IKIFLY HU9076-BK

IKIFLY Full Over Full Bunk Bed with LED Lights and Charging Station Instruction Manual

Model: HU9076-BK

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your IKIFLY Full Over Full Bunk Bed. This heavy-duty metal bunk bed features integrated LED lighting and a convenient charging station. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- **Anti-Tipping Device:** Always secure the bed to the wall using the provided anti-tipping nails to prevent accidental tipping.
- **Guardrail Safety:** The upper bunk features a 13.4-inch full guardrail design. Ensure mattresses are placed correctly to maintain adequate guardrail height.
- **Mattress Thickness:** For optimal safety and to ensure the guardrail functions effectively, the recommended mattress thickness is between 4 and 8 inches. The mattress should be at least 5 inches below the top edge of the guard rail.
- **Weight Capacity:** The top bunk supports up to 400 lbs, and the bottom bunk supports up to 500 lbs. Do not exceed

these weight limits.

- **Ladder Use:** Use the ladders provided for climbing to and from the upper bunk. Ensure the ladders are securely attached before use.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.

Components List

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Bunk Bed Frame (Metal components)

- LED Light Strip
- LED Light Remote Control
- Charging Station (2 AC Outlets, 1 USB Port, 1 Type-C Port)
- Two Ladders
- Anti-Tipping Nails/Device
- Assembly Hardware (Bolts, Allen Key, etc.)
- Instruction Manual

Note: Mattresses are not included.

Assembly Instructions

Assembly typically requires two people. Follow the detailed instructions provided in the included assembly guide. Do not fully tighten bolts until the entire frame is assembled to allow for proper alignment.

1. **Unpack Components:** Carefully unpack all parts and lay them out on a clean, soft surface to prevent scratches. Verify all components against the parts list.
2. **Assemble Base Frames:** Begin by assembling the base frames for both the upper and lower bunks according to the diagrams in the separate assembly guide.
3. **Attach Support Slats:** Secure the strong metal slats to both bed frames. These slats eliminate the need for a box spring.
4. **Connect Vertical Supports:** Join the upper and lower bunk frames using the vertical support posts.
5. **Install Ladders:** Attach the two ladders to the designated positions on the bed frame. Ensure they are firmly secured.
6. **Install Guardrails:** Ensure all guardrails are correctly installed on the upper bunk.
7. **Install Charging Station:** Mount the charging station to the designated area on the bed frame and connect it to a power source.
8. **Install LED Lights:** Adhere the LED light strip to the underside of the upper bunk or desired location. Connect it to the power source.
9. **Final Tightening:** Once all parts are assembled and aligned, fully tighten all bolts using the provided Allen key.
10. **Secure to Wall:** Use the anti-tipping nails to securely fasten the bed to the wall for added stability and safety.

Operating Instructions

LED Lights

The integrated LED lights offer customizable ambiance for your bunk bed. They can be controlled via the included remote control or a dedicated app.

- **Color Options:** Choose from over 60,000 DIY color options to match your preference.
- **Modes:** Features various modes including Mic Mode (lights react to sound), Music Mode (lights sync with music), and Timing Function (set lights to turn off automatically).
- **Control:** Use the remote control to power on/off, change colors, adjust brightness, and select modes. Refer to the remote's specific buttons for detailed functions.

Charging Station

The built-in charging station provides convenient power access for your electronic devices.

- **Outlets:** Includes 2 standard 125V/12A AC outlets.
- **USB Ports:** Features 1 USB-A port (5V/2.1A) and 1 USB-C port (5V/2.1A) for charging compatible devices.
- **Usage:** Simply plug in your devices to the available outlets or USB ports. Ensure the bed's main power cord is

connected to a wall outlet.

Maintenance

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hardware Check:** Periodically inspect all bolts, screws, and connections. Tighten any loose hardware to maintain stability and prevent squeaking.
- **LED Lights:** Ensure the LED light strip and its connections are free from dust and damage.
- **Charging Station:** Keep the charging ports clean and free of debris. Do not force plugs into the ports.

Troubleshooting

- **Bed is Wobbly:** Ensure all bolts are fully tightened. Verify the bed is placed on a level surface. Confirm the anti-tipping device is securely installed.
- **Squeaking Noises:** Check and tighten all frame connections. Apply a small amount of lubricant to metal-on-metal contact points if necessary.
- **LED Lights Not Working:** Check if the power adapter is securely plugged into both the light strip and the wall outlet. Ensure the remote control has working batteries. Try controlling with the app if available.
- **Charging Station Not Working:** Verify the bed's main power cord is plugged into a live wall outlet. Check if the charging station itself is properly connected to the bed's power supply.

Specifications

Feature	Detail
Model Number	HU9076-BK
Size	Full Over Full
Product Dimensions	78"L x 56.3"W x 68.1"H
Material	Heavy Duty Metal
Color	Black
Upper Bunk Weight Capacity	400 lbs
Lower Bunk Weight Capacity	500 lbs
Recommended Mattress Thickness	4-8 inches
