onerbl AC Adapter KZE1204000S

onerbl AC Adapter Instruction Manual

For Fangor F-301, F-303, KJM-301, KJM-302, KJM-303, PRO-302 Multimedia Projectors

Introduction

This manual provides essential instructions for the safe and effective use of your onerbl AC Adapter. This adapter is designed as a high-quality replacement power supply for various multimedia projectors, including Fangor F-301, F-303, KJM-301, KJM-302, KJM-303, and PRO-302 models.

Setup

1. **Unpack the Adapter:** Carefully remove the AC adapter and power cord from its packaging.
2. **Connect the Power Cord:** Insert the 2-pin end of the power cord into the AC input port on the adapter unit. Ensure a secure connection.
3. **Connect to Device:** Plug the DC output connector of the adapter into the power input port of your compatible projector.
4. **Connect to Power Outlet:** Insert the AC plug of the power cord into a standard wall power outlet (AC 100-240V, 50/60Hz).
5. **Verify Power:** A blue indicator light on the adapter unit will illuminate, confirming that power is being supplied.

Operating Instructions

The onerbl AC Adapter is designed for straightforward operation. Once properly connected, it will automatically provide power to your compatible device.

- **Automatic Voltage Adjustment:** The adapter supports a wide input voltage range of AC 100-240V, 50/60Hz, making it suitable for international use without a voltage converter.
- **Safety Features:** The adapter incorporates built-in protection mechanisms, including over-voltage protection, over-heat protection, short-circuit protection, and over-current protection, to safeguard your devices and the adapter itself.

Maintenance

- **Cleaning:** Disconnect the adapter from the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place away from direct sunlight and moisture. Avoid tightly coiling the cables to prevent damage.
- **Cable Care:** Regularly inspect the power cord and adapter cables for any signs of fraying, cuts, or damage. Do not use if cables are damaged.
- **Avoid Extreme Conditions:** Do not expose the adapter to extreme temperatures, humidity, or corrosive environments.

Troubleshooting

- **No Power Indicator Light:**
  - Ensure the power cord is securely connected to both the adapter and the wall outlet.
  - Check if the wall outlet is functional by plugging in another device.
  - Verify that the adapter's DC output connector is firmly plugged into your projector.
- **Device Not Powering On:**
  - Confirm that the adapter is the correct voltage and amperage for your specific projector model.
  - Ensure the projector itself is functioning correctly.
- **Overheating:**
  - Ensure the adapter is placed in a well-ventilated area, away from heat sources.
  - Do not cover the adapter during operation.
  - If overheating persists, discontinue use and contact support.

Specifications

Brand	onerbl
Input Voltage	AC 100-240V, 50/60Hz (Worldwide Compatible)
Compatible Devices	Fangor F-301, F-303, KJM-301, KJM-302, KJM-303, PRO-302 Multimedia Projectors, and other compatible devices requiring KZE1204000S power supply.
Special Features	Over Voltage Protection, Over Heat Protection, Short-Circuit Protection, Over-Current Protection, Travel-friendly design.

Power Source	Corded Electric
Main Power Connector Type	2 Pin
Total Cable Length	Approximately 127.8 inches (3.25 meters)
