› Yaheetech Cat Scratching Tree with Sisal Tower Platform (Model YA593004) - Instruction Manual

## Yaheetech YA593004

# Yaheetech Cat Scratching Tree with Sisal Tower Platform

MODEL: YA593004

## Introduction

---

Welcome to your new Yaheetech Cat Scratching Tree! This multi-level cat tree provides a dedicated space for your feline friends to play, scratch, climb, and rest. It features two large hideaway condos, top perches, sisal scratching posts, climbing ramps, and two elastic balls for entertainment.

The cat tree is constructed from durable particle board, soft plush fabric, velvet, and natural sisal rope, ensuring both comfort and longevity for your pet's enjoyment.

## Safety Instructions

---

- Keep the cat tree dry and away from fire sources to prevent damage and ensure safety.
- Before purchase and assembly, ensure the product's dimensions and maximum load capacity are suitable for your pet(s).
- Periodically check all screws and connections to ensure the cat tree remains stable and secure. Tighten any loose fasteners immediately.
- Do not allow children to climb or play on the cat tree. This product is designed for feline use only.

## Package Contents

---

Please verify that all the following items are included in your package before beginning assembly:

- 1 x Yaheetech Cat Scratching Tree (all main components)
- 1 x Assembly Instructions Manual
- 1 x Accessory Kit (includes all necessary screws, bolts, and tools for assembly)

## Setup and Assembly

---

Assembly of the Yaheetech Cat Scratching Tree is designed to be straightforward. Each piece is numbered, and a detailed assembly instruction manual is included to guide you through the process. Typically, assembly can be completed within 30 minutes.

1. Unpack all components and lay them out. Compare them with the parts list in the assembly instructions to ensure nothing is missing.
2. Follow the step-by-step diagrams and instructions provided in the included manual.
3. Use the accessory kit to securely fasten all connections. Do not overtighten screws initially; tighten them fully once the structure is complete.
4. Once assembled, gently test the stability of the cat tree before allowing your pets to use it.

## Operating and Usage

This cat tree is designed to accommodate 1-3 medium-sized cats, providing a variety of activities and resting spots:

- **Scratching Posts:** Encourage your cat to use the sisal-wrapped posts to sharpen their claws, diverting their attention from your furniture.
- **Multi-Level Platforms:** The various platforms and perches offer elevated vantage points for your cat to observe their surroundings.
- **Cozy Condos:** Two enclosed condos provide private, secure spaces for your cat to hide, nap, and feel safe.
- **Climbing Ramps:** Ramps facilitate easy access between levels, especially for older or less agile cats.
- **Interactive Toys:** The attached elastic balls provide engaging entertainment, stimulating your cat's hunting instincts.

## Maintenance

---

Proper maintenance will extend the life of your cat tree and keep it hygienic for your pets:

- **Cleaning:** Regularly vacuum the plush surfaces to remove cat hair, dust, and dander.
- **Spot Cleaning:** For soiled areas, use a mild, pet-safe cleaner and a damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the materials or be harmful to your cat.
- **Drying:** Ensure the cat tree remains dry at all times to prevent mold growth and material degradation.
- **Inspection:** Periodically inspect the sisal scratching posts for significant wear and tear. Severely damaged posts may need to be replaced to maintain their effectiveness and prevent injury.

## Troubleshooting

---

- **Instability or Wobbling:** If the cat tree feels unstable, re-check all connections and ensure all screws are tightened securely. Refer to the assembly instructions to confirm correct installation of all parts.
- **Missing Parts:** If you discover any missing components or hardware upon unpacking, please contact Yaheetech customer support immediately with your purchase details for assistance.
- **Cat Not Using the Tree:** Cats can be particular. Try placing the cat tree in a prominent location where your cat frequently spends time. Use catnip, treats, or their favorite toys to encourage

exploration and positive association with the new structure. Playing with your cat on the tree can also make it a more appealing space.

## Specifications
