## Koda LM030195-1

# Koda Color Changing LED Night Light (4-Pack) - Model LM030195-1 Instruction Manual

Your Guide to Setup, Operation, and Maintenance

## 1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your Koda Color Changing LED Night Light (4-Pack), Model LM030195-1. Please read this manual thoroughly before operating the device and retain it for future reference.

## 2. SAFETY INFORMATION

- For indoor use only. Do not expose to water or high humidity.
- Do not disassemble or modify the device.
- Ensure the power outlet is easily accessible for disconnection if needed.
- Keep out of reach of children and pets.
- Avoid covering the light sensor to ensure proper automatic operation.

## 3. PACKAGE CONTENTS

Verify that all items are present in your package:

- 4 x Koda Color Changing LED Night Light (Model LM030195-1)

*This image displays four Koda Color Changing LED Night Lights, illustrating their compact design and ability to emit different colors: white, blue, green, and pink.*

## 4. SETUP

Setting up your Koda LED Night Light is simple:

- 1. Unpack:** Carefully remove the night lights from their packaging.
- 2. Plug In:** Insert the night light directly into any standard wall outlet. The design ensures the bottom outlet remains accessible.
- 3. Automatic Activation:** The built-in dusk-to-dawn sensor will automatically turn the light on when the ambient light is low and off when it is bright.

# Easy Installation

For additional light settings, please see product manual.

1. Plug into any wall outlet

2. Watch it light up!

3. Push the Mode button to cycle the different modes: White/Color/Off

*This image illustrates the simple installation process for the Koda LED Night Light, showing it being plugged into an outlet.*

## 3 Lighting Modes

1. Solid White

2. Solid Color

3. Cycling Colors

*This image presents three distinct panels demonstrating the Koda LED Night Light's operational modes: solid white light, a single solid color, and a mode that cycles through various colors.*

## 5. OPERATING INSTRUCTIONS

Your Koda LED Night Light offers multiple lighting options and features:

### 5.1. Automatic Dusk-to-Dawn Sensor

The night light is equipped with a sensor that detects ambient light levels. It will automatically turn on when the room darkens and turn off when sufficient light is present.

### 5.2. Changing Color Modes

The night light features a touch-sensitive button to cycle through different color modes. Gently tap or pass your finger by the sensor to change modes:

- **Solid White:** Provides a bright, clear white light.
- **Solid Color:** Choose from eight vibrant color options (e.g., red, green, blue, purple, etc.).
- **Cycling Colors:** The light will smoothly transition through all available colors, creating a dynamic display.

*A Koda LED Night Light is shown plugged into a wall outlet, emitting a soft purple light. The image highlights its use in a bedroom or hallway setting.*

### 5.3. Dimmable Brightness

Adjust the brightness level from 100% down to 30% to suit your preference. This feature is also controlled via the touch-sensitive button, often by holding it or tapping multiple times depending on the mode.

## Key Benefits

3 Different Lighting Modes

Automatic Dusk-to-Dawn Sensor

Dimmable Brightness

*This image features a Koda LED Night Light plugged into an outlet, with text overlay listing key benefits such as 3 different lighting modes, automatic dusk-to-dawn sensor, and dimmable brightness.*

### 5.4. Video Demonstrations

*Official Koda video demonstrating the RGB color rotation feature of the LED Night Light.*

*User-submitted video showcasing the slim design, brightness, and various color options of the Koda night light.*

*User-submitted video demonstrating the multiple color options available with the Koda night light.*

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your night light:

- **Cleaning:** Unplug the device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Storage:** If storing for an extended period, unplug the device and keep it in a cool, dry place away from direct sunlight.

## 7. TROUBLESHOOTING

If you encounter issues with your Koda LED Night Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power, or room is too bright.	Check if the outlet has power. Ensure the light sensor is not covered and the room is dark enough for the dusk-to-dawn sensor to activate.
Light stays on during the day.	Light sensor is covered or insufficient ambient light.	Ensure the light sensor is not obstructed. Move the night light to an area with more ambient light during the day.
Cannot change colors or dim brightness.	Incorrect operation of the touch sensor.	Gently tap or swipe the touch-sensitive area to cycle through modes or adjust brightness. Refer to section 5.2 and 5.3.

## 8. SPECIFICATIONS

Detailed technical specifications for the Koda Color Changing LED Night Light:

Feature	Detail
Model Number	LM030195-1
Power Source	Corded Electric
Light Source Type	LED
Power Consumption	0.2 Watts
