IKIFLY HU9076-SR

IKIFLY Full Over Full Bunk Bed Instruction Manual

Model: HU9076-SR | Brand: IKIFLY

1. Important Safety Information

Please read and understand all instructions before assembly and use. Failure to follow these instructions can result in serious injury.

- **Supervision:** Always supervise children when they are using the upper bunk.
- **Assembly:** Assemble the bunk bed strictly according to the provided instructions to ensure stability and prevent structural failure. Do not overtighten or undertighten fasteners.
- **Weight Capacity:** Do not exceed the maximum weight capacity of **330 lbs (150 kg) for the upper bunk** and **440 lbs (200 kg) for the lower bunk**.
- **Mattress Thickness:** The mattress for the upper bunk should be at least 5 inches (12.7 cm) below the top edge of the guard rail. Recommended mattress thickness is 4-8 inches (10-20 cm).
- **Guardrails:** Ensure all guardrails are properly installed and secured before use.
- **Ladders:** Always use the provided ladders for access to the upper bunk. Do not jump on or off the bunk bed.
- **Anti-Tipping:** Utilize the provided anti-tipping nails to securely fasten the bed to the wall for added safety, especially in earthquake-prone areas or with active children.
- **Ventilation:** Ensure adequate ventilation around the charging station to prevent overheating.
- **Electrical Safety:** Do not overload the charging station. Use only with compatible electronic devices. Disconnect power during cleaning or if any damage is observed.

Figure 1.1: Guardrail height and recommended mattress thickness. The upper guardrail is 13.4 inches high, and the mattress should be 4-8 inches thick, positioned at least 5 inches below the top of the guardrail.

2. Product Overview

The IKIFLY Full Over Full Bunk Bed is designed for space efficiency and modern convenience, featuring a robust metal frame, integrated LED lighting, and a practical charging station. This bunk bed is suitable for bedrooms and dorms, offering a secure and comfortable sleeping solution.

Key Features:

- **Heavy-Duty Metal Construction:** Ensures stability and durability.
- **Safety Guardrails:** 13.4-inch full guardrail design on the upper bunk for enhanced safety.
- **Dual Ladders:** Two integrated ladders on both sides for convenient access and flexible room arrangement.
- **Modern LED Lights:** Controllable via remote or app, offering over 60,000 DIY color options, music mode, and timing functions to create a personalized ambiance.
- **Integrated Charging Station:** Includes 2 AC outlets, 1 USB port, and 1 Type-C port for convenient charging of electronic

devices.

- **Space-Saving Design:** Maximizes floor space, with ample under-bed storage.
- **Noise-Free:** Equipped with wear-resistant foot pads to prevent sliding and reduce noise.

3. Package Contents

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly and contact customer support.

- Bunk Bed Frame Components (various metal tubes and slats)
- Hardware Pack (screws, bolts, nuts, washers, anti-tipping nails)
- LED Light Strip with Remote Control
- Integrated Charging Station Unit
- Assembly Tools (e.g., Allen wrench)

- Instruction Manual

4. Setup and Assembly Instructions

Assembly typically requires two adults and takes approximately 2 hours. Follow the step-by-step instructions provided in the included manual carefully. Do not fully tighten any bolts until the entire bed frame is assembled to allow for proper alignment.

General Assembly Tips:

- **Unpack:** Lay out all parts on a soft, clean surface to prevent scratches.
- **Identify Parts:** Match all parts with the diagrams and labels in the instruction manual.
- **Initial Fastening:** Hand-tighten all bolts initially. Once the entire structure is assembled and aligned, then fully tighten all fasteners using the provided tools.
- **Safety Check:** After assembly, ensure all connections are secure and the bed is stable. Install the anti-tipping device as instructed.

