KLIM Gaming Mouse

KLIM Blaze X RGB Wireless Gaming Mouse User Manual

Model: Gaming Mouse

INTRODUCTION

Thank you for choosing the KLIM Blaze X RGB Wireless Gaming Mouse. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your new gaming mouse. Designed for optimal performance and comfort, the KLIM Blaze X offers versatile connectivity, customizable RGB lighting, and a long-lasting rechargeable battery to enhance your gaming experience across PC, PS5, PS4, and Mac platforms.

PACKAGE CONTENTS

- KLIM Blaze X Gaming Mouse
- Charging Dock
- Charging Cable
- Additional Grip Tape (if included)

SETUP

1. Initial Charging

Before first use, fully charge the mouse. Connect the charging cable to the charging dock, and then place the mouse onto the dock. The mouse's RGB lighting will indicate charging status. A full charge provides over 60 hours of battery life.

ERGONOMIC DESIGN

EXTRA ANTI-SLIP GRIP

DIY
Tapes

2. Connecting the Mouse

The KLIM Blaze X supports three connection modes: Wireless (2.4GHz), Bluetooth, and Wired.

- **Wireless (2.4GHz):** Insert the USB receiver (found in the charging dock or under the mouse) into an available USB port on your computer or console. The mouse will automatically connect.
- **Bluetooth:** Switch the mouse to Bluetooth mode. On your device, search for and pair with "KLIM Blaze X".
- **Wired:** Connect the charging cable directly from the mouse to your device's USB port. The mouse will function as a wired mouse and charge simultaneously.

YOUR BEST ALLY IN BATTLE

WITH DEDICATED SOFTWARE

- 1 ms response time
- Perfect tracking
- Customizable sensor and macros

OPERATING INSTRUCTIONS

DPI Settings

The mouse features adjustable DPI (Dots Per Inch) settings, allowing you to change cursor sensitivity on the fly. Use the dedicated DPI button (usually located behind the scroll wheel) to cycle through preset DPI levels. The mouse's RGB lighting may change color to indicate the current DPI setting.

Customization Software

For advanced customization, including button remapping, macro creation, RGB lighting effects, and precise DPI adjustments, download the dedicated KLIM software from the official KLIM website. This software is compatible with Windows operating systems.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the mouse and charging dock. Avoid abrasive cleaners or excessive moisture.
- **Battery Care:** To prolong battery life, avoid fully discharging the mouse frequently. Store in a cool, dry place if not used for extended periods.
- **Durability:** The mouse is built with durable switches tested for over 80 million clicks and features an improved coating for increased resistance against wear and tear.

PLAY FOR DAYS

TROUBLESHOOTING

Issue	Possible Cause	Solution
Mouse not responding (Wireless/Bluetooth)	Low battery; USB receiver disconnected; incorrect mode selected; Bluetooth not paired.	Charge the mouse; ensure USB receiver is securely plugged in; switch to correct connection mode; re-pair Bluetooth.
Charging issues	Cable or dock not properly connected; faulty cable/dock.	Ensure secure connections; try a different USB port or cable.
Inconsistent tracking	Dirty sensor; unsuitable mouse pad surface; interference.	Clean the optical sensor; use a clean, uniform mouse pad; reduce wireless interference.

Issue	Possible Cause	Solution
Software not detecting mouse	Mouse not connected; software not installed correctly; driver issues.	Ensure mouse is connected (preferably wired for software setup); reinstall software; update drivers.
