Tom Ford PRESCOTT FT 1027-N

Tom Ford PRESCOTT FT 1027-N Sunglasses

INSTRUCTION MANUAL

Introduction

Thank you for choosing Tom Ford PRESCOTT FT 1027-N Sunglasses. These high-quality navigator sunglasses are designed for men, featuring a shiny black frame and smoke lenses. They offer 100% UV protection and are non-polarized. This manual provides essential information for the proper use, care, and maintenance of your new eyewear.

Key features include:

- Polycarbonate frame for durability.
- Plastic lenses with UV Protection Coating.
- Non-Polarized lenses for clear vision.
- Navigator shape for a classic and stylish look.

Setup

Your Tom Ford PRESCOTT FT 1027-N Sunglasses come ready for immediate use. Upon receiving your sunglasses, please perform the following steps:

1. **Unboxing:** Carefully remove the sunglasses from their packaging. Inspect the sunglasses for any signs of damage during transit.
2. **Initial Fit:** Try on the sunglasses to ensure a comfortable fit. If the fit is too loose or too tight, or if the frames require minor adjustments, it is recommended to visit a professional optician for proper fitting.

Operating Instructions

These sunglasses are designed to protect your eyes from harmful UV rays and reduce glare, enhancing visual comfort in bright conditions.

- **Wearing:** Place the sunglasses gently on your face, ensuring the nose pads rest comfortably on your nose bridge and the temples extend over your ears without causing pressure.
- **UV Protection:** The lenses provide 100% UV protection, making them suitable for outdoor use in sunny conditions.
- **Non-Polarized Lenses:** These lenses reduce overall brightness without eliminating glare from reflective surfaces, which can be beneficial for activities where seeing reflections (e.g., ice on a road) is important.

Care and Maintenance

Proper care will extend the life and maintain the appearance of your Tom Ford sunglasses.

- **Cleaning:** Always clean your sunglasses with a soft, clean cloth, preferably the microfiber cloth provided with your eyewear. For stubborn smudges, use a lens cleaning spray specifically designed for eyewear, or lukewarm water with a mild soap. Avoid using paper towels, clothing, or harsh chemicals, as these can scratch the lenses or damage the frame.
- **Storage:** When not in use, store your sunglasses in their protective case to prevent scratches and damage. Avoid leaving them in direct sunlight for extended periods, especially in hot environments like a car dashboard, as extreme heat can warp the frame.

- **Handling:** Always use both hands to put on and take off your sunglasses to prevent bending the frame or loosening the hinges.

Troubleshooting

If you encounter any issues with your sunglasses, consider the following:

- **Loose Fit:** If the sunglasses feel loose or slide down your nose, the temples or nose pads may need adjustment. It is recommended to have these adjustments performed by a professional optician to avoid damaging the frame.
- **Scratched Lenses:** Minor scratches can sometimes be polished out by a professional, but deep scratches may require lens replacement. Always store your sunglasses in their case to prevent scratches.
- **Frame Damage:** For bent or broken frames, consult a professional optician or the manufacturer's authorized service center for repair options.

Specifications

Feature	Detail
Model Number	FT 1027-N
Series	Prescott
Shape	Navigator
Frame Material	Acetate (Polycarbonate)
Frame Color	Shiny Black
Lens Material	Plastic
Lenses Type	Smoke
Lens Width	60 mm
Lens Bridge	14 mm
