Liink1Ga Black Metal Twin Bed Frame with Headboard (Simplified Style) - Instruction Manual

Model: Twin Simplified

[Introduction](#) | [Safety Information](#) | [Package Contents](#) | [Setup Instructions](#) | [Usage](#) |
[Maintenance](#) | [Troubleshooting](#) | [Specifications](#) | [Warranty & Support](#)

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Liink1Ga Black Metal Twin Bed Frame with Headboard, Simplified Style. Please read this manual thoroughly before assembly and retain it for future reference. Proper assembly and care will ensure the longevity and stability of your bed frame.

2. SAFETY INFORMATION

- **Adult Assembly Required:** This product requires adult assembly. Keep small parts away from children during assembly.
- **Use Proper Tools:** Ensure you have the necessary tools as specified in the assembly section.
- **Follow Instructions:** Adhere strictly to the assembly steps to prevent structural damage or injury.
- **Placement:** Place the bed frame on a flat, level surface.
- **Weight Limit:** Do not exceed the recommended weight capacity for a twin bed frame. Overloading can cause damage and injury.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.
- **Avoid Climbing:** Do not allow children to climb on the bed frame or headboard.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Headboard components
- Footboard components
- Side rails
- Support legs
- Metal slats
- Hardware pack (bolts, washers, nuts, Allen wrench)

Image: Overview of bed frame components. This image displays the various metal parts that make up the bed frame, including the headboard, footboard, side rails, and support slats, before assembly.

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults and takes approximately 1-2 hours. An Allen wrench is usually included in the hardware pack. A Phillips head screwdriver may also be required for some models (not explicitly stated, but good general advice).

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratching. Refer to the parts list to ensure all pieces are present.

2. **Assemble Headboard and Footboard:** Connect the vertical and horizontal bars of the headboard and footboard sections using the provided bolts and Allen wrench. Do not fully tighten bolts until all sections are loosely assembled.
3. **Attach Side Rails:** Connect the side rails to the assembled headboard and footboard sections. Ensure the connection points are secure.
4. **Install Center Support Legs:** Attach any central support legs to the main frame structure as indicated in the diagrams.
5. **Insert Slats:** Place the metal slats into the designated slots or attach them to the side rails. Ensure each slat is firmly seated. The design allows for easy insertion without additional tools.

Image: Detail of slat connection. This image illustrates how the metal slats connect securely to the bed frame, showing a simple slot-in mechanism for easy assembly.

6. **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts using the Allen wrench. Do not overtighten.
7. **Check Stability:** Gently shake the assembled frame to ensure it is stable and all connections are secure.