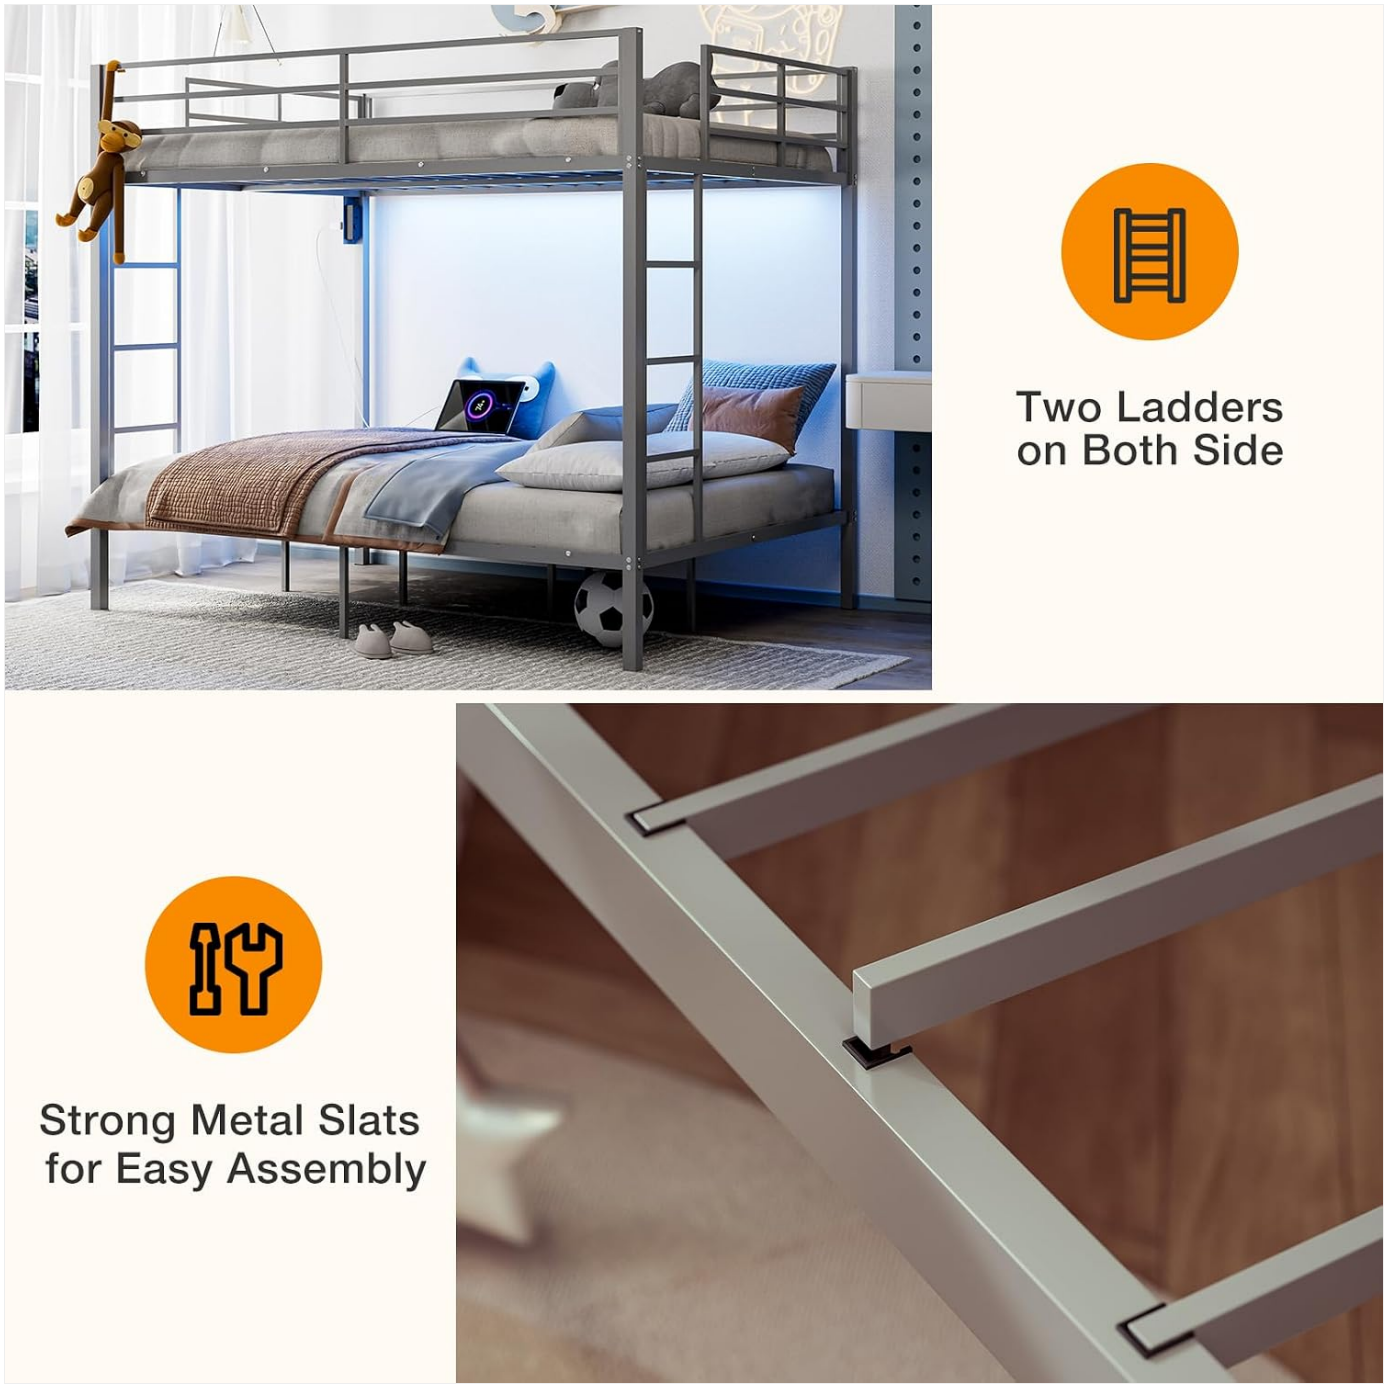

Figure 4.1: The bunk bed features strong metal slats for mattress support and two ladders for flexible placement and access.

Figure 4.2: Detailed dimensions of the bunk bed (78.0"L x 56.3"W x 68.1"H) and weight capacities (Upper: 400 lbs, Lower: 500 lbs).

5. Operating Instructions

5.1. LED Lights Operation

The integrated LED lights can be controlled using the included remote control or a dedicated smartphone application.

- **Remote Control:** Point the remote control towards the LED light receiver. Use the buttons to power on/off, change colors (over 60,000 DIY options), adjust brightness, select music modes, or set timing functions.
- **Smartphone App:** Download the compatible app (refer to the LED light manual for app name and QR code). Connect the LED lights via Bluetooth. The app provides advanced control over colors, effects, music synchronization, and scheduling.

Figure 5.1: The bunk bed features RGB LED lights controllable via remote or a smartphone app, offering various color and mode options.

5.2. Charging Station Usage

The built-in charging station provides convenient power access for your electronic devices.

- **AC Outlets:** Two 125V/12A AC outlets are available for standard plugs.
- **USB Ports:** One 5V/2.1A USB-A port and one 5V/2.1A Type-C port are provided for charging compatible devices.
- **Connection:** Ensure the bunk bed's power cord for the charging station is securely plugged into a functional wall outlet.

Figure 5.2: The charging station includes two AC outlets, one USB-A port, and one USB-C port for easy device charging.

6. Maintenance

Regular maintenance will help prolong the life and ensure the safety of your bunk bed.

