2. SETUP

2.1 What's in the Box

- 1x Ulefone Note 16 Pro Cell Phone

- 1x AC Power Charger (100~240V/US Plug)
- 1x USB-A to USB-C 2.0 Charger Cable (1m)
- 1x Protective Film (Pre-installed)
- 1x TPU Protective Case
- 1x SIM Needle

2.2 Initial Device Activation

1. **Insert SIM Card:** Use the provided SIM needle to open the SIM tray. Insert your compatible GSM carrier SIM card(s). The Note 16 Pro is compatible with T-Mobile, Metro PCS, and other GSM carriers. It is not compatible with AT&T, Cricket, or CDMA networks like Verizon, Sprint, and Boost Mobile.
2. **Power On:** Press and hold the power button located on the side of the device until the Ulefone logo appears.
3. **Initial Setup:** Follow the on-screen prompts to select your language, connect to Wi-Fi, and set up your Google account.
4. **Install Protective Film and Case:** For added protection, apply the pre-installed protective film and fit the TPU protective case onto your device.

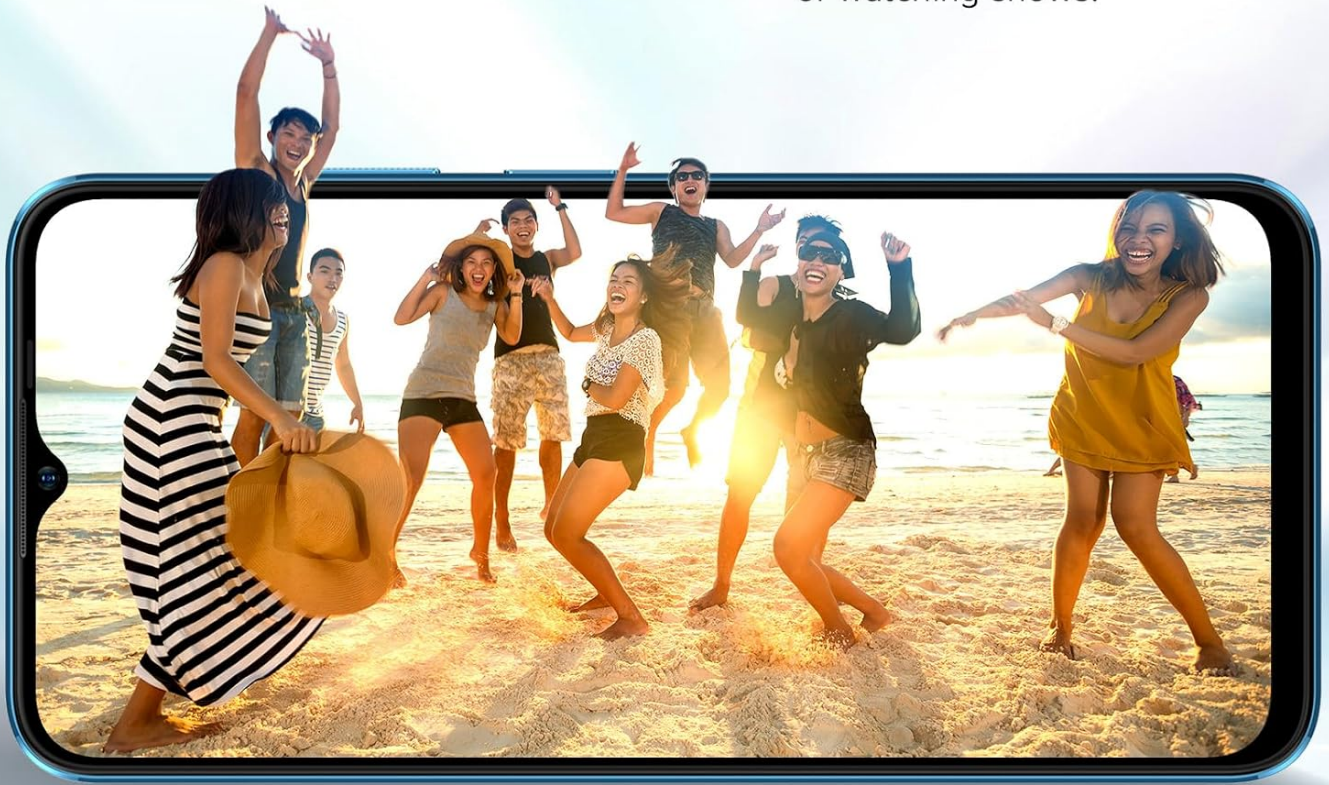

3. OPERATING INSTRUCTIONS

3.1 Display and Navigation

The Ulefone Note 16 Pro features a large 6.52-inch HD+ IPS LCD with a 90% screen-to-body ratio, providing a clear and immersive viewing experience. Navigate the device using the touchscreen interface.

Brilliant to the Eyes, Easy on the Hands

With the large 6.52"HD+ IPS LCD that deliversvivid details, and 90% screen-to-body ratio, you can have a fully immersive experience when video chatting or watching shows.

4. MAINTENANCE

To ensure the longevity and optimal performance of your Ulefone Note 16 Pro, follow these general maintenance guidelines:

- **Keep Clean:** Regularly wipe the screen and body with a soft, dry cloth. Avoid harsh chemicals.
- **Protect from Damage:** Use the provided protective case and screen film to guard against scratches and minor impacts.
- **Software Updates:** Install system updates when available to benefit from the latest security patches and feature improvements.
- **Battery Care:** Avoid extreme temperatures and do not fully discharge the battery frequently.

5. TROUBLESHOOTING

If you encounter issues with your Ulefone Note 16 Pro, refer to the following common solutions:

- **No Signal or Data Connectivity:** Ensure your SIM card is correctly inserted and your carrier is supported (GSM networks only; not compatible with AT&T, Cricket, Verizon, Sprint, or Boost Mobile). Check network settings.
- **Battery Draining Quickly:** Reduce screen brightness, close unused apps, disable unnecessary background processes, and check for power-intensive apps in battery usage settings.
- **Device Freezing/Lagging:** Restart the device. Clear cache of problematic apps. Ensure sufficient storage space is available.
- **Camera Issues:** Ensure camera lens is clean. Check app permissions for the camera.

For persistent issues, please contact Ulefone customer support.
