SAFETY INFORMATION

- Ensure the cabinet is placed on a level and stable surface to prevent wobbling or tipping.

- Do not exceed the maximum weight capacity of 360 lbs for the entire unit, and refer to the specifications for individual shelf capacities.
- Keep small parts and assembly tools out of reach of children during assembly.
- Regularly check all connections and fasteners to ensure they remain tight and secure.
- Avoid placing hot items directly on the wood surface without protective coasters.

Note: Weight Capacity of Tabletop: 440LBS

SETUP AND ASSEMBLY

The Homeiju KJ1022 Mini Bar Cabinet is designed for straightforward assembly. Detailed instructions, complete accessories, and necessary gadgets are included with your product. Please follow the provided step-by-step guide carefully to ensure correct and secure assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the included parts list.
2. **Identify Hardware:** Separate and identify all screws, bolts, and other hardware.
3. **Follow Instructions:** Refer to the assembly manual provided in the box for specific step-by-step instructions.
4. **Secure Connections:** Ensure all connections are tightened securely, but do not overtighten to avoid damaging the materials.

5. **Adjust Feet:** Once assembled, adjust the feet on the bottom of the cabinet to prevent wobbling and ensure stability on uneven floors.

OPERATING INSTRUCTIONS

The Homeiju KJ1022 Mini Bar Cabinet offers multiple storage and display functionalities:

- **Top Surface:** Utilize the spacious bar top for displaying coffee makers, cups, plates, fruit trays, or decorative items.
- **Wine Bottle Rack:** The central rack is designed to hold up to 16 standard wine or beer bottles securely.
- **Hanging Glass Holders:** The upper left section features racks for hanging wine glasses, keeping them organized and easily accessible.
- **Enclosed Storage:** The two side cabinets with visual mesh doors provide concealed storage for liquor bottles, bar accessories, or other items. The magnetic self-locking device ensures doors close securely.
- **Open Shelving:** The open shelves above the enclosed cabinets are suitable for additional storage or display of frequently used items. The integrated baffle prevents items from falling.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Spills:** Clean up spills immediately to prevent staining, especially on the wood surfaces.
- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

TROUBLESHOOTING

- **Wobbling Cabinet:** If the cabinet wobbles, adjust the leveling feet located at the bottom of the unit until it is stable on all four corners.
- **Doors Not Closing Properly:** Check if the cabinet is level. Ensure no items are obstructing the door's path. Verify that the magnetic latches are aligned and functioning correctly.
- **Loose Connections:** If any part feels loose, re-tighten the corresponding screws or bolts using the appropriate tools. Do not overtighten.
- **Scratches/Dents:** For minor surface imperfections, touch-up pens or furniture repair kits designed for rustic brown wood can be used.
