NEWYES Portable Mini Printer User Manual

Model: taku0498j-3j-5

1. INTRODUCTION

This manual provides detailed instructions for the operation, maintenance, and troubleshooting of your NEWYES Portable Mini Printer. Please read this manual thoroughly before using the product to ensure proper and safe operation.

The NEWYES Portable Mini Printer is an ultra-compact A4 portable printer that can print instantly from your smartphone. It uses thermal paper for printing, so no ink is required. You can print anytime, anywhere.

2. PRODUCT FEATURES

The NEWYES Portable Mini Printer offers several key features for convenient and efficient printing:

- **Compact and Lightweight:** Designed for easy portability, fitting into bags and backpacks.
- **Inkless Thermal Printing:** Eliminates the need for ink cartridges, reducing running costs and mess.

- **Wireless Connectivity:** Connects via Bluetooth to smartphones and other devices, no Wi-Fi or power outlet required during operation.
- **Versatile Printing:** Capable of printing documents, photos, and various file formats (Word, Excel, PDF, JPG, PNG, Web pages).
- **High Resolution:** Prints at 203 DPI for clear and sharp output.
- **Long Standby Time:** Up to 30 days continuous standby.

POINT

持ち運びやすい 01 コンパクトな大きさ

NEWYES LD0801 Portable Wireless Mini Printerは長さ：約26cm、高さ：約3cm、重さ：約475gです。

荷物やバックに簡単に収まるので、出張、プライベート旅行など、どこにでも持ち運ぶことができます。

Image: Demonstrates the printer's compact size, showing it being easily placed into a backpack and carried by a child, emphasizing its portability for business trips or personal travel.

POINT

インターネット不要 03 ワイヤレスプリント

NEWYESプリンターはワイヤレス仕様となっており、インターネットに接続する必要はありません。

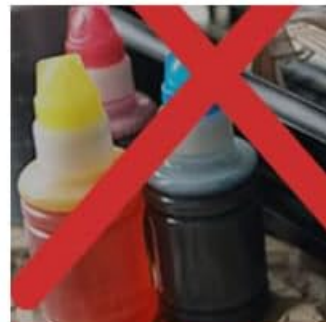

Bluetoothでスマホと接続するだけ

Wi-Fi不要

電源不要

インク不要

ワイヤレスだからこんなシーンにおすすめ

メンテナンス

作業確認書類
印刷

デリバリー

レシート・納品書
印刷

不動産会社

契約書印刷

訪問診療

カルテ印刷

Image: Illustrates that the printer does not require Wi-Fi, external power, or ink. It connects directly via Bluetooth to a smartphone, making it suitable for various scenarios like maintenance reports, delivery receipts, real estate contracts, and medical records.

POINT

感熱紙使用 04 インクレスだから汚れない

NEWYESは、印刷に感熱紙を使用しているため、トナーカートリッジやカーボンリボンを必要としません。

そのため、トナーカートリッジや詰め替えインクを購入する必要も、それらを交換する必要もないので、ランニングコストを抑えられます。

Image: Shows the thermal printing mechanism and contrasts it with messy ink, highlighting that the printer uses thermal paper, eliminating the need for toner cartridges or carbon ribbons, thus reducing running costs and preventing stains.

3. SETUP GUIDE

Follow these steps to set up your NEWYES Portable Mini Printer:

1. **Charge the Printer:** Connect the printer to a power source using the provided USB Type-C cable. Ensure it is fully charged before first use. A full charge takes approximately 75 minutes.
2. **Load Thermal Paper:** Open the paper compartment and carefully insert the thermal paper roll. Ensure the paper is aligned correctly and the end extends slightly from the output slot.
3. **Power On:** Press and hold the power button until the indicator light turns on.
4. **Download the App:** Download the dedicated NEWYES app on your smartphone (available for Android and iOS).
5. **Pair via Bluetooth:**
 - Enable Bluetooth on your smartphone.
 - Open the NEWYES app and follow the on-screen instructions to search for and connect to your printer. The printer will appear as "NEWYES Printer" or similar.
 - Confirm the pairing request on your smartphone.

4. OPERATING INSTRUCTIONS

Printing with your NEWYES Portable Mini Printer is straightforward:

1. **Prepare Document/Photo:** Open the document or photo you wish to print on your smartphone.
2. **Select Print Option:** Within the app or your phone's sharing menu, select the print option.
3. **Choose Printer:** Select the connected NEWYES Portable Mini Printer from the list of available printers.
4. **Adjust Settings (Optional):** Adjust print settings such as print quality, paper size (if applicable), or number of copies within the app.
5. **Initiate Print:** Tap the "Print" button. The printer will automatically feed the paper and begin printing.

POINT 操作は簡単 05 誰でも数分で使える

置き型のプリンターと比較して、NEWYES Mini Printerはセットアップも操作もとても簡単です。

Bluetooth接続を利用して、請求書や納品書、税務申告書などをスマホから直接プリントすることができます。とても簡単なので、誰でも数分で習得できます。

完成。

Image: A visual guide demonstrating the simple printing process: 1. Press the power button. 2. Set paper into the printer (automatic feed). 3. Connect via Bluetooth. 4. Select the document to print. 5. Print. 6. Completion.

POINT マルチデバイス対応 06 様々なフォーマットで可能

NEWYES Mini PrinterはAndroidやiPhone、iPadなど様々なデバイスに接続することができます。

フォーマットについては、Word、Excel、PDF、JPG、PNG、Webページなど数多くのファイルに対応。仕事だけでなく、日常のエンタメにも活用できます。

Image: Shows the printer's compatibility with various devices like Android phones, iPhones, and iPads, and support for multiple file formats including Word, Excel, PDF, JPG, PNG, and web pages, suitable for both work and daily entertainment.

POINT 鮮明で、 08 クリアな印刷品質

NEWYES Mini Printerの印刷解像度は最大203dpiで、印刷内容を鮮明に表示します。小さい文字も、しっかりと読みやすく仕上がります。

Image: A close-up of a printed document, demonstrating the clear and sharp print quality at 203 DPI, ensuring even small text is legible.

5. MAINTENANCE

To ensure the longevity and optimal performance of your printer, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the exterior of the printer with a soft, dry cloth. For the print head, use a cotton swab lightly dampened with isopropyl alcohol, ensuring the printer is off and cool. Allow it to dry completely before use.
- **Paper Storage:** Store thermal paper in a cool, dry place away from direct sunlight and heat to prevent degradation.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. If storing for an extended period, charge the printer to about 50% and recharge every few months.
- **Firmware Updates:** Check the NEWYES app periodically for any available firmware updates to ensure your printer has the latest features and bug fixes.

6. TROUBLESHOOTING

If you encounter issues with your printer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Printer not turning on.	Low battery or power issue.	Charge the printer using the USB Type-C cable. Ensure the cable and power adapter are working.
Cannot connect via Bluetooth.	Bluetooth is off, printer is out of range, or already connected to another device.	Ensure Bluetooth is enabled on your phone. Move closer to the printer. Disconnect from other devices. Restart both printer and phone.
Poor print quality / Faded prints.	Print head is dirty, thermal paper is old/damaged, or low battery.	Clean the print head. Replace the thermal paper with a new roll. Charge the printer.
Paper jam.	Paper not loaded correctly or foreign object in paper path.	Turn off the printer. Carefully remove any jammed paper. Reload paper correctly.
Printer not responding to print command.	App issue, printer not selected, or connection lost.	Restart the app. Ensure the printer is selected in the app. Re-establish Bluetooth connection.
