AODK 61-inch L-Shaped Desk User Manual

Model: 850053190285

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- This desk has a maximum weight limit of **100 kg (220 lbs)**. Do not exceed this capacity.
- Assembly is recommended for **two people** to ensure stability and ease of construction.
- This product is intended for **adult use**.
- For enhanced safety, consider proper anchoring of the desk, especially if it will hold heavy equipment or be placed in an area where tipping could occur.

SETUP AND ASSEMBLY

The AODK L-shaped desk is designed for straightforward assembly. All necessary parts are clearly labeled, and a detailed instruction manual is included to guide you step-by-step. All required assembly tools are provided.

Assembly Steps:

1. Unpack all components and verify against the parts list provided in the separate assembly guide.
2. Follow the numbered steps in the assembly guide carefully. Pay close attention to the orientation of each piece.
3. Ensure all screws and fasteners are tightened securely, but do not overtighten to avoid damaging the material.
4. The desk features a reversible L-shaped design, allowing you to configure the longer section to either the left or right side to best fit your space. Refer to the assembly guide for specific instructions on reversing the configuration.

OPERATING INSTRUCTIONS

LED Lighting System

The desk is equipped with an integrated LED lighting system to enhance your workspace ambiance. It offers **7 color variations** and **20 lighting modes**.

- **Power On/Off:** Use the inline controller to turn the LED lights on or off.
- **Change Colors/Modes:** Cycle through the available colors and lighting modes using the buttons on the controller.
- **Memory Function:** The LED system includes a memory function, which means it will automatically resume the last selected color and mode when powered on again.

Integrated Power Outlets and USB Charging Ports

For convenience, the desk features a recessed power strip with **3 standard AC outlets (120V/12A)** and **2 USB charging ports (5V/2A)**. This allows for easy charging of electronic devices directly from your desk.

- Plug your devices directly into the available AC outlets or USB ports.
- Ensure the desk is connected to a functioning wall outlet using the provided 6.6-foot power cord.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your AODK desk.

- **Cleaning Surfaces:** Wipe desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the laminated finish.
- **Fabric Drawers:** For the fabric drawers, spot clean with a mild detergent and water if necessary. Allow to air dry completely. Do not machine wash.
- **Electrical Components:** Periodically check the power cord and connections for the LED lights and power outlets for any signs of wear or damage. Ensure they are securely plugged in.
- **Structural Integrity:** Occasionally check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain desk stability.

TROUBLESHOOTING

If you encounter issues with your AODK L-shaped desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED lights not turning on or flickering.	Loose connection, power issue, or faulty LED strip.	Ensure the LED power cable is securely connected to the power source and the desk's power strip. Check if the power strip is plugged into a working wall outlet. If the issue persists, contact customer support.
Power outlets or USB ports not working.	Desk not plugged in, power strip switch off, or circuit overload.	Verify the desk's main power cord is securely plugged into a live wall outlet. Check if the power strip has an on/off switch and ensure it is in the 'on' position. Avoid overloading the outlets with too many high-power devices.
Desk feels wobbly or unstable.	Loose fasteners, uneven floor, or incorrect assembly.	Check all assembly screws and bolts and tighten them securely. Ensure the desk is placed on a level surface. If your floor is uneven, use furniture pads or shims under the legs to stabilize. Review the assembly instructions to confirm all parts are correctly installed.
Drawers do not slide smoothly.	Obstruction, misaligned drawer, or overloaded.	Ensure nothing is obstructing the drawer's path. Check if the fabric drawers are correctly inserted into their slots. Avoid overloading the drawers beyond their capacity.

For issues not covered here or if troubleshooting steps do not resolve the problem, please contact AODK customer support.
