Sweiko jw57878

Sweiko Upholstered LED Bed 180 x 200 cm Instruction Manual

Model: jw57878

Important Safety Information

- Read all instructions carefully before assembly and use.
- Keep small parts and packaging materials away from children.
- Ensure all connections are secure and tightened before using the bed.
- Do not exceed the maximum weight recommendation of 300 kg.
- Use only a mattress compatible with the 180x200 cm bed size.
- Disconnect the LED lighting from the power source before cleaning or performing any maintenance.

Package Contents

Before beginning assembly, please verify that all listed parts are present and undamaged.

- Upholstered Headboard
- Bed Frame Components (Side Rails, Footboard)
- Wooden Slatted Base
- 2 Storage Drawers on Wheels
- LED Lighting Kit with Remote Control
- Assembly Hardware (screws, bolts, washers, Allen key)
- Support Legs

Note: A detailed list of parts with quantities and diagrams can be found in the included assembly guide.

Setup and Assembly

Assembly of this bed is required. Follow these general steps, referring to the detailed assembly diagram for specific part identification and connection points.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the side rails to the headboard and footboard using the provided hardware. Initially, tighten all bolts finger-tight.
3. Install the central support beam and any additional support legs for the slatted base.

4. Place the wooden slats onto the bed frame. Ensure they are evenly spaced and securely fastened according to the diagram.
5. Assemble the two storage drawers. Attach the wheels to the bottom of each drawer.
6. Insert the assembled drawers into the designated spaces under the bed frame.
7. Install the LED lighting strip along the side of the bed frame. Connect it to the power supply and remote control receiver.
8. Fully tighten all bolts and connections using the provided tools.
9. Place your 180x200 cm mattress on the slatted base.

Operating the LED Lighting

The bed features integrated LED lighting with 16 color modes and adjustable brightness, controlled by a remote.

1. Connect the LED lighting power adapter to a functional wall outlet.
2. Use the provided remote control to operate the lights. Ensure the remote has working batteries.
3. Press the "ON" button to turn the lights on.
4. Select desired colors using the color buttons on the remote.
5. Adjust brightness using the brightness control buttons (up/down arrows).
6. Choose from 4 lighting patterns (e.g., flash, strobe, fade, smooth) using the mode buttons.
7. Press the "OFF" button to turn the lights off.

Maintenance

- **Cleaning the Upholstery:** The upholstered fabric should only be hand washed or wiped clean with a damp cloth. Do not use harsh chemicals, abrasive cleaners, or machine wash.
- **Dusting:** Regularly dust the headboard and bed frame with a soft, dry cloth to prevent dust buildup.
- **Drawer Maintenance:** Periodically check the drawer wheels for smooth operation. Clean any debris or dust from the tracks to ensure easy gliding.
- **LED Lights:** Ensure the LED strip is free from dust. Do not attempt to replace individual LEDs; contact customer service if issues with the lighting system arise.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary to maintain the bed's stability and structural integrity.

Troubleshooting

LED Lighting Issues

- **Lights not turning on:**
  - Check if the power adapter is securely plugged into both the wall outlet and the LED strip connector.
  - Ensure the remote control has fresh, working batteries.
  - Point the remote directly at the LED receiver, ensuring no obstructions.
- **Remote not responding:**
  - Replace the remote control batteries.
  - Verify there are no physical obstructions between the remote and the LED receiver.

Bed Stability Issues

- **Squeaking or wobbling:**
  - Check and tighten all assembly bolts and screws throughout the bed frame.
  - Ensure the central support beam and all support legs are correctly installed and making firm, even contact with the floor.

Drawers Not Sliding Smoothly

- **Drawers sticking or difficult to open/close:**
  - Check for any obstructions (e.g., loose items, debris) in the drawer tracks or under the bed.
  - Ensure the wheels are clean, properly attached to the drawers, and aligned with the tracks.

Specifications

Feature	Detail
Brand	Sweiko
Model Number	jw57878
Size	180 x 200 cm
Product Dimensions (L x W x H)	2.07L x 1.8W x 0.95H meters
Material	Wood, Upholstered Fabric (Linen)
