

## JLab PEJPROTECTRBLK82

# JLab JBuds Protect Reusable Earplugs Instruction Manual

## PRODUCT OVERVIEW

JLab JBuds Protect Reusable Earplugs offer comfortable in-ear hearing protection with two distinct noise reduction levels. Designed for versatility, these earplugs come with multiple tip sets to ensure a secure and comfortable fit for various ear sizes. A compact carrying case with a keychain loop is included for convenient portability.

JLab JBuds Protect Reusable Earplugs in their carrying case.

## SETUP

### 1. Selecting Ear Tip Size

The JBuds Protect come with five different ear tip options to ensure a comfortable and effective seal. Experiment with the provided tip sets (including Cloud Foam tips) to find the size that best fits your ear canal.

## TWO LEVELS OF HEARING PROTECTION

JBuds Protect feature a rotating sound tube for 2 levels of noise reduction – one for fun and one for focus.

JLab JBuds Protect earplugs with five different tip sets for a customized fit.

### 2. Inserting the Earplugs

Gently insert the earplug into your ear canal. Ensure a snug fit to maximize noise reduction. The earplugs should feel comfortable and secure.

## FUN MODE

Activate fun mode when you want to still enjoy your environment but not damage your hearing. Minimum noise reduction (open setting) is great for sporting events, concerts, motorcycling and more – with a noise reduction of 11 dB.

A person inserting a JLab JBuds Protect earplug into their ear.

### OPERATING INSTRUCTIONS

The JBuds Protect feature a rotating sound tube that allows you to switch between two noise reduction levels.

## FOCUS MODE

Activate focus mode when you want maximum noise reduction and ultimate quiet. At the closed setting JBuds Protect eliminate up to 22 dB - great power tools, sleep or focus.

### 1. Fun Mode (Minimum Noise Reduction)

To activate Fun Mode, twist the bottom of the earplugs to the open setting. This mode provides a noise reduction of 11 dB, allowing you to enjoy your environment while still protecting your hearing. It is suitable for activities such as sporting events, concerts, and motorcycling.

## COMFORTABLE FIT

JLab has made a name and sold millions of earbuds understanding how to get a good fit. The JBuds Protect come with five tip options – so you can get a good in-ear seal that's comfortable and safe. A crowd favorite is the Cloud Foam™ tips.

### 2. Focus Mode (Maximum Noise Reduction)

To activate Focus Mode, twist the bottom of the earplugs to the closed setting. This mode eliminates up to 22 dB of noise, providing maximum noise reduction for ultimate quiet. It is ideal for situations requiring deep concentration, such as using power tools, sleeping, or studying.

## CARRYING CASE

The itty-bitty case is perfect for attaching to your keychain via the loop so you have them wherever you go. Or slip them into your pocket as you head into the concert. But that's not all, folks. These ear plugs are reusable, meaning you'll save money in the long run and be doing your part for the environment.

## MAINTENANCE

### 1. Cleaning

Regularly clean your JBuds Protect earplugs with a soft, damp cloth. Ensure they are completely dry before storing them. Do not use harsh chemicals or abrasive materials.

### 2. Storage

Store the earplugs in the provided carrying case when not in use. The magnetic design of the case helps keep the earplugs secure and prevents loss. The keychain loop allows for convenient attachment to keys or bags.

JLab JBuds Protect earplugs stored in their compact carrying case with a keychain loop.

## TROUBLESHOOTING

If you experience insufficient noise reduction, ensure the earplugs are inserted correctly and that you have selected the appropriate ear tip size for a snug seal. Verify that the rotating sound tube is set to the desired mode (Fun or Focus). If issues persist, consult the JLab support website for further assistance.
