JUMMICO SD-2390M

JUMMICO High Back Leather Gaming Chair (Model SD-2390M) User Manual

Comprehensive instructions for assembly, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the JUMMICO High Back Leather Gaming Chair, Model SD-2390M. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new chair. Please read all instructions carefully before use to ensure optimal performance and longevity of the product.

2. IMPORTANT SAFETY INFORMATION

- Assembly is required. Read all instructions carefully before beginning assembly.
- Do not exceed the maximum weight capacity of 280 lbs (127 kg).
- Keep fingers and other body parts clear of moving components when adjusting the seat height or backrest.
- Ensure all screws and bolts are securely tightened before using the chair. Periodically check and re-tighten as necessary.
- Use the chair on a stable, level surface.

3. PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Racing style chair components (backrest, seat, armrests, base, wheels, gas lift)
- Hardware for installation (screws, washers, caps)
- Installation tools (e.g., Allen wrench)
- Installation manual (this document)

4. ASSEMBLY INSTRUCTIONS

Follow these general steps for assembling your JUMMICO Gaming Chair. Refer to the included detailed assembly diagram for specific part identification and placement. It is recommended to assemble the chair on a soft, clean surface to prevent damage.

1. **Attach the Casters to the Base:** Insert the five casters into the holes at the end of each leg of the chair base. Push firmly until they click into place.
2. **Install the Gas Lift:** Place the gas lift cylinder into the center hole of the chair base.
3. **Attach the Mechanism to the Seat:** Secure the seat mechanism to the underside of the seat cushion using the provided screws. Ensure the front of the mechanism aligns with the front of the seat.
4. **Connect the Seat to the Gas Lift:** Carefully place the assembled seat onto the gas lift cylinder.
5. **Attach the Armrests:** Secure the armrests to the sides of the seat cushion using the designated screws. Do not fully tighten yet.
6. **Attach the Backrest:** Align the backrest with the armrests and the seat. Secure the backrest to the armrests and/or seat using the remaining screws. It is often easier to loosely attach all screws before fully tightening any of them.
7. **Tighten All Screws:** Once all components are in place, systematically tighten all screws. Do not overtighten.

5. OPERATING INSTRUCTIONS

Your JUMMICO Gaming Chair is designed with several adjustable features to enhance your comfort and support.

- **Seat Height Adjustment:** To adjust the seat height (range: 15.2" to 18.3"), pull the lever located under the right side of the seat upwards. While pulling the lever, stand up to raise the seat or remain seated to lower it. Release the lever at the desired height.
- **Backrest Recline Function:** The chair features an adjustable back angle, allowing it to recline between 90° and 135°. To recline, pull the lever located under the left side of the seat outwards. Lean back to the desired angle and push the lever inwards to lock the backrest in position. To return to an upright position, pull the lever outwards and lean forward.
- **360-Degree Swivel:** The chair is equipped with a 360-degree swivel function, allowing for easy rotation and movement without needing to reposition the entire chair.
- **Rocking Function:** The entire chair can rock back and forth. This function is typically controlled by a knob under the

seat that adjusts the tension of the rocking mechanism. Turn clockwise to increase tension (less rocking) and counter-clockwise to decrease tension (more rocking).

6. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your JUMMICO Gaming Chair.

- **Cleaning:** For the PU leather and mesh surfaces, wipe with a soft, damp cloth. For stubborn stains, use a mild soap solution and then wipe clean with a dry cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the material.
- **Hardware Check:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary to maintain stability and safety.
- **Caster Care:** Keep the casters clean from hair, dust, and debris to ensure smooth rolling.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the material to fade or crack.

7. TROUBLESHOOTING

If you encounter issues with your chair, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Chair is wobbly or unstable.	Loose screws or uneven assembly.	Check and tighten all assembly screws. Ensure the chair is on a flat surface.
Seat height adjustment not working.	Gas lift not properly installed or damaged. Lever mechanism obstructed.	Ensure the gas lift is fully inserted into the base and seat mechanism. Check for any obstructions around the lever. If still not working, the gas lift may need replacement.

Problem	Possible Cause	Solution
Backrest does not recline or lock.	Recline mechanism obstructed or damaged.	Check for obstructions. Ensure the lever is fully engaged or disengaged.
Casters not rolling smoothly.	Debris caught in casters.	Remove any hair, dust, or debris from the caster wheels.
