Setup Guide

1. Insert iPad:

Gently align your compatible iPad with the case and press it into place. Ensure the iPad is securely seated within the protective frame of the case.

Image: An iPad inserted into the keyboard case, demonstrating the secure fit.

2. Charge the Keyboard:

Before first use, fully charge the keyboard. Connect the provided Type-C to Type-C charging cable to the keyboard's charging port and a compatible power adapter (not included). The charging indicator light will show charging status.

3. Power On:

Locate the power button on the keyboard. Press and hold the power button for 3-5 seconds to turn on the keyboard. The power indicator light will illuminate.

Image: A detailed diagram highlighting the keyboard's function keys, including the power button (labeled 9).

4. Bluetooth Pairing:

- On your iPad, go to **Settings > Bluetooth**.
- Ensure Bluetooth is turned **On**.
- On the keyboard, press the **Bluetooth pairing key** (often indicated by a Bluetooth symbol or a specific function key combination, refer to keyboard diagram if available). The Bluetooth indicator light will flash, indicating it's in pairing mode.
- On your iPad, select "edaiser Keyboard" or a similar name from the list of available devices.
- Follow any on-screen prompts to complete the pairing process. The indicator light on the keyboard will stop flashing once successfully paired.

Operating Instructions

Adjustable Viewing Angle

The keyboard case features a 125°-130° adjustable angle, allowing you to find the optimal viewing position for typing, watching, or drawing. Simply adjust the iPad's position relative to the keyboard base.

Image: Side profile of the keyboard case demonstrating its adjustable viewing angle.

Keyboard Functions

The keyboard includes various function keys for quick access to iPad features:

- **Home Key (1):** Returns to the iPad home screen.
- **Screen Brightness (2):** Adjusts iPad screen brightness up or down.
- **Onscreen Keyboard (3):** Shows or hides the virtual onscreen keyboard.
- **Screen Capture Key (4):** Captures a screenshot of the iPad display.
- **Multimedia Keys (5):** Controls media playback (back, play/pause, forward).
- **Volume Controls (6):** Mutes, increases, or decreases iPad volume.
- **Backlight Brightness (7):** Adjusts the backlight brightness (3 levels).
- **Backlight Color (8):** Switches between 7 different backlight colors.
- **Power Sources (9):** Hold for 3-5 seconds to power on/off the keyboard.

Multi-Touch Trackpad

The integrated multi-touch trackpad supports various iPadOS gestures for seamless navigation:

- **Single-finger tap:** Click/select.
- **Two-finger scroll:** Scroll up/down or left/right.
- **Three-finger swipe up:** Go to home screen.
- **Three-finger swipe left/right:** Switch between open apps.
- **Pinch to zoom:** Zoom in/out on content.
- Refer to iPadOS documentation for a complete list of supported gestures.

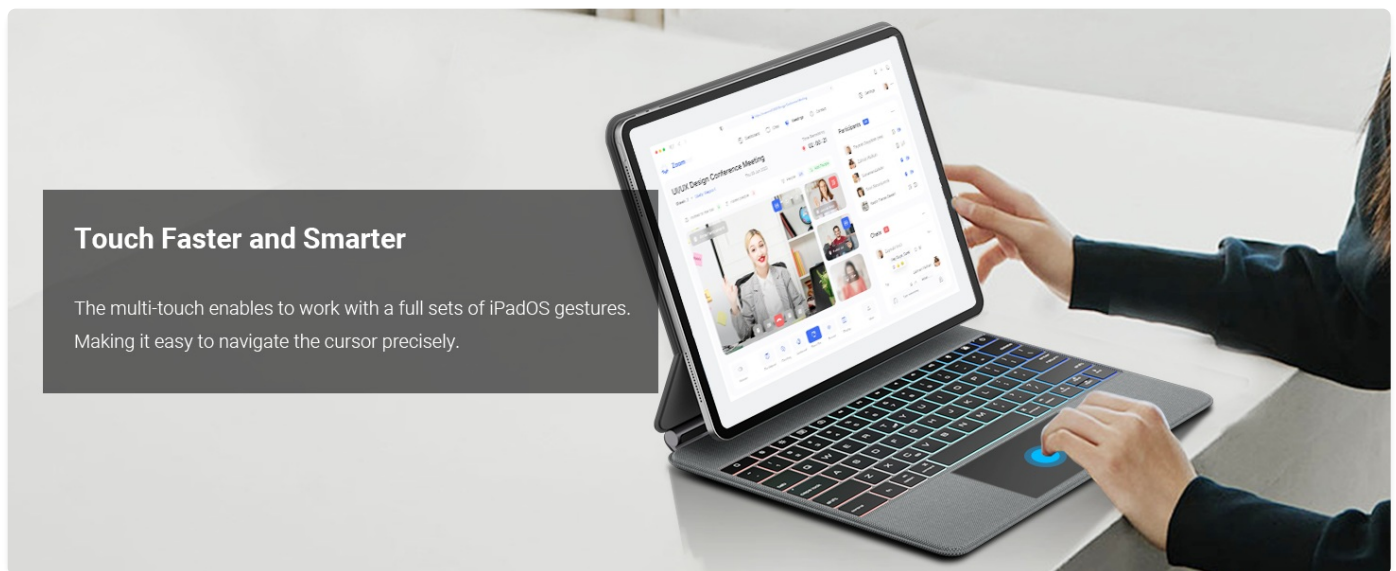

Image: A person using the multi-touch trackpad to navigate their iPad, illustrating its functionality.

Maintenance

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water to clean the exterior of the case and keys. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place.
- **Battery Care:** To prolong battery life, avoid fully discharging the keyboard frequently. Charge it regularly, even if not in constant use. The battery is built-in and not user-replaceable.

Troubleshooting

- **Keyboard not connecting via Bluetooth:**
 - Ensure the keyboard is powered on and fully charged.
 - Check that Bluetooth is enabled on your iPad.
 - Forget the device in iPad's Bluetooth settings and attempt to re-pair.
 - Restart both the iPad and the keyboard.
- **Backlight not working or dim:**
 - Press the backlight brightness key (7) to cycle through brightness levels.
 - Ensure the keyboard has sufficient battery charge.
- **Trackpad unresponsive:**
 - Ensure the keyboard is connected via Bluetooth.
 - Check iPadOS settings for trackpad functionality.
 - Restart the keyboard and iPad.
- **Keys not responding:**
 - Verify Bluetooth connection.
 - Ensure the keyboard is not in sleep mode (press any key to wake).
 - Check battery level.
