pouseayar Pentagonal 72"H x 20"L x 20"D

6 Tier NSF Metal Corner Shelf Wire Shelving Unit Instruction Manual

Brand: pouseayar | Model: Pentagonal 72"H x 20"L x 20"D

1. Introduction

The pouseayar 6 Tier NSF Metal Corner Shelf Wire Shelving Unit is designed for efficient organization and optimized storage capacity in various environments such as kitchens, garages, and offices. This heavy-duty unit features adjustable shelves and a pentagonal design, making it ideal for corner spaces. Each shelf can hold up to 100 lbs (evenly distributed), with a maximum total capacity of 600 lbs.
Key features include:

- **6 Tier Large Capacity:** Maximizes vertical storage, turning any corner into a functional space.
- **Extremely Durable:** Constructed from heavy steel with excellent rust and oxidation resistance, ensuring longevity. NSF certified for safety and reliability.
- **Adjustable Design:** Shelves can be adjusted in 1-inch increments to accommodate items of various sizes. The unit can also be split into two smaller shelves.
- **Suitable for Corner Installation:** Specifically designed for limited spaces, providing ample storage without occupying excessive floor area.

2. Package Contents

Before assembly, please verify that all components listed below are present in your package:

Component	Quantity	Description
Shelf	6	Pentagonal wire shelves.
Tapered Lock	48 + 2 extra	Plastic clips for securing shelves.

Component	Quantity	Description
Top Pole	3	Upper section of the vertical poles (with polecap and pole connector preassembled).
Middle Pole	6	Middle sections of the vertical poles (with pole connector preassembled).
Bottom Pole	3	Lower sections of the vertical poles (with feet leveler preassembled).
Black Plastic Spacer	15	Used for packaging; discard these.

If any parts are missing, please contact customer support via Buyer Message.

3. Assembly Instructions

Assembly of the pouseayar 6 Tier Metal Corner Shelf is designed to be straightforward and requires no tools. It can typically be completed by two people within 15 minutes.

1. **Prepare the Poles:** Connect the top, middle, and bottom poles to form the full height vertical supports. Ensure the feet levelers are attached to the bottom poles.
2. **Attach Tapered Locks:** With the tapered end facing up, snap the two halves of a tapered lock at the desired height on each pole where the first shelf will rest. Ensure they are at the same height on all poles for a level shelf.
3. **Place the First Shelf:** Slide the first shelf down over the poles until it rests securely on the tapered locks. Apply gentle pressure to ensure it is firmly seated.
4. **Repeat for Remaining Shelves:** Continue attaching tapered locks and sliding shelves into place at your desired heights. Remember that shelves are adjustable in 1-inch increments.
5. **Adjust Leveling Feet:** Once all shelves are in place, adjust the leveling feet at the bottom of the poles by rotating them to ensure the unit is stable and balanced on uneven floors.

For a visual guide, please watch the assembly instruction video below:

4. Usage Guidelines

This 6-tier pentagonal corner storage rack is highly versatile and suitable for various settings where space is limited but large storage capacity is required. It can be used in:

- Kitchens for pantry items, small appliances, and cookware.
- Garages for tools, supplies, and storage boxes.
- Offices for books, files, and decorative items.
- Bathrooms for toiletries, towels, and cleaning supplies.
- Laundry rooms for detergents and other essentials.

Weight Capacity: Each layer shelf can hold 100 lbs (evenly distributed), with a maximum total load capacity of 600 lbs. It is recommended to place heavier items on the bottom shelves for maximum stability.

5. Care and Maintenance

To maintain the appearance and longevity of your metal corner shelf, follow these simple care instructions:

- **Cleaning:** Wipe the shelves and poles with a dry cloth to remove dust and debris. Avoid using abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Promptly wipe up any spills to prevent water spots or potential rust, especially on chrome-plated surfaces.
- **Shelf Liners:** The included shelf liners help protect items from falling through the wire grid and make cleaning easier. Ensure they are properly placed on each shelf.

6. Product Specifications

Specification	Detail
Room Type	Garage, Kitchen, Office, Commercial, Warehouse
Number of Shelves	6
Special Feature	Lined
Product Dimensions	20"D x 20"W x 72"H
Style	Industrial
Finish Type	Lacquered (White) / Metal (Chrome/Black)
Weight Limit	600 Pounds (100 lbs per shelf, evenly distributed)
Assembly Required	Yes
Item Weight	26 pounds
Country of Origin	China

7. Quality Assurance

The pouseayar 6 Tier Metal Corner Shelf is NSF certified, ensuring it meets strict standards for public health protection. This certification confirms the product's quality, durability, and safety for various applications.
Load testing is performed to verify the structural integrity and weight capacity of the shelving units. For instance, a 24in x 72in shelf (the largest specification in our design) undergoes rigorous testing to ensure it can safely support its stated load capacity.

Video: Demonstration of the load testing process for the shelving unit, showing its ability to withstand significant weight.

8. Troubleshooting & Support

If you encounter any issues with your shelving unit, please refer to the following common concerns:

- **Missing Parts:** If any components are missing from your package, please contact customer support immediately via Buyer Message.
- **Stability Issues:** Ensure the unit is assembled correctly and all tapered locks are securely in place. Adjust the leveling feet to compensate for uneven floor surfaces. Always place heavier items on the bottom shelves for maximum stability.
- **Overloading:** Do not exceed the maximum weight capacity of 600 lbs for the entire unit, or 100 lbs per individual shelf. Overloading can lead to deformation or damage.

For further assistance or inquiries, please refer to the official user manual PDF or contact pouseayar customer support directly through the platform where you purchased the product.
