# MEWOOFUN Large Cat Window Hammock

Model: ZXX-WP074

### INTRODUCTION

Thank you for choosing the MEWOOFUN Large Cat Window Hammock. This manual provides essential information for the safe and proper installation, operation, and maintenance of your new cat perch. Please read these instructions carefully before assembly and retain them for future reference.

### Product Overview

Image: A cat enjoying the MEWOOFUN Large Cat Window Hammock installed on a window sill.

The MEWOOFUN Large Cat Window Hammock is designed to provide a comfortable and secure resting spot for your cat. Constructed from high-quality wood and metal, it offers a sturdy platform that can be easily installed on various surfaces without drilling. The hammock features a reversible cover for year-round comfort.

## **SAFETY INSTRUCTIONS**

---

- Ensure all components are securely fastened before allowing your cat to use the hammock.
- Do not exceed the maximum weight capacity of 18 kg (approximately 40 lbs).
- Regularly inspect the hammock for any signs of wear, damage, or loose parts. Discontinue use if any issues are found.
- Install the hammock on a stable and appropriate surface, such as a window sill, bedside, or drawer, as instructed.
- Keep small parts away from children and pets during assembly.

## **PACKAGE CONTENTS**

---

Please verify that all components are present before beginning assembly:

- Wooden frame components

- Metal support hooks
- Reversible fabric cover
- Adjustable support legs
- Fasteners (screws, knobs)
- Felt anti-slip mats

## SETUP AND INSTALLATION

The MEWOOFUN Cat Window Hammock is designed for easy, no-drilling installation. Follow these steps:

### 1. Step 1: Attach Metal Hooks

Assemble the wooden frame and attach the metal hooks to the designated slots. Ensure the hooks are oriented correctly to hang over your chosen surface (window sill, bedside, or drawer).

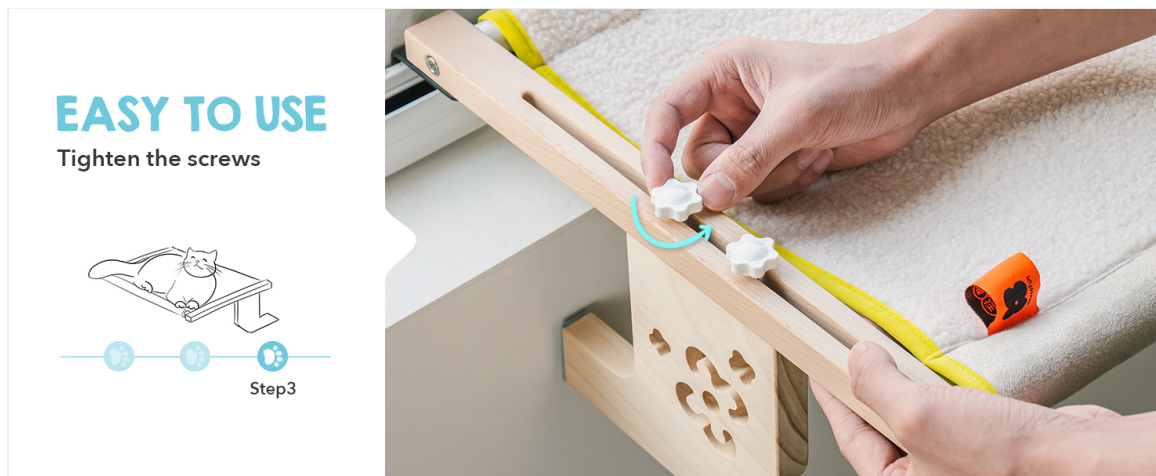

Image: Hanging the metal hooks onto a window sill.

### 2. Step 2: Adjust Supporting Legs

Loosen the screws on the adjustable supporting legs. Position the hammock on your desired surface. Adjust the legs to the most suitable position, ensuring they provide stable support against the wall or furniture.

Image: Adjusting the supporting legs for optimal fit.

### 3. Step 3: Tighten Screws

Once the supporting legs are in the correct position and the hammock is stable, tighten all screws firmly to secure the structure. Ensure the felt anti-slip mats are in place on the bottom of the legs to protect your wall or furniture.

## Key Installation Features

- **Widened Metal Hooks:** Provide super support and stability.

Image: Detail of the widened metal hook and felt anti-slip mat.

- **Felt Anti-slip Mat:** Protects your wall or furniture from scratches and provides additional grip.
- **Window Closure Compatibility:** The design reserves 0.6 inches (approximately 1.5 cm) of width, allowing windows to close without obstruction.

## No suction cup drop trouble

### OPERATING INSTRUCTIONS

- **Reversible Fabric Cover:** The hammock includes a reversible cover designed for different seasons. One side is a warm plush fabric for colder weather, and the other is a breathable mesh fabric for warmer temperatures. Simply flip the cover to suit your cat's comfort needs.

## *meow.* Front and back fabric

Warm plush cloth for winter

Breathable mesh fabric for summer

### Reversible Cover

Ideal for use year-around.

## MAINTENANCE

- **Cleaning the Fabric Cover:** The fabric cover is removable and can be hand washed. Use mild detergent and cold water. Air dry completely before reattaching to the frame. Do not bleach or tumble dry.
- **Frame Cleaning:** Wipe the wooden and metal frame components with a damp cloth as needed. Avoid harsh chemicals or abrasive cleaners.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Inspect the fabric for tears or excessive wear.

## TROUBLESHOOTING

- **Hammock feels unstable:** Ensure all screws are tightened securely. Re-adjust the supporting legs to achieve optimal contact with the wall or furniture. Verify that the metal hooks are fully engaged with the chosen surface.
- **Window does not close properly:** Check that the hammock is installed correctly, utilizing the reserved 0.6-inch space. If the issue persists, re-evaluate the installation position.
- **Fabric cover is dirty:** Refer to the 'Cleaning the Fabric Cover' section under Maintenance for proper cleaning instructions.

## SPECIFICATIONS

Model Number	ZXX-WP074
Dimensions (L x W x H)	56 cm x 40 cm x 17 cm (22 in x 15.7 in x 6.7 in)
Product Weight	1.61 kg (3.55 lbs)
