SETUP GUIDE

1. Charging the Smartwatch

Before initial use, fully charge your Noise Diva Smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a power adapter (not included) or a computer USB port. A full charge typically provides up to 4 days of battery life.

2. Installing the NoiseFit Focus App

Download the **NoiseFit Focus** app from your smartphone's app store (available for Android and iOS devices). This app is essential for pairing your smartwatch, customizing settings, and tracking your health data.

3. Pairing Your Smartwatch

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the NoiseFit Focus app and follow the on-screen instructions to create an account or log in.
3. Select 'Add Device' or a similar option within the app.
4. The app will search for nearby Noise Diva devices. Select your smartwatch from the list.
5. Confirm the pairing request on both your smartphone and the smartwatch.

Once paired, the watch will synchronize with your phone, and you can begin customizing settings and exploring features.

OPERATING THE SMARTWATCH

Notifications

Receive notifications for calls, messages, emails, and other supported applications directly on your smartwatch. Manage notification settings through the NoiseFit Focus app.

MAINTENANCE

Cleaning Your Smartwatch

Regularly clean your smartwatch and strap to prevent skin irritation and maintain device hygiene. Use a soft,

lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

Water Resistance

The Noise Diva Smartwatch has an IPX7 water resistance rating, meaning it can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use and light splashes but not recommended for swimming or showering with hot water.

TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged using the magnetic charger.
- **Cannot pair with smartphone:** Check that Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again through the NoiseFit Focus app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors regularly.
- **Notifications not appearing:** Verify notification permissions for the NoiseFit Focus app in your phone's settings. Check app settings for specific notification preferences.
- **Short battery life:** Reduce screen brightness, disable Always On Display if not needed, and limit background app refresh.