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals that could damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) check all bolts and screws to ensure they are tight. Re-tighten if necessary.
- **LED Lights:** Keep the LED light strip clean and free from dust. If the remote control stops working, check and replace its battery.
- **Charging Station:** Ensure the charging station is free from dust and debris. Do not attempt to disassemble or repair the charging station yourself.
- **Foot Pads:** Inspect the wear-resistant foot pads for any damage or excessive wear and replace if needed to maintain stability and prevent floor scratches.

7. Troubleshooting

If you encounter any issues with your bunk bed, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed wobbles or makes noise	Loose fasteners; uneven floor; damaged foot pads.	Ensure all bolts are fully tightened. Move the bed to an even surface. Check and replace damaged foot pads.
LED lights not working	Power disconnected; remote battery dead; app connection issue.	Check if the LED power adapter is plugged in. Replace remote battery. Re-establish Bluetooth connection with the app.
Charging station not providing power	Bed's main power cord unplugged; device incompatibility; circuit overload.	Ensure the bunk bed's main power cord is securely plugged into a wall outlet. Verify your device is compatible. Unplug some devices if overloaded.
Missing or broken parts upon delivery	Shipping damage or packaging error.	Do not assemble. Contact IKIFLY customer support immediately for replacement parts.

8. Specifications

Feature	Detail
Model Number	HU9076-SR
Size	Full Over Full
Product Dimensions (L x W x H)	78" x 56.3" x 68.1" (198.1 cm x 143 cm x 173 cm)
