SETUP AND ASSEMBLY

Assembly is required and typically takes approximately 1 hour for one person. An Allen wrench is included in the hardware kit. Follow these steps carefully:

1. **Unpack Components:** Carefully unpack all furniture components and hardware. Lay them out on a clean, soft surface (e.g., a blanket or cardboard) to prevent scratches during assembly.
2. **Identify Parts:** Separate and identify all chairs, ottomans, and coffee table frames, along with the corresponding legs and screws.
3. **Assemble Chairs:** Attach the legs to each armchair frame using the provided screws and Allen wrench. Ensure all screws are tightened securely, but do not overtighten to avoid damaging the material.
4. **Assemble Ottomans:** Attach the legs to each ottoman frame using the provided screws and Allen wrench. Tighten securely.
5. **Assemble Coffee Table:** Attach the legs to the coffee table frame. Carefully place the tempered glass top onto the table frame. The small plastic cups are designed to secure the glass in place.

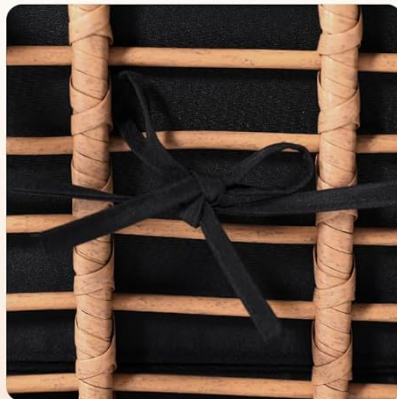

6. **Place Cushions:** Position the seat and back cushions onto the chairs and ottomans. Use the fixed cushion straps to secure them to the furniture frames, preventing them from sliding.
7. **Final Check:** Verify that all connections are stable and secure before using the furniture. Ensure the furniture is level; adjustable feet are provided for minor adjustments on uneven surfaces.

USAGE GUIDELINES

This furniture set is designed for outdoor use on porches, balconies, decks, and backyards. To ensure optimal performance and longevity:

- **Placement:** Always place the furniture on a flat, stable surface. Use the adjustable feet to compensate for minor unevenness.
- **Cushion Care:** The cushions are weather-resistant. However, for extended longevity and to prevent fading or mildew, it is recommended to store them indoors during harsh weather conditions or prolonged periods of non-use.
- **Weight Capacity:** Do not exceed the recommended weight capacity for the chairs and ottomans.
- **Temperature:** Avoid exposing the furniture to extreme temperatures or direct, prolonged sunlight without protection, as this may affect material integrity over time.

MAINTENANCE AND CARE

Proper maintenance will help preserve the appearance and extend the life of your furniture set.

- **Cleaning Rattan and Frames:** Wipe the rattan and steel frames with a dry cloth to remove dust and light debris. For more thorough cleaning, use a mild soap solution and a soft cloth, then rinse with clean water and dry thoroughly to prevent water spots or rust.
- **Cushion Care:** The cushion covers are washable. Refer to the care label on the cushions for specific washing instructions. While weather-resistant, regular cleaning and protection from prolonged exposure to elements will maintain their appearance.
- **Glass Top Care:** Clean the tempered glass top with a standard glass cleaner and a soft, lint-free cloth.
- **Seasonal Storage:** During off-season or periods of extreme weather, consider covering the furniture with a protective cover or storing it in a protected area to prolong its lifespan.

TROUBLESHOOTING

If the furniture feels unstable or wobbly:

- Check all leg connections to ensure screws are tightened securely.
- Utilize the adjustable feet on each leg to level the furniture on uneven surfaces.

Cushion Movement

If cushions are sliding off the chairs or ottomans:

- Ensure the fixed cushion straps are properly secured to the furniture frames.

Glass Top Not Secure

If the tempered glass top on the coffee table feels loose:

- Verify that the small plastic cups are correctly positioned and creating suction to hold the glass top in place.
