## Keter Woodium 757-5

# Keter Woodium 757-5 Resin Garden Shed Instruction Manual

Model: Woodium 757-5 | Brand: Keter

## PRODUCT OVERVIEW

The Keter Woodium 757-5 is a durable resin garden shed designed for outdoor storage. It features a robust aluminum frame, thick double-walled construction, and interlocking panels for straightforward assembly. This shed includes a double door with ergonomic handles, two fixed windows, and integrated ventilation. Its anthracite grey finish and wood-like texture provide an aesthetic appeal while offering practical storage solutions for your garden tools and equipment.

## SAFETY INFORMATION

**WARNING: Always secure the building correctly to prevent unauthorized access. Pay attention to weight limits and handle heavy components carefully during assembly.**

## SETUP AND ASSEMBLY

The Keter Woodium 757-5 shed is designed for easy assembly with interlocking panels. For detailed, step-by-step instructions, please refer to the separate assembly manual included with your purchase.

1. Unpack all components and verify against the parts list provided in the assembly guide.
2. Ensure the ground is level and prepared before starting assembly. A solid, flat foundation is crucial for stability.
3. Follow the step-by-step instructions provided in the dedicated assembly manual carefully.
4. Secure all panels and structural elements firmly using the provided hardware.
5. Install the double doors and ensure they operate smoothly and align correctly.
6. Attach the roof components, ensuring proper sealing to prevent water ingress.

## OPERATING INSTRUCTIONS

---

The Keter Woodium 757-5 shed is designed for straightforward use and secure storage.

- **Doors:** The shed features double doors with ergonomic handles. Open and close them by pushing or pulling the handles. Ensure they are fully closed to protect contents from weather.
- **Locking Mechanism:** The doors are designed to be easily lockable. A standard padlock (not included) can be used to secure the shed for added security.
- **Ventilation:** Integrated ventilation ensures continuous air circulation within the shed, helping to prevent condensation and maintain optimal storage conditions for your items.
- **Windows:** Two fixed windows on the double door provide natural light inside the shed, making it easier to find items during the day.

## MAINTENANCE

---

To ensure the longevity and appearance of your Keter Woodium 757-5 shed, follow these maintenance guidelines:

- **Cleaning:** Clean the shed periodically with mild soap and water. Avoid abrasive cleaners, harsh chemicals, or stiff brushes, as these can damage the resin material. Rinse thoroughly with clean water.
- **Inspection:** Regularly inspect the shed for any loose screws, damaged panels, or signs of wear. Tighten fasteners as needed to maintain structural integrity.
- **Ventilation:** Ensure the integrated ventilation openings remain clear of obstructions (e.g., leaves, debris) to maintain proper airflow and prevent moisture buildup.
- **Snow Load:** While the shed has a snow resistance of 150 kg/m<sup>2</sup>, it is advisable to remove excessive snow accumulation from the roof to prevent undue stress, especially during heavy snowfall.
- **UV Protection:** The resin material is UV-resistant, designed to withstand sun exposure. However, prolonged exposure to extreme sunlight over many years can still cause minor fading.

## TROUBLESHOOTING

---

This section addresses common issues you might encounter with your garden shed.

- **Difficulty Closing Doors:** Check if the shed is level. Uneven ground can cause doors to misalign. Ensure no debris is obstructing the door path or hinges. Adjust hinges if necessary (refer to assembly manual).
- **Water Leakage:** Verify that all roof panels are correctly installed and sealed according to the assembly instructions. Check for any cracks or damage to the panels or roof. Ensure the shed is on a properly drained surface to prevent water pooling around the base.
- **Condensation Inside:** Ensure the integrated ventilation openings are clear and not blocked by stored items or debris. Proper air circulation is crucial to prevent condensation buildup. Consider reducing humidity of stored items.
- **Loose Components:** Periodically check and tighten all screws and fasteners. Over time, vibrations or temperature changes can cause components to loosen.

## SPECIFICATIONS

Feature	Detail
Brand	Keter
Model	Woodium 757-5
Material	Polypropylene (Resin)
Color	Anthracite Grey
External Dimensions (W x D x H)	228 x 223.5 x 252 cm
External Surface Area	5.10 m <sup>2</sup>
Internal Floor Dimensions (W x D)	210 x 216 cm
Internal Dimensions (W x D x H)	201 x 201 x 236 cm
Internal Surface Area	4 m <sup>2</sup>
Door Dimensions (W x H)	138.8 x 181 cm
Wall Height	180 cm
Wall Thickness	20 mm
Roof Dimensions (W x D)	229.2 x 223.6 cm
Window Dimensions	39 x 56 cm
Floor Load Capacity	125 kg/m <sup>2</sup>
Snow Resistance	150 kg/m <sup>2</sup>
UV Resistant	Yes

Feature	Detail
Product Weight	155 kg

## WARRANTY AND SUPPORT

---

For detailed warranty information and customer support, please refer to the documentation included with your purchase. This typically contains specific terms, conditions, and contact details for Keter customer service.
