4. Setup Guide

1. **Unpack:** Carefully remove all components from the packaging.
2. **Assemble (if applicable):** The Yeelight Cube features a magnetic connection system. If you have multiple cubes, snap, mix, and match the pieces to create your desired configuration. The magnetic connectors ensure a secure and easy setup.

Image: Illustration of the magnetic connection system, demonstrating how multiple Yeelight Cube units can be easily assembled.

3. **Power Connection:** Connect the lamp to a power source using the provided cable. The lamp is designed for plug-and-play operation.
4. **Initial Power On:** Once connected, the lamp should power on automatically or can be activated via the touch switch or remote control.

5. Operating Instructions

5.1. Basic Operation

- **Power On/Off:** Use the touch switch on the lamp or the power button on the remote control.
- **Adjust Brightness:** Use the remote control or the mobile app to adjust the light intensity.
- **Change Color:** Select desired colors via the mobile app or pre-set options on the remote control.

5.2. Smart Control via Mobile App

The Yeelight Cube Smart Lamp offers extensive control through its dedicated mobile application.

1. **Download App:** Search for "Yeelight Station" or "Yeelight" in your device's app store and download the official application.
2. **Pair Device:** Follow the in-app instructions to pair your Yeelight Cube Smart Lamp with your mobile device. This typically involves connecting to the lamp's Wi-Fi network temporarily or using Bluetooth.
3. **Explore Features:**
    - **Color Customization:** Access the full 16 million color spectrum.
    - **Brightness Control:** Fine-tune the light intensity.
    - **Lighting Modes:** Choose from various pre-set scenes or create custom lighting effects.
    - **RGBIC Pixel Control:** Utilize pixel LED control to customize individual pixels for unique patterns like "Pixel Graffiti" or "Color Play."
    - **Music Sync:** Enable the music flow feature to synchronize light effects with audio.
    - **Scheduling:** Set timers and schedules for automatic power on/off or scene changes.

6. Maintenance

To ensure the longevity and optimal performance of your Yeelight Cube Smart Lamp, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the lamp. Avoid using abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Dust Removal:** Regularly dust the lamp to prevent accumulation, which can affect light output and heat dissipation.
- **Storage:** If storing the lamp for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** The lamp is not waterproof. Keep it away from water and other liquids to prevent electrical hazards and damage.

7. Troubleshooting

If you encounter any issues with your Yeelight Cube Smart Lamp, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power connection or faulty power adapter.	Ensure the power cable is securely connected to both the lamp and a working power outlet. Try a different outlet.
Cannot connect to mobile app.	Incorrect pairing procedure, Wi-Fi issues, or app glitch.	Ensure your phone's Wi-Fi/Bluetooth is on. Restart the lamp and your phone. Follow the in-app pairing instructions carefully. Check if your Wi-Fi network is 2.4GHz (some smart devices don't support 5GHz).
Light flickers or behaves erratically.	Unstable power supply or software issue.	Ensure a stable power supply. Restart the lamp. Check for app updates and lamp firmware updates.
Remote control not working.	Dead battery or obstruction.	Replace the remote control battery. Ensure no obstructions between the remote and the lamp.

If the problem persists after trying these steps, please contact customer support.

8. Specifications

Attribute	Detail
Brand	YEELIGHT
Model Number	YLFWD-0008
Lamp Type	Table Lamp
Color	Black
Finish Type	Matte
Base Material	Plastic
Shade Material	Plastic or Acrylic
Light Source Type	LED
Switch Type	Touch
Controller Type	Remote Control
Connectivity Technology	USB, Wi-Fi
Power Source	Battery Powered (Rechargeable)
Item Weight	0.8 Kilograms (1.76 pounds)
Voltage	240 Volts (AC)

Attribute	Detail
Indoor/Outdoor Usage	Indoor
Special Feature	Rechargeable
Date First Available	October 9, 2023