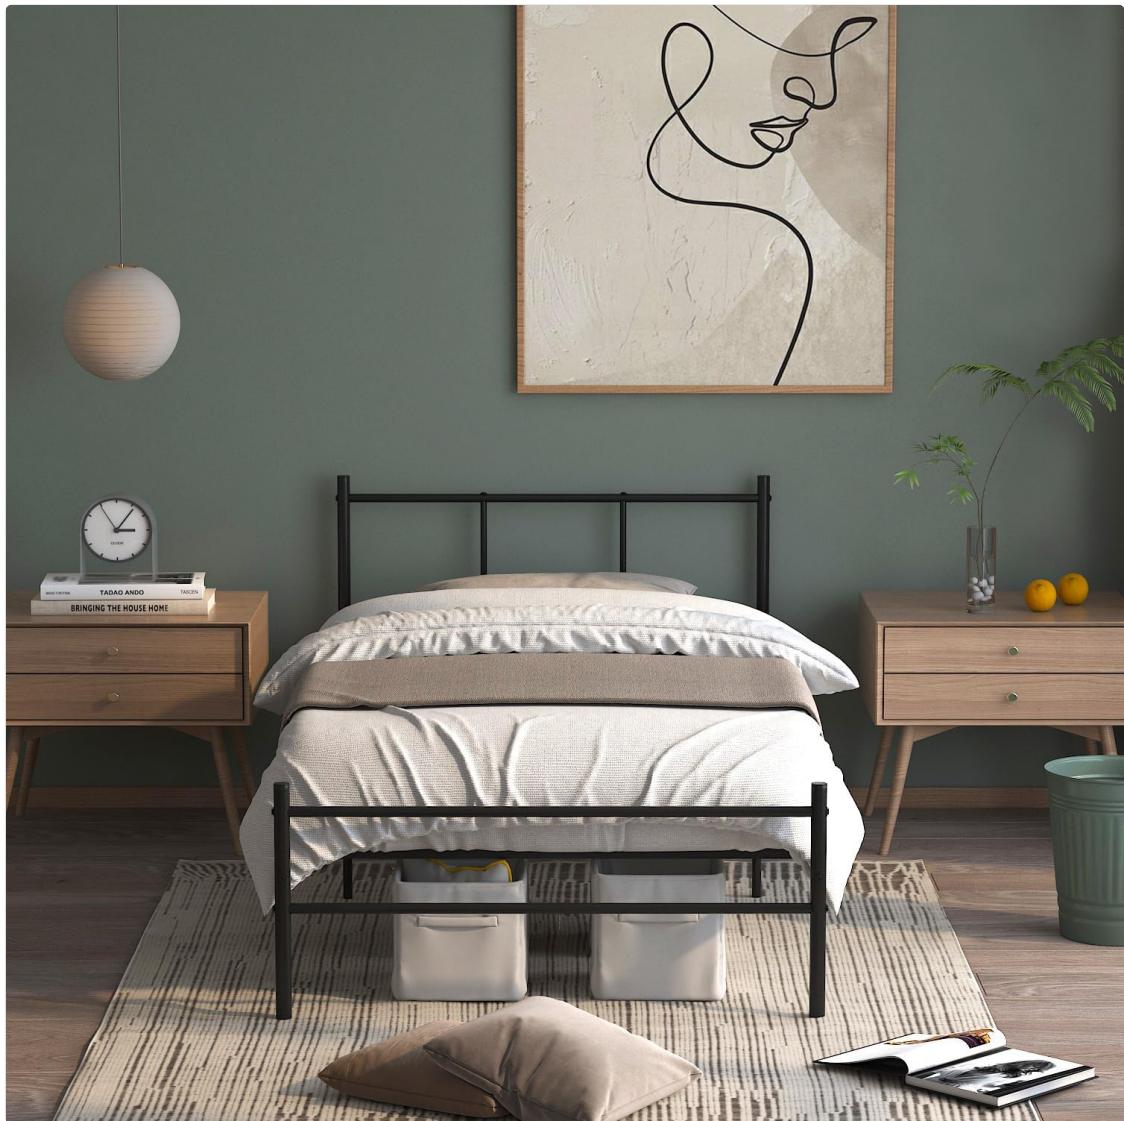

Image: Fully assembled bed frame. This image shows the Link1Ga Black Metal Twin Bed Frame with Headboard, Simplified Style, fully assembled and ready for use in a bedroom environment.

5. USAGE INSTRUCTIONS

- **Mattress Placement:** Place your twin-sized mattress directly onto the metal slats. A box spring is not required for this bed frame.
- **Under-Bed Storage:** The bed frame provides approximately 13 inches of clearance from the floor, allowing for convenient under-bed storage.

Image: Under-bed clearance. This close-up image highlights the space beneath the bed frame, demonstrating the ample clearance for storage containers.

- **Weight Distribution:** Distribute weight evenly across the bed frame to maintain stability and prevent damage.

6. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Regular Checks:** Periodically (e.g., every 3-6 months) inspect all bolts and connections. Retighten any loose hardware to maintain the frame's stability and prevent squeaking.
- **Moving the Frame:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or floor.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Squeaking Noise	Loose bolts or connections.	Inspect all bolts and retighten them. Ensure slats are properly seated.
Instability/Wobbling	Uneven floor surface or loose connections.	Ensure the bed frame is on a level surface. Check and tighten all assembly bolts.
Parts Missing/Damaged	Manufacturing defect or shipping damage.	Do not proceed with assembly. Contact Liink1Ga customer support immediately for replacement parts.

8. SPECIFICATIONS

- **Model:** Twin Simplified
- **Brand:** Liink1Ga
- **Size:** Twin
- **Product Dimensions:** 77.56" L x 39.17" W x 31.5" H
- **Color:** Black
- **Material:** Metal (Powder Coated Finish)
- **Included Components:** Headboard, Footboard, Slats, Support Legs
- **Box Spring Required:** No
- **Under-Bed Clearance:** Approximately 13 inches
- **Item Weight:** 21.5 pounds
