# Uten Watch Box 6 Slots Instruction Manual

Model: X1907-01

## INTRODUCTION

Thank you for choosing the Uten 6-Slot Watch Display Storage Box. This manual provides essential information for the proper setup, operation, and maintenance of your new watch box. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

## SAFETY INFORMATION

To prevent damage to the product or injury, please observe the following safety guidelines:

- Keep the watch box away from direct sunlight, extreme temperatures, and high humidity.
- Avoid placing heavy objects on top of the watch box, especially on the glass lid.
- Do not use abrasive cleaners or harsh chemicals on any part of the watch box.
- Handle the watch box with care to prevent drops or impacts that could damage the structure or contents.
- Ensure the clasp is securely fastened when transporting the box to prevent accidental opening.

## PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Uten 6-Slot Watch Display Storage Box
- 6 x Watch Pillows

The Uten 6-Slot Watch Box, showcasing its capacity for six watches on individual pillows.

## SETUP GUIDE

### Unpacking

1. Carefully remove the watch box and its components from the packaging.
2. Inspect the product for any signs of damage during transit. If damage is found, contact customer support immediately.
3. Remove any protective films or packaging materials from the watch box and watch pillows.

### Preparing the Watch Box

The Uten watch box is designed for immediate use. No assembly is required.

- Place the watch box on a stable, flat surface.
- Ensure the surface is clean and free of debris to prevent scratching the bottom of the box.

Watches are easily placed onto and removed from the soft watch pillows.

## OPERATING INSTRUCTIONS

### Storing Watches

1. Open the watch box by unlatching the metal buckle on the front.
2. Gently remove a watch pillow from one of the six compartments.
3. Wrap your watch securely around the watch pillow. The soft material of the pillow helps maintain the watch's shape and prevents scratches.

4. Place the watch and pillow back into an empty compartment. Ensure it fits snugly without forcing.
5. Repeat for all watches you wish to store.
6. Close the lid and secure the metal buckle to protect your watches from dust and scratches.

## Viewing Watches

The clear glass lid allows for easy viewing of your watch collection without needing to open the box.

The watch box blends seamlessly into various home or office environments.

## CARE AND MAINTENANCE

### Cleaning

- For the exterior (faux leather), wipe gently with a soft, damp cloth. Do not use excessive water.
- For the glass lid, use a glass cleaner and a microfiber cloth to avoid streaks.
- For the interior (suede lining and watch pillows), use a soft brush or lint roller to remove dust and debris.
- Ensure the box is completely dry before closing or storing watches.

## Storage

Store the watch box in a cool, dry place away from direct sunlight and extreme temperature fluctuations to preserve the material integrity.

Velvet Cushion

Key features include a convenient clasp, meticulous stitching, and soft velvet cushions for watch protection.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
-------	----------------	----------

Issue	Possible Cause	Solution
Watches do not fit in compartments.	Watch or pillow is too large.	Ensure watches are properly wrapped around pillows. The pillows are designed to compress slightly to accommodate various watch sizes.
Lid does not close properly.	Watches are not seated correctly or an object is obstructing the lid.	Check that all watches and pillows are fully seated within their compartments. Remove any obstructions.
Scratches on the glass lid.	Improper cleaning or abrasive contact.	Clean with a soft, microfiber cloth and appropriate glass cleaner. Avoid rough surfaces or materials.
