5. SETUP

5.1 Initial Charging

Before first use, fully charge your MOKIBO Fusion Keyboard using the provided USB-C cable. A full charge takes less than 2 hours and provides up to 60 hours of active use.

Image: Charging and battery life details.

5.2 Magnetic Attachment

Align your iPad with the magnetic area of the keyboard case. The strong magnets will securely hold your device in place, providing full protection.

5.3 Bluetooth Pairing

To pair your keyboard with a device:

1. Turn on the keyboard.
2. Press and hold the **Fn** key along with one of the Bluetooth channel keys (**F9**, **F10**, or **F11**) until the indicator light flashes, indicating pairing mode.
3. On your device, go to Bluetooth settings and select "Mokibo CH1", "Mokibo CH2", or "Mokibo CH3" to connect.
4. To switch between paired devices, simply press **Fn + F9/F10/F11**.

6.2 Integrated Touchpad Functionality

The unique feature of the MOKIBO Fusion Keyboard is its integrated touchpad. The entire key surface acts as a large, responsive touchpad. Simply slide your fingers over the keys to control the cursor and perform gestures.

- **Cursor Movement:** Move your finger across the keys to move the cursor.
- **Left Click:** Press the red button located on the space bar for a left click.
- **Right Click:** Press **Fn + Red Button** for a right click.
- **Scrolling:** Use two fingers to scroll up or down.
- **Multi-Gestures:** Supports various multi-finger gestures for enhanced navigation (e.g., 3-point swipe for app switching, drag & drop, paragraph selection).

Transformative Modes Support

6.3 Transformative Modes

The case allows for various modes to suit your activity:

- **Typing Mode:** Standard laptop-like setup for comfortable typing (approx. 55° angle).
- **Pencil Mode:** A lower angle ideal for drawing or writing with a stylus (approx. 26.5° angle).
- **Browsing Mode:** Fold the keyboard back for tablet-only use.

The case also features a convenient magnetic pencil holder to keep your stylus secure.

6.4 Multimedia Keys

The keyboard includes dedicated multimedia keys and function keys (F1-F12) that can be accessed by pressing the **Fn** key in combination with the respective function key. These keys allow for quick access to features like volume control, screen brightness, battery check, and virtual keyboard toggle.

7. MAINTENANCE

7.1 Cleaning

To clean your keyboard, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. While the keyboard is designed to be durable, avoid excessive exposure to liquids.

Image: Keyboard showing water resistance.

7.2 Battery Care

To prolong battery life, avoid fully discharging the keyboard frequently. Charge it when the battery indicator is low. If storing for an extended period, charge the battery to about 50% and store in a cool, dry place.

8. TROUBLESHOOTING & TIPS

8.1 Touchpad Responsiveness

If the touchpad seems unresponsive, ensure your fingers are clean and dry. The touchpad area covers the entire key surface; ensure you are not pressing down on keys while attempting to use it as a trackpad, as this can interfere with gesture recognition.

8.2 Connectivity Issues

If the keyboard does not connect, ensure it is charged and within range of your device. Try unpairing and re-pairing the keyboard. If issues persist, restart both the keyboard and your device.

8.3 Understanding Touchpad Gestures

While the MOKIBO Fusion Keyboard offers extensive touchpad functionality, it may not support all advanced multi-touch gestures found on native iPadOS trackpads (e.g., certain pinch-to-zoom or complex multitasking gestures). Focus on the primary gestures outlined in Section 6.2 for optimal use.

9. SPECIFICATIONS

Feature	Detail
Product Dimensions	8.8 x 11.2 x 0.37 inches
Item Weight	1.94 pounds
Manufacturer	Mokibo
ASIN	B0C5WF5J3Q
Country of Origin	Korea, Republic of
Item Model Number	MKB420-A12
Batteries	1 Lithium Polymer batteries required. (included)
Compatible Devices	iPad Pro 12.9" (3rd-6th Gen), iPad Air 13" (M2)
Connectivity Technology	Bluetooth Low Energy
Keyboard Description	Multi Functional
Recommended Uses For Product	Business
