound quality and noise cancellation performance.

ALL DAY COMFORT

7 EARPIECE SIZES FOR CUSTOMIZED COMFORT

3. Initial Pairing with a Smartphone

1. Remove both earbuds from the charging case. They will automatically enter pairing mode.
2. On your smartphone, go to Bluetooth settings.
3. Select "Technics EAH-AZ60M2" from the list of available devices.
4. Once connected, the earbuds will announce "Connected".

Video: Technics EAH-AZ60M2 How to Pair First and Second Device. This video demonstrates the process of pairing the earbuds with a primary smartphone.

4. Multipoint Pairing with a Second Device

The EAH-AZ60M2 supports multipoint connectivity, allowing connection to up to three Bluetooth devices simultaneously.

1. Ensure the earbuds are already paired with your first device.

2. Remove both earbuds from the charging case and wear them.
3. Press and hold the touch sensors on both the left and right earbuds for approximately 5-7 seconds until you hear "Pairing" followed by a chime.
4. On your second device (e.g., laptop, tablet), go to Bluetooth settings.
5. Select "Technics EAH-AZ60M2" from the list of available devices.
6. Once connected, the earbuds will announce "Connected".
7. Repeat the process for a third device if desired.

SMART DEVICE SWITCHING

CONNECT 3 DEVICES SIMULTANEOUSLY

(COMPATIBLE WITH APPLE AND ANDROID)

5. Technics Audio Connect App

For enhanced control and customization, download the "Technics Audio Connect" app from your device's app store. The app allows you to:

- Adjust noise cancellation levels.
- Customize equalizer settings.

- Check battery levels.
- Access additional features and settings.

EASY SET-UP

QUICK START THROUGH THE TECHNICS APP

OPERATING INSTRUCTIONS

1. Touch Sensor Controls

The earbuds feature intuitive touch sensor controls for managing playback, calls, and voice assistants. Refer to the app or quick start guide for specific tap commands.

2. Noise Cancelling Modes

The EAH-AZ60M2 offers advanced dual hybrid noise cancellation. You can switch between Noise Cancelling, Ambient Sound, and Off modes using the touch controls or the Technics Audio Connect app. Adjust the intensity of Ambient Sound mode via the app.

Image: A visual representation of the noise-cancelling technology in the earbuds, showing how external sounds are suppressed.

3. Call Quality with JustMyVoice Technology

Equipped with 8 high-sensitivity MEMS microphones and an advanced noise-reducing algorithm, JustMyVoice technology ensures your voice is transmitted clearly during calls, minimizing background interference.

CRISP, CLEAR CALLS

ENHANCED JUSTMYVOICE™ USES 8 MICS TO
IMPROVE VOICE CLARITY

MAINTENANCE

Regular cleaning helps maintain optimal sound quality and extends the lifespan of your earbuds.

Cleaning Earbuds and Earpieces

1. Remove the earpieces from the earbuds.
2. Gently wipe the earpieces with a soft, dry cloth to remove any earwax or dust. For deeper cleaning, you can wash the earpieces with mild soap and warm water, then rinse thoroughly and dry completely before reattaching.
3. For the earbuds themselves, gently blow on the mesh area to dislodge any debris. Use a dry, lint-free cloth to wipe the exterior of the earbuds. **Do not use cotton swabs or cloths directly on the mesh**, as this can push debris further in and affect sound quality.
4. Ensure all components are completely dry before reassembling and placing them back in the charging case.

Video: Technics earbuds - How to clean the earpieces and the unit. This video demonstrates the proper method for cleaning both the earpieces and the main earbud units.

TROUBLESHOOTING

Problem	Solution
No sound or low volume	Ensure earbuds are charged and connected. Check volume levels on both the earbuds and the connected device. Verify earpiece fit for a proper seal. Clean the earpieces and mesh for obstructions.
Cannot pair with a device	Ensure earbuds are in pairing mode (LED flashing). Turn off Bluetooth on other nearby devices. Forget the device in your Bluetooth settings and try pairing again. Ensure earbuds are sufficiently charged.
Noise cancellation ineffective	Adjust earpiece size for a tighter seal. Ensure Noise Cancelling mode is active via touch control or app.
Poor call quality	Ensure earbuds are properly positioned. Check for obstructions around the microphones. Ensure your device's signal is strong.

SPECIFICATIONS

Feature	Detail
Model Name	Technics True Wireless Bluetooth Earbuds EAH-AZ60M2
Connectivity Technology	Bluetooth, Wireless
Wireless Communication Technology	Bluetooth 5.3
Noise Control	Active Noise Cancellation (Dual Hybrid)
Audio Driver Type	8mm Dynamic Driver
Battery Life (Earbuds)	7 Hours (with Noise Cancelling on)
Battery Life (with Charging Case)	Up to 24 Hours
Charging	USB-C, Qi Wireless Charging
Special Features	3 Device Multipoint, Alexa Built-In, JustMyVoice Technology, LDAC Compatibility
Water Resistance Level	Water Resistant
Item Weight	7.9 ounces
Product Dimensions	2.87 x 1.5 x 1.1 inches
