EMMA + OLIVER EOH-3GI-2-191191

EMMA + OLIVER Transparent Side Chair with Arms and Gold Base Instruction Manual

Model: EOH-3GI-2-191191

Introduction

Thank you for choosing the EMMA + OLIVER Transparent Side Chair with Arms and Gold Base. This manual provides essential information for the safe and proper assembly, use, and maintenance of your new chair. Please read all instructions carefully before use and retain this manual for future reference.

This transparent accent side chair is designed to blend seamlessly with various decorating themes, offering a modern and elegant touch to any home or office environment. Its crystal finish highlights surrounding decor and can make smaller spaces appear larger.

Safety Information

- Always check the maximum weight capacity before use. The maximum weight recommendation for this chair is 450 pounds.
- Ensure the chair is used on a stable, even surface to prevent tipping or instability.
- Keep children away from the chair during assembly to prevent injury.
- Do not stand on the chair or use it as a step stool.
- Avoid exposing the chair to extreme temperatures or direct sunlight for prolonged periods, as this may affect the material's integrity.

Product Features

- **Pack of 2:** This product includes two transparent side accent chairs, ideal for various settings.
- **Polycarbonate Molded Structure:** Features curved arms and a contoured seat for comfort and durability.
- **Transparent Crystal Finish:** Provides a fluid, almost invisible design that enhances any decor.
- **Contemporary Design:** A see-through armchair suitable for both residential and commercial use.
- **Adjustable Floor Glides:** Protects floors and allows for smooth movement of the chairs.

Setup and Assembly

Your EMMA + OLIVER Transparent Side Chair is designed for straightforward assembly. Please follow these steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the parts diagram (not included in this manual, refer to packaging) are present and undamaged.
2. **Attach Base to Seat:** Align the chair's gold metal base with the pre-drilled holes on the underside of the polycarbonate seat. Secure the base using the provided screws and an appropriate tool (e.g., Allen wrench). Ensure all screws are tightened firmly but do not overtighten to avoid damaging the material.
3. **Check Stability:** Once assembled, place the chair on a flat surface and gently test its stability. Ensure all connections are secure and the chair does not wobble. Adjust the adjustable floor glides as needed to achieve perfect balance.

Note: It is recommended to assemble the chair on a soft, clean surface to prevent scratches.

Operating Instructions

Using your EMMA + OLIVER Transparent Side Chair is simple and intuitive:

- **Proper Seating:** Sit centrally on the chair, ensuring your weight is evenly distributed. The contoured seat and curved arms are designed for comfortable support.
- **Movement:** When moving the chair, lift it slightly rather than dragging it to prevent wear on the floor glides and floor surface. The adjustable floor glides are designed for smooth movement when necessary.
- **Weight Limit:** Adhere strictly to the maximum weight capacity of 450 pounds to ensure safety and product longevity.

Maintenance

To keep your EMMA + OLIVER Transparent Side Chair in excellent condition, follow these maintenance guidelines:

- **Cleaning:** Wipe the polycarbonate seat and gold metal base with a soft, damp cloth. For stubborn marks, use a mild soap solution and immediately dry with a clean, soft cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the transparent finish and metal.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Protect from Sunlight:** Prolonged exposure to direct sunlight can cause discoloration or weakening of the polycarbonate. Position the chair away from direct, intense sunlight when possible.

Troubleshooting

Here are solutions to common issues you might encounter:

- **Chair Wobbles:** Check that all screws connecting the base to the seat are securely tightened. Adjust the floor glides on each leg to ensure even contact with the floor.
- **Scratches on Polycarbonate:** Minor scratches can sometimes be buffed out with a specialized plastic polish. For deeper scratches, professional repair may be required. Prevent scratches by avoiding abrasive contact and using soft cleaning cloths.
- **Discoloration:** If the transparent material appears discolored, it may be due to prolonged exposure to direct sunlight or certain chemicals. Ensure proper placement and cleaning as per maintenance instructions.

Specifications

Attribute	Detail
Brand	EMMA + OLIVER
Model Number	EOH-3GI-2-191191
Color	Clear
Material	Polycarbonate, Rubber
Product Dimensions	24"D x 24"W x 31.75"H
