SAFETY INFORMATION

To ensure safe use of your SERWALL rocking chair, please observe the following guidelines:

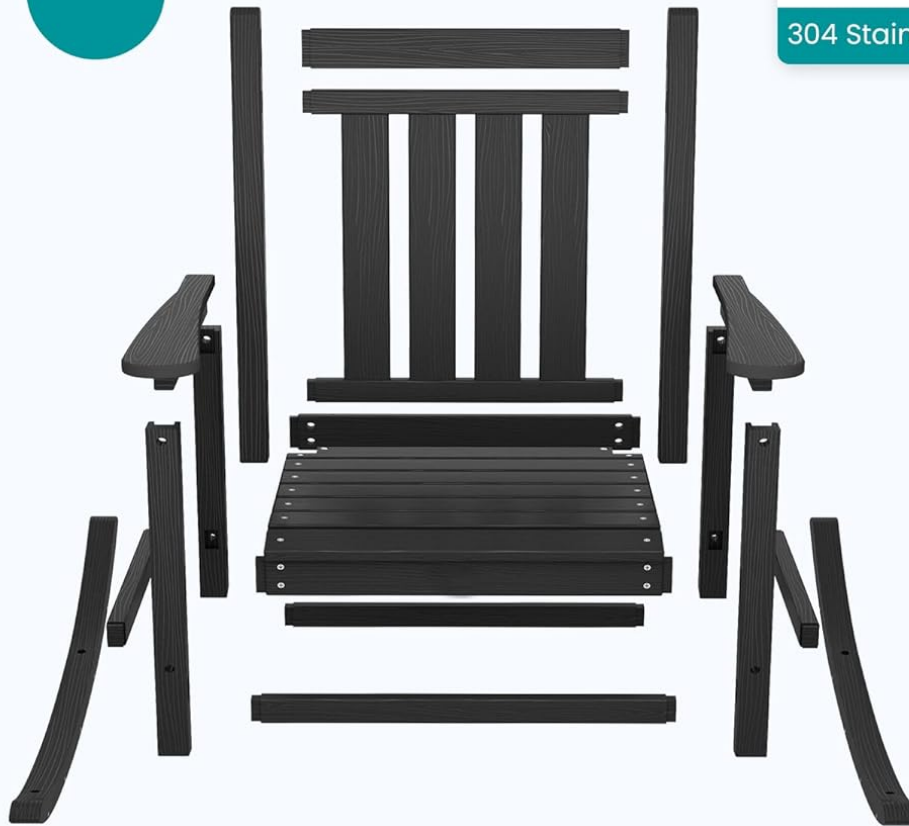

- Do not exceed the maximum weight capacity of 380 pounds.
- Ensure the chair is placed on a stable, level surface to prevent tipping during use.
- Supervise children when they are using or playing near the rocking chair.
- Regularly inspect all fasteners and connections to ensure they remain tight and secure.

While not explicitly stated, potential safety warnings could include not exceeding the maximum weight capacity of 380 pounds, ensuring a stable surface for rocking, and supervising children during use.

ASSEMBLY INSTRUCTIONS

Your SERWALL rocking chair is designed for straightforward assembly, typically taking about 30 minutes. An online video guide is available to assist you. For best results, fully tighten screws only after complete assembly.

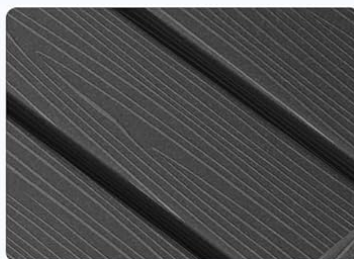

1. **Step 1:** Attach the front and rear legs to the seat panel using the provided hardware.
2. **Step 2:** Secure the rocker runners to the bottom of the leg assemblies.
3. **Step 3:** Connect the support bars between the leg assemblies for added stability.
4. **Step 4:** Attach the armrests to the top of the leg assemblies.
5. **Step 5:** Mount the backrest assembly to the rear legs and armrests.
6. **Step 6:** Ensure all connections are aligned and then proceed to fully tighten all screws.
7. **Step 7:** Verify the chair is stable and rocks smoothly.

MAINTENANCE

Maintaining your SERWALL outdoor rocking chair is simple due to its durable HDPE construction.

- **Routine Cleaning:** Simply wipe down the all-weather HDPE surface with a dry brush to remove loose dirt and debris.
- **Stain Removal:** For stubborn stains, use soapy water and a soft cloth or sponge. Rinse thoroughly with clean water.
- **No Special Treatment:** This durable patio rocker requires no painting, staining, or sealing, saving you time and upkeep costs.
- **Weather Resistance:** Constructed with weather-resistant HDPE and 304 stainless steel screws, the chair resists fading, cracking, and rot, outperforming traditional wood furniture in durability.

TROUBLESHOOTING

If you encounter any issues with your SERWALL rocking chair, consider the following common solutions:

- **Wobbling:** Ensure all screws and bolts are securely tightened. Uneven surfaces can also cause wobbling; try moving the chair to a level area.
- **Squeaking:** Check for any loose connections and tighten them. A small amount of silicone lubricant can be applied to moving parts if squeaking persists.
- **Difficulty Rocking:** Verify that the rocker runners are free from obstructions and are properly installed.

For persistent issues not covered here, please refer to the Warranty & Support section for contact information.
